**Fire and Police Board Attends to Its Routine Business.**

**WILL LOCATE THE TELEPHONE STATIONS**

**Nine Boxes That Are to Be Used for Police and Fire Service Will Be Placed in Commission Soon.**

Considerable business was transacted by the Fire and Police board at a meeting held last night. William McElrath resigned as a member of the police force and the resignation was accepted.

A bill for printing the briefs in the case of the board recently decided by the supreme court was presented. The bill calls for \$1. Upon the suggestion of Nolan the bill was referred to the city council, with the request that it be paid.

Two months ago Mike O'Hern put in a claim for a suit of clothes, alleging that he had ruined a suit while assisting an officer in making an arrest. Secretary Bergquist was directed to ask the council to pay O'Hern \$10. The charges against Officer Andrew Davidson were heard. When Chairman Vansant called the case Davidson, who was suspended some days ago by the chief, told the board that as far as he was concerned there was nothing to answer for, as he was not now working for the board. The council decided to go to trial and the records will show that he stands suspended.

Chief Garrett was directed to make a test run of the new horse wagon today. James Carter, chief inspector for the Nebraska Telephone company here, told the board that he was ready to go ahead at any time with the fire and police boxes. On Friday afternoon the board and the chiefs of the fire and police departments will go over the city and designate the points where the police boxes are to be located. These boxes, when installed, will also be used for the turning in of fire alarms.

The resolution Secretary Bergquist was directed to put in claims to the city council for nine months' pay for the members of the board and also for pay of the secretary during this same period. Of the five members Masson was the only one who voted against the resolution.

Edward Todd was elected a member of the police force. Another meeting of the board will be held on next Tuesday evening at the council chamber.

**MARKET HOUSE GHOST BOBS UP**

**Question of Insuring Retention of Capitol Avenue Presented by Citizens to Council.**

With the vigorous tenacity displayed by the resolute rumor that war is imminent in the Balkans, the market house night-mare tormented the councilmen again yesterday afternoon.

Alfred Millard and a body of wealthy citizens went to the city hall and wanted to know what the municipal government is going to do to insure the use of the Capitol avenue mart for the use for which it was intended. The council, on an former occasion, said the market house was an executive arm of the government, and did nothing other than to agree to pass an ordinance extending the place west from Fourteenth to Capitol avenue.

Mr. Millard said that the "Howard street gang" had secured a property near Eleventh and Jackson streets, and had run a market last summer, sold \$1,700 worth of privileges to fifty-eight market gardeners and secured \$400 in subscriptions to build sheds to protect wares from the sun and rain. Mr. Millard said inasmuch as the city had spent about \$20,000 on the Capitol avenue site, he thought it should try to make the investment a success and he figured out an annual income of \$12,000 a year, if the proper methods are applied. He asked that the council make an appropriation to build another open street house and to erect sheds on the open street.

President Zimman said he would not vote for more money for the market house until he had assurance that the ordinance relating to it would be enforced by the mayor, expressed the opinion that the city could absolutely prohibit any other market house or market place of marketing at all, except in its own store, and told the gentlemen how easy it would be for any of them to show that the mayor has not filled his oath of office and could be impeached.

**Zimman Advocates Abolishing Fourteenth and Harney Streets Fire Engine Station.**

President Zimman of the council advocates the abandonment of the fire department station at Fourteenth and Harney streets and moving the companies and apparatus to the new \$30,000 station at Eleventh and Jackson streets. The latter is finished. He considers the purchase of a new engine, hose and possibly some other apparatus is necessary, but does not favor the expenditure of \$25,000 for all the new supplies which the advisory board has proposed to buy. The rent of the house at Fourteenth and Harney is \$1,500 a year, and Zimman points out that new crews and horses, together with incidentals and the new apparatus, will mean an expense of possibly \$50,000 this year, for which he said there is no money. He also pointed out that the theory at a committee meeting of the council yesterday afternoon and received some support from some of the other councilmen. Councilman Nicholson, however, went on record against such a proceeding.

Councilman Hoye thought that after the annual appropriation of money for the various departments had been made more definite information could be obtained as to finances, and suggested that action upon the fire department apparatus contracts be postponed until this is done. His colleagues assented, and a resolution was adopted directing Chairman Huntington of the finance committee to call a conference of the councilmen and heads of departments for Friday afternoon at 2 o'clock. The appointment is out of the general fund and is made by the council every year upon estimates from the various offices.

**Prospect Hill Improves Expect to See Much Work in Their District Next Summer.**

The Prospect Hill Improvement club met last night at Thirty-fourth and Decatur streets and discussed the matter of paving Thirty-third street and the tree planting ordinance. The members expect to see Thirty-third street and Charles street paved before the summer ends. With regard to the tree planting ordinance, one of the members said that he had looked into the matter, but was given to understand by Mr. Morearty, the attorney for the Federal Improvement club, that the proposed ordinance would be illegal and unconstitutional. As there is a provision in the city laws for the parking of streets the club did not quite understand where the illegality came in and a committee was formed to consult with the city attorney on the question. The chairman spoke of the finance of the club, which he said was running low, and asked delinquent members to pay up their back dues.

**William B. Porter Follows Venerable Wife, Whose Death Occurred Last Thursday in the Iowa City.**

Within a single day four octogenarians have passed away. Three in Omaha and one in Council Bluffs. These are Esther Linn, 86 North Twenty-sixth street, 86 years; A. F. Kellstrom, 314 Meredith avenue, 80 years; Sarah Anderson, 232 California street, 80 years, and William B. Porter, Council Bluffs, 82 years.

William B. Porter died at his home in Council Bluffs Tuesday afternoon, and joined the wife and lifelong helpmate who had preceded him across the dark river by less than a week. Mr. Porter was 82 years old and while heart failure was assigned as the immediate cause of his death, grief over the loss of his venerable wife and the strain upon him of her illness and death last Thursday, were mainly responsible for his demise.

**Come Here in 1856.**

Mr. and Mrs. Porter came to this state in 1856 and settled in the then wild and unorganized town of Plattsmouth, where they established a home and business. For many years Mr. Porter freighted across the country between the Missouri river and Denver, long before railroads were built and when the trip was attended with dangers that cost many a brave man his life. The family subsequently went to Denver to live, but stayed only two years, and then came back to the old home at Plattsmouth. They had lived at Council Bluffs six years or more and were never separated from each other for any length of time. And now they are joined even in death. They are survived by one son, William B. Porter, Jr., and four daughters, Mrs. Ada Deator of Plattsmouth, Mrs. E. J. Cooper of Council Bluffs, Mrs. J. W. Hosier of Omaha and Mrs. Carrie P. Donley of Washington.

Mr. Porter and his wife were both pioneers in the early history of this state and he in particular played an important part in the establishment of the commercial prosperity and supremacy that now characterizes this part of the state. He was master of the State Grange, in which such men as Sterling Morton, Charles Howe and many others of prominence were well known. Up to the day of his death his mind was active and he took a keen interest in the affairs of the nation and state.

**Association Elects Trustees.**

There was a meeting last night at Guild hall, Twenty-fourth and J streets, of those interested in the organization of a humane society. By-laws, etc., were adopted and fifteen trustees chosen. These trustees will govern the association, which is to be known as the South Omaha Humane association: L. C. Gibson, T. J. Nolan, Rev. James W. C. Dunham, Bruce McCulloch, Rev. James A. Hearn, Dr. W. J. McCann, Rev. R. L. Wheeler, Dr. Don C. Ayer, J. A. McLean, Jay Lavery, W. S. King, Mrs. C. A. Meicher, Mrs. C. E. Scarr and Mrs. R. C. Richmond. On Thursday afternoon, March 3, at 8 o'clock, these trustees will meet at the South Omaha club and elect an executive committee.

Miss M. C. Phillips of Aurora, Ill., and Miss Nelson of Omaha, will give the evangelistic services at Leder Memorial church, Albright. These services com-

considered by the clan, I think the majority of its members feel that the United States government has been rather against Russia through Friendship for England.

Peter O'Malley of the clan said: "I doubt if any action of this kind will be taken, at least not for several weeks. I for one, do not believe there will ever be an Anglo-American alliance. I see that the Philadelphians have denounced the government's Panama policy. I favor what the government has done there and believe Omaha Irishmen strongly support the administration in its action in making possible the canal."

**Clan-na-Gael Not United as to Action Taken by Their Philadelphia Brothers.**

Omaha Clan-na-Gael lodges may adopt resolutions following the action of the Philadelphia Irishmen, condemning what they term the pro-British tendencies of the American government in the Russian-Japanese war, and wishing success to the Russians. Of the two local lodges, the Emmet Monument association meets Thursday night and the Sheridan club Monday evening.

"The action of the Philadelphia clan certainly will be taken up at the Thursday meeting," said M. J. Healey. "It is possible that some similar action may be taken in the future; the clan at least is opposed to anything that England supports. While the matter has not been con-

**MILK'S EMULSION**  
CURES LIKE MAGIC

Is Especially Beneficial in the Illness of Children.

**READ WHAT PARENTS SAY**

It builds up their system, enriches their blood, strengthens the weak organs of the throat and lungs, which are often the cause of croup, whoop and croupy children. It will prevent croup and one or two doses will stop it immediately. Hundreds of mothers have endorsed Milk's Emulsion because it strengthens their children as nothing else ever does; gives them a good appetite, and in this way renders them less liable to contract many of the contagious diseases so rife among children.

The Milk's Emulsion Co., Terre Haute, Ind.

March 5, 1903.

My children were taken ill with severe colds, which grew into hacking coughs, later giving them sore throats. I tried honey and tar and nearly all the other remedies my druggist could suggest, but they gave no relief. My neighbor, Mrs. Pomeroy, had purchased some Milk's Emulsion and gave me some in a small wine glass. I gave each of the children a dose before retiring, and they slept the whole night through without coughing. The next day I went to Waggoner's Drug Store and bought a package of the Milk's Emulsion. I have never been without Milk's Emulsion in my house since that time, and I find it to be a sure remedy for coughs, colds or sore throats.

Gentlemen—I suffered from several weeks with the worst kind of a cold and could hardly talk to my customers. I was restless at night, continually rolling from one side of my bed to the other, and in fact I got feeling worse than when I retired. I tried several remedies, but found no relief until I took Milk's Emulsion. After taking the first dose I had my first night's good sleep for six weeks, and awoke feeling like a new man. After taking the first bottle my cold had completely left me. I have recommended Milk's Emulsion to at least twenty-five people suffering with colds, and find that relief was given after the first bottle was taken. If my statement will be of any use to you, use it as you desire. I cannot say too much for Milk's Emulsion.

Gentlemen—I suffered from several weeks with a severe cold in my throat and chest, and although I used many remedies prescribed in such cases, none of them gave me any relief, until I tried a package of Milk's Emulsion, which I have used ever since. The first package loosened my cough, and after taking the fifth package I was entirely well. I think Milk's Emulsion is the best remedy for Coughs and colds that I have ever come across, and I cheerfully recommend it to all persons suffering with the above complaints. Yours very truly,
