The damage done by a torpedo cannot usually be repaired excepting at a dry dock. She closed the year 1903 with \$7,000,000 in force made of the best risks ever taken in the great health belt of the union. Her stakes are set now for \$10,000,000 at the end of 1904 and nothing less than panic or extensive disaster can prevent the Bankers Reserve Life becoming a \$50,000,000 company by 1918.

B. H. ROBISON, the experienced and energetic president has just returned from Oregon, where the Bankers Reserve Life was admitted to do business during his visit to the states of the northwest. Another officer has just secured admission in Texas. The only problem confronting the management is that of men. State managers, general and special agents and good solicitors are badly needed. Write B. H. Robison, president, Omaha, Neb., for particulars. Especially desirable fields are now available on extra liberal terms.

How's Your Liver?

Is a common form of greeting among the natives of Oriental countries like India, and while the expression at first seems absurd, yet if we look below the surface we will realize that it is full of meaning. A buoyancy and delight in life can only exist where the liver is in a perfect condition. The "blues," duliness, a lack of ambition and general legarthy are invariably caused by liver trouble, and to remedy the same some good liver stimulant should be used. There never was heard of a better remedy Mith and Douglas streets, Omaha Neb.
