AN UNPLEASANT EXPERIENCE

Has it ever been your unhappy lot to be fold by your physician that you must go to so, you remember with what dread and shrinking you awaited the day when you must endure the knife.

The present day surgeon appears to be possessed by a mania for operation, especially in cases of hemorrholds or piles, and while the greater number of the profession do not recommend this "last resort" unless they honestly believe it necessary, the fact remains that much needless operating is done, and the patient put to much expense and suffering for what?

To obtain a possible temporary relief; these words are used advisedly, because in nine cases out of ten the affliction returns and the patient is just where he started from. Oftentimes he could be cured much more simply and easily by the use of such a remedy as the Pyramid Pile Cure; this has come to be recognized as the best remedy on the market for the painful disease numed, and the druggists now sell more of it than all other pile remedies combined. The writer personally knows people who were afflicted with the worst form of bleed ingland protruding piles and who were per manently cured by the use of Pyramid Pile Cure. In every one of these cases the attending physician had assured the sufferer that only by an operation could he rid himself of the disease; so much for the infallibillty of the doctors.

This remedy, which is sold by all drug gists at the low price of fifty cents, is in uppository form, is applied direct'y to the parts affected, and performs its work quietly and painlessly. The Pyramid Drug Marshall, Mich., will mail free to any address a book telling all about piles or temorrhoids, their cause and cure.

ignore this request of the council, but I the papers pertaining to these contracts. Only today an incident occurred in the Board of Public Works meeting, in which the majority of the board steadfastly refused to "consider the specifications for

contract:

Saddle Creek Sewer Affair.

He said further in reference to the re-

cent award of the Saddle Creek sewer

certain improvements made out by the city engineer, but rather insisted upon the adoption of specifications submitted by contractors or corporations, with whom the two gentlemen were in conference a short while prior to the meeting. I asked them to eliminate the words "city engineer" wherever they appeared in my specifications if the words were so objection able to them, but they declined to do so And this is about the general character of opposition that i find almost incessantly from the majority of the Board of Public Works."

Deny Roads Are Blockaded.

NEW YORK, Feb. 20 .- Officials of northern railroads terminating here deny the extensively circulated reports of a freight blockade on their lines. Merchants are complaining of delay in shipments, especially flour, from Buffalo, but the railroad men declare there is no extensive blockade and such congestion as does exist is due only to the unusually severe weather conditions

Record Breaking Bank Statement.

smorrhoids, their cause and cure. A suggestion is offered that if the reader afflicted, or knows anyone who is, this ook be sent for, as it will be found invalu-bla.

lived at Fourteenth and O streets. As streets. insisted that the request should be com- death was purely accidental the coroner piled with, and now the council has all does not consider an inquest necessary. Captain Shields Returns.

Captain Shields Returns. P. H. Shields, captain of police, returned yesterday from the south, where he went to look for L. E. Ford. While Shields had no orders or a requisition for Ford, he wanted to obtain his deposition in a film-fiam deal, alleged to have been perpetrated a couple of weeks ago. Ford reported to the police that he had been confidenced out of \$60 on his way from Omaha to South Omaha on a Missouri Pacific train. Two men were arrested and held as suspects for twelve days and then released. In the

meantime Ford went south. He was traced by Captain Shields to a number of points in Texas. Finally the captain gave up the

search and returned home. The city is not put to any expense in this matter, as the council will not allow bills of this kind

where there is no warrant on hand or requisition in sight. Christian Association Work.

Secretary T. C. Marsh of the local Young Men's Christian association makes the foliowing announcements:

iowing announcements: The work of the association shows a decided improvement over last year. The membership is 42. This is thirty-five more than at this time last year. The boys' de-pariment numbers eighty-five, which is the largest membership in its history. The educational clasmes show about loo per cent arger attendance this season than last. The men's meeting Sunday will be ad-drossed by Dr. Wheeler on "Abraham Lin-con, the Man." Dr. Wheeler is perhaps one of the most interesting speakers in the city on things pertaining to American his-tor character. At 3 o'clock the boys' meeting will be addressed by Mr. J. O. Eastman on "The Battle of Altoons Pass. This is the seventh

Session. Routine business of a minor nature tool up most of the attention of the Central Labor union last night. A communication

from the Indiana State Federation of Labor explained that the woodworkers of Indianapolis are on a strike against what they think is the first aggression of the "Parry organization."

The stationary firemen asked that a wage and condition agreement with employers be endorsed, and this was done. The scale calls for \$15 a week for eight hours for firemen and \$13.50 for helpers. Work out side of the boller room is prohibited, except in cases of emergency. At the present time the firemen describe their position as in secure, but hope to enforce their demands
