#### Defense an Alibi.

Rogers is defended by W. H. Ware and Mynster & Lindt, while the state is represented by County Attorney Killpack and Assistant County Attorney J. J. Hess. the latter making the opening statement for the prosecution. That Rogers defense will be an alibi was shown by Attorney Myns-T. J. Gearheart and R. O. Klass, who ter in his opening staement to the jury, surchased lots in the alleged townsite of in which he said it would be proven that Morris in Oklahoma from Howard L. Rogers was not in Council Bluffs the night tucker, who is now in the county jail of the murder of Forney and that this twaiting trial on charges of cheating by would be proven by the clerk of the hotel alse pretenses in connection with these in Chicago where Rogers stopped, by ransactions, have brought suit in the dis. reputable business men of Chicago and by the conductor of the train on which Rogers is said to have arrived in Council Bluffs the day following the murder.

Rogers as he appeared in court yesterday presented a very different appearance to what he did when arrested. He is wearing a full beard, whereas at the time of his arest he was clean shaven, and nearly eleven months of confinement in the county jail has lent a pallor to his face. Attired in a neat, dark suit and with considerable care given to his toilet Rogers looks altogether a different man to what he did when arrested by Officer Callaghan, He has the general appearance of a young business man or clerk in place of the desperate criminal he is alleged to be.

The court room was crowded throughout the day's proceedings and it was evident from glances exchanged between them and the prisoner that Rogers had a number of

Bert Forney, who conducted the saloon at 1028 West Broadway, was shot and killed in his saloon shortly before 11 o'clock on the night of April 2, 1963. James Chaney. who was engaged in a game of cards with Forney, was, so far as is known, the only witness to the murder. According to the story told by Chaney, he and Forney were scated at a table playing cards. Forney with his back to the rear door, when two men with their faces masked entered by the back door, covered them with revolvers and ordered them to hold their hands up. As Forney jumped from his seat the robbers opened fire on him. The first shot missed him, but before he could reach the front door, for which he was evidently making, Forney fell dead with two bullets in him. Chancy, according to his story, at the first shot from the robbers rolled off his chair onto the floor and the robbers Moines today, also said that he did not paid no attention to him. Immediately after the shooting the two bandits ran out of the back door and disappeared without making any attempt to rob the saloon.

Rogers, against whom suspicion was directed, was arrested by Detective Callaghan next evening as he was leaving the Evans laundry on Main street. When told he was under arrest Rogers attempted to draw a revolver which he was carrying under his vest and trowsers band in front, but Detective Callaghan had already drawn his gun and under cover of his weapon made Rogers walk to the city jail. The revolver which Rogers was carrying showed that three of the chambers had recently been discharged and that the weight of the bullets in the weapon corresponded with

MORE MONEY WANTED FOR SOLDIERS' HOME

State Board of Control Stands by Its Former Report Regarding Location of the State School for the Deaf.

(From a Staff Correspondent.) DES MOINES, Feb. 15 - (Special.)-The Des Moines Ministerial association today went on record as in favor of the state marshall bill which is being pressed upon the legislature by A. C. Rankin of Chicago, which provides for a constabulary for the special purpose of enforcement of the prohibitory liquor laws in those counties where the laws are not strictly enforced owing to adverse public sentiment. The ministers adopted a statement of the case prepared by Mr. Rankin setting forth the need of a state-wide movement for the enforcement of this law and that it was an impossibility to enforce prohibitory laws by relying on the local authorities. The statement also mentions that over 400 ministers of the state have already enrolled themselves in the movement. The marshal bill is in the house and will be pressed there first, and unless it passes the house no effort will be made to have it passed through the senate. Mr. Rankin is here and taking an active part in the movement to secure the passage of the law. Thus ditional 3 mills that the city could levy far the measure has met with very little encouragement in the legislature, but it

is strongly backed. Soldiers' Home is Favored. It is probable that the State Soldiers' nome at Marshalltown will receive a larger appropriation for additional buildings and mprovements than that asked in the report and recommendations of the Board of needed the money very badly and took that Control. The visiting committee of the method to get it. Grand Army of the Republic, after having paid an official visit to the home, went before the appropriations committee of the egislature and did the unusual by declaring that the Board of Control had that instead of \$41,500 being sufficient the goods. The cases grow out of recent arsum should have been over \$93,000. The board has asked for money with which to buy land, to build a kitchen, an addition claim the men incited them to theft by to the dining room of the hospital, for a coal house, a barn and for ground improvement. But the Grand Army committee de clared that the ground asked for is not nough and a large tract should be secured now for future buildings of the home and a larger sum for improvement of the ground and betterment of the equipment. also money for a quartermaster's building and for an addition to the old people's cottage. This latter is where the old soldiers live who have their wives with them. Already there are applications for admission to this department far in excess of the facilities. The committee made a strong presentation of the needs of the home and it will likely result in an increased appropriation, even above that sought by the Board of Control.

#### Banks Have Some Trouble.

The Pella Savings bank is in the hands of a receiver owing to a misunderstanding as to the management of the bank. W. P. Vanderpfloeg is the receiver. He had made arrangements some time ago to put in \$20. 600 in the bank and to take over some interests on condition that his son was to be cashler. By some misundersta the change was not made and a crisis was precipitated. It is stated that the owners of the bank are quite rich and there is no rouble in the bank other than the misunderstanding.

A private bank at Corning suspended temporarily today. The suspension grew out of a run on the bank occasioned by agitation for legislation requiring that private banks be subject to examinations.

# Report on Deaf School.

The report of the State Board of Control asked for by the legislature on the condition of the buildings at the State Deaf school and the advisability of securing a new site, is now ready and will be given the legislature Tuesday. The board adheres to its position stated in the biennial report to the effect that the present site should be greatly improved or a new one secured, and states plainly the facts in regard to the attendance at the school as in dicating the need of a location more central than Council Bluffs. The report also includes some estimates on the probable cost of complete rebuilding of the school The protest of the Council Bluffs Chamber of Commerce against removal is also or the desks of the members.

# DR. GREENE'S NERVURA

TRAINED NURSE, MRS. ANNIE G. DUGGAN.

Mrs. Annie G. Duggan, of 6 St. Charles Street, Boston, Mass., for fifteen years has been employed as a nurse in the Boston Hospital. Her reputation in her profession is of the highest, and her opinion, that Dr. Greene's Nervura blood and nerve remedy will cure rheumatism and sciatica, is therefore worthy

of the greatest consideration. Mrs. Duggan says: "I was troubled with sciatica for over four months, and was treated by three different physicians, but received no relief. As a last resort my friends advised my trying Dr. Greene's Nervura blood and nerve remedy, which I did, and in six weeks I was a well woman. Although it was four years ago I have had no return of the trouble.

'My sister also was troubled with rheumatism, and I advised her to try Dr. Greene's Nervura, which she did, and received great relief from it. I consider Dr. Greene's Nervura a godsend to me, and gladly recommend it."

Rheumatism is a blood disease. The circulation is impaired, and the blood becomes stagnant and impure. Dr. Greene's Nervura cures rheumatism by restoring normal conditions, so that a moderate use of the remedy will cause the disease to disappear. Of purely vegetable origin, Dr. Greene Nervura blood and nerve remedy acts in concert with natural laws and produces its permanent effect by feeding and enriching the blood supply. It is an ideal tonic when run down or exhausted, and nothing can exceed its inherent power to cure the lingering diseases that wreck the lives and hopes of men and women. Dr. Greene was many years discovering and perfecting the medicine which was finally offered to the world as Nervura, and his earnest and skillful work has been demonstrated by the record of cure which this remedy has made during many years.

If there is anything about your case you do not understand, write to Dr Greene, 101 Fifth Avenue, New York City. His advice is free.
