HUMBOLDT, Neb., Feb. 24.-(Special.)-Thomas J. Feasie, one of the prominent farmers of this section, returned yesterday afternoon from Superior, where he has been for some time investigating the mysterious disappearance of his brother, Eli Feasie, a farmer living in Nucholls county near the above named place. Mr. Feasle state that the authorities are in possession of much evidence to indicate that the missing young men had considerable to do with the disappearance of the old man, with whom both had been making their home for some time. The property sold included the crop of corn from seventy acres and considerable stock consisting of hogs and cattle. Mrs. Hutchinson, mother of one of the young men, had been for a number of years housekeeper for the old man, who was a widower of fifty years, and she now cialms to know nothing of the cause of the man's disuppearance, but claims that the grain and stock sold was for the purpose of paying her some wages due. The relatives, however, place little credence in this claim, and insist that the old man has been murdered and his body hidden. Linco'n Democrats Propose to Dictate Omaha Delegates to Convention.

NO FIGHT IN THE STATE CONVENTION

Bryan Wing of Party, Elated at This, Declare They Will Route the Opposition in Its Own Home and Stronghold.

(From a Staff Correspondent) LINCOLN, Feb. 24 .- (Special.)-The radical Bryan element of the democratic party which is just now making a supreme effort to defeat a reorganizer for the chalrmanship of the democratic state committee. which faction the Bryanites believe is runsing Lee Herdman, clerk of the suprem court, probably will find that there will be little fighting on this score. Mr. Herdmar has announced that he is not an aspirant for the place and that furthermore he would not accept it if it was offered him. With no fight on Bryan and no fight on the chairmanship the Bryan democrats, especially in this county, will have very little pleasure in the coming preliminary cam-

palgn. Some of them are expressing the fear that the refusal of Herdman to make a fight for the chairmanship and the further fact that apparently there is to be no fight on the Bryan delegation to the St. Louis onvention, means that the anti-Bryan element of the party does not intend to make fight for the nominees of the party, believing that such a fight would be utterly

There will be a fight in Douglas county, owever, over delegates to the national onvention. Lancaster county politicians, feeling their oats because of the success of the Bryan banquet and the manifestations endorsement given the leader at that banquet, have tipped it off that they intend to name the Omaha delegation. This has raised the dander of the Jacksonians and they intend to see that no such thing hap-One of them remarked that he desired Bryan to head the Nebraska delegation to St. Louis: that he wanted him to make his fight there-and lose-and be satisfied. He did not care, he said, who went to that convention, but he did want it distirctly understood that Lancaster county politicians could not name the Omaha delegation, and should it try the next democratic state convention would be the hottest ever held.

In the meantime the talk of democrats that there is no hope for the party in this state may be given out in order to throw republicans off their guard to the end that ome democrats may be elected here next fall by default.

Tabulating Land Value

Land Commissioner Follmer is working a tabulation of land values that will be placed before the State Board of Equalization, which is expected to materially assist the board in arriving at something like the true assessment of land throughout the state. Mr. Folimer has a record, or is securing a record, of all the land sales in every county in the state, with the price paid. This he is comparing with the assessed valuation of the land. In some cases the comparison shows that land is assessed at prices materially lower than it should be, while in others it is just the reverse. The present Board of Equalization, however, has much more power than the old, in that it can raise or decrease the assessment at will to equalize. This record will be of much value in this work on the
