Members of the board, however, it is inderstood, do not look with favor on the proposition to erect a new school building at this time, but if the request to submit the proposition bears the necessary number of signatures of bona fide taxpayers the board will have no choice in the matter but to submit to the voters at

PETITION FAVORS DRAINAGE BILL Resident Land Owners Show Their Interest in the Measure.

MISSOURI VALLEY, Ia., Feb. 20.-(Spe ial.)-A petition is being signed here today ddressed to the state legislature, asking for the passage of the Hogue drainage bill The opponents of the measure are contend ing that the demand for a drainage law comes mainly from Illinois speculators who own large tracts of land in the drainage district of Harrison, Monona and Pottawattamie counties, and this petition, signed by resident landowners, is for the purpose of counteracting that claim. The Harrison County Drainage association expects to have Supervisors Edgecomb and Kelly and Hon, J. E. It was strongly contended by those who opposed the measure that it would open the way to losses by permitting the investment of funds by savings banks in states where the security is not good and thus weaken the eatire savings bank sys-
