Commercial Club Has Several Men in View, but None Selected.

EUGENE DUVAL IS URGED TO ACCEPT IT

Milwankee Man Not an Applicant, but Friends Offer Him the Place-Matter of Salary Bothers

the Committee.

The committee appointed to employ a new secretary for the Commercial club has not made any recommendation to the exccutive committee. About twenty-five applications have been received for the position from residents of Omaha and out-oftown men, but the committee feels that of St. Paul. all of the 600 members of the club should liave time to voice any preferences they ADDS

may have for a successor to Mr. Utt. It is now said Mr. Utt would be willing to serve through the year and that his res ignation was prompted by criticism hear! various quarters. He took this action so that if a considerable portion of the elub membership desired a new secretary a change could be made.

One man whom numerous active member of the Commercial club would like to make secretary is Eugene Duval, assistant general western agent of the Chicago, Milwaukee & St. Paul railroad in Omaha, Mr. Duval is not an applicant for the place in any sense of the term and did not have any thoughts of it until certain friends of his, who happen to be very prominent business men and influential members of the Commercial club, went to him personally and urged him to say he would accept the posttion if tendered to him, assuring him that tender, under these circumstances would be made. It is positively known that Mr. Duval's friends have pressed this proposition upon him and that he has thus far declined to give a favorable reply. Mr. Duval has not placed himself in a position even to have the club as an organization make him an offer.

In a Good Place.

Mr. Duval's present position is a good one and furthermore offers excellent opportunities of substantial promotion for which he is acknowledged to be eminently qual-Ified. Some of his railroad friends think it would require a very flattering proposition to lure him away from his railroad bus-

Two propositions are under general consideration in connection with this secretaryship matter. One is to employ a secretary it a lucrative salary who shall be com-

AT SEA FOR NEW SECRETARY petent to handle all matters coming within the province of a commercial club, and the other to employ a secretary at a moderate salary to look after ordinary matters of business and a rallroad commissioner who shall have charge of the business inother such important matters. Which of those propositions to decide on the club Men's \$2.20, \$4.00 and \$5.00 shoes, scems wholly at sea. Since the resignation of Mr. Utt as sec-

retary of the Commercial club, it is said Women's \$2.50, \$3.50 and \$3.50 the committe having in charge the selection of his successor, has discovered that commercial club secretaries who have Boys', youths' and little gents' made records for themselves and their constituencies, draw good sized salaries, and that it will not be possible to secure just the man which is wanted and needed for much under \$4,000 or \$5,000 a year, which is the price paid E. M. Clendenning at Kansas City and it is understood, C. P. Stine

GIFT TO UNIVERSITY

Count Creighton Deeds Two Business Blocks to Institution Bearing His Name.

Count John A. Creighton has deeded to Creighton university, repeatedly endowed by him, Arlington block, 1511-13 Dodge street, and Creighton block, northwest corner of Fiftcenth and Douglas streets, the estimated combined value of which is \$250,-00. Arlington is a four-story brick structure and Creighton a three-story brick building. Count Creighton's philanthropy is sturdily represented in such institutions as Creighton Medical college, Creighton university, St. Joseph's hospital and other less pretentious institutions which he has aided by liberal gifts and endowments. These latter gifts are only additions to a very long list. Creighton university is a favorite of the count's.

CUT FOR LINSEED PRODUCTS Rates Reduced on Meal and Oil Cake from Minneapolis to Missouri

River Points. A cut in rates on linseed meal and linseed oil cake has been anounced by roads running to Missouri river points from Minnsapolis. The new rates west are the same as the rate on corn cast from the Missouri river. This is the second commodity on which the rate has been cut as a result of the fight now on between the various roads over grain rates.
