BATTERY PLANTED COULD SWEEP COAST

Some Objection Owing to Effect on City Window Glass—Native Drink Getting Scarce Owing to War.

HONOLULU, Feb. 25.—Colonel John H. McClelland, commander of the United States military district of Honolulu, is discussing with Governor Carter the advisability of placing a battery of the largest guns on the Punch Bowl crater close behind the city of Honolulu. It is reported that consideration of this plan may be recommended instead of the recent suggestions of the army board for a general fortification, being quicker of completion and more effective than long-range defenses along the coast shore.

The Commercial Advertiser urges Governor Carter to protest against the placing of artillery on the Punch Bowl. It declares that practice fire from that point would wreck every window in Honolulu.

There is a scarcity of Japanese rice in Honolulu and the dealers will be obliged to make importations from the United States. The price of said, the popular Japan drink, is rising on account of the scant supply. It is said that California wine may be substituted for sake.

DEATH RECORD.

J. J. Peters. J. J. Peters died at his home in St. Liberty, Neb., yesterday after a brief illness of ten days. He was born in Germany in 1824 and has been a resident of America since 1852. Two of his sons are residents of Omaha. H. B. Peters, proprietor of the Merchants hotel, and H. H. Peters, both of whom will leave tomorrow for St. Liberty to attend the funeral services, which will take place Saturday.

George W. Sanders. ABILAND, Neb., Feb. 25.—(Special.)—George W. Sanders, a retired farmer living just north of town, died suddenly at 7 o'clock this morning. He was in town yesterday and was in good health, but was seized by a stroke of apoplexy at 2:30 in the afternoon and sank rapidly. He was a son of ex-Senate Senator W. A. Sanders.

George Fuller. GRESHAM, Neb., Feb. 25.—(Special.)—George Fuller, one of the earliest settlers and well known pioneer and most highly respected citizen, died Wednesday.

A Vile Disease

Contagious Blood Poison has wrecked more lives and caused more misery and suffering than all other diseases combined. Some are inclined to treat it lightly, but these soon learn that they have to deal with a powerful poison that is slowly but surely breaking down the constitution. Contagious Blood Poison not only metes out punishment to the one who contracts it, but others may become innocent victims of this vile disease through inheritance. If your blood is tainted you may live to see your children battling with the same disease—puny and sickly, made miserable by disgusting sores and skin eruptions. Under the mercury and potash treatment all signs of infection may disappear, but leave off these minerals and you soon find out the poison is still alive and you are just as bad off as ever.

S. S. S. is the only antidote for Contagious Blood Poison. It destroys the virus completely without injuring the system. It is a vegetable remedy, and we offer \$1.00 for proof that it contains a single mineral ingredient. S. S. S. not only works the poison out of the blood thoroughly, but restores vigor and strength to all parts of the system.

Write for our special book on Contagious Blood Poison, describing the different stages and symptoms and containing much other interesting information about this most despicable of all diseases.

TALK OF NATIONAL CHAIRMAN

Senator Scott Offers with President Roosevelt on the Subject.

SEVERAL NAMES HAVE BEEN SUGGESTED

Former Governor Crane of Massachusetts is Said to be Highest in Opinion of the President.

WASHINGTON, Feb. 25.—Senator Scott of West Virginia had a long conference with the president today, discussing fully with him matters relating to national politics. Quite naturally, among other topics considered, was the chairmanship of the republican national committee. Several men since the death of Senator Hanna have been mentioned in connection with the chairmanship, but thus far the subject has not proceeded beyond the realm of suggestion.

Among the names of men proposed for the chairmanship are former Governor Murray Crane of Massachusetts; Postmaster General Henry C. Payne of Wisconsin, now acting chairman of the committee; Senator Boies Penrose of Pennsylvania; Senator Scott of West Virginia; and General Charles Dick of Ohio, who next week probably will be elected to succeed Hanna in the senate.

Mr. Crane is a personal friend of President Roosevelt and one of his closest political advisers. The president desires in the event of his nomination for the presidency that Mr. Crane should be identified in an important capacity with the conduct of the presidential campaign, but it is known that Mr. Crane hesitates to undertake the responsibility of directing the campaign as chairman on account of his health.

Witnesses in Smoot Case. The witnesses summoned to appear before the committee on privileges and elections in the investigation of the case of Senator Smoot are as follows:

Joseph P. Smith of Salt Lake City; Hyrum M. Smith of Salt Lake City; Andrew Jensen of Salt Lake City; Francis M. Lyman of Salt Lake City or Fillmore, Utah; John Henry Smith of Salt Lake City; George Tenadalis of Nephi, Utah; John W. Taylor of Farmington, Utah; Matthias P. Cowley of Salt Lake City; Mariner W. Merrill of Logan, Utah; Thomas H. Merrill of Richmond, Utah; Alma Merrill of Richmond, Utah; Loren Harmer of Springville, Utah; Samuel S. Reynolds of Salt Lake City; J. M. Tanner of Forestdale, Salt Lake county, Utah; Moses Thatcher of Logan, Utah; Mabel Barber Kennedy of Sevier Station, Utah; Mrs. Charles Matthews of Marysville, Utah; E. B. Critchton of Salt Lake City.

COMPLETES PANAMA COMMISSION.

President Roosevelt has practically completed the Panama canal commission. Assurances have been received by the president that C. Ewald Grunsky, the San Francisco hydraulic engineer, who was tendered an appointment after the declaration of Mr. Garber, will accept, although a formal acceptance has not yet been received. Senator Perkins of California said at the White House today that no doubt was entertained of Mr. Grunsky's acceptance. It is very probable that the seventh member of the commission, as heretofore stated by the Associated Press, will be Benjamin M. Harrod of New Orleans, a member of the Mississippi river commission. It has not been determined definitely what the compensation of the members of the commission will be, but it is known that the president intends that they shall be well paid for their services. The probability seems now to be that the president will send the appointments of the members of the commission to the senate tomorrow.

SIGMA TREATY RATIFICATION.

President Roosevelt today signed the ratification to be exchanged with the United States and the Republic of Panama on the Isthmian canal treaty. The exchanges will be made at the State department between Secretary Hay acting for the United States and Mr. Bunau-Varilla, the minister of Panama. The president does not sign a treaty, but subsequently a proclamation will be issued by the president announcing the conclusion of the convention and putting into effect the treaty. Senator Kittredge of South Dakota, a member of the senate committee on Interoceanic canals, was present when the president signed the document of ratification and was present with the pen used by the president in affixing his signature to them.

NOMINATIONS BY THE PRESIDENT.

The president today sent to the senate the following nominations: Agent for the Indians—J. Blair Shoenfelt, Wyoming, Union Indian agency, Indian Territory. Receiver of Public Moneys—Frank M. Poole, at Evanston, Wyo. Also promotions in the army and navy.

Caldwell Out of Race.

J. L. Caldwell of West Virginia today issued a statement withdrawing from the race for United States senator from that state.

Tells of Officer's Arrest.

The Navy department has been informed by Rear Admiral Evans, commander-in-chief of the Asiatic station, that Paymaster Harry E. Biscoe of the battleship Oregon cannot be detached at present, as requested by the department, and that he has been placed under arrest pending his appearance before a court-martial on a charge of neglect of duty. Little is known of the case at the department, but the paymaster general of the navy has found upon examination of the records here that Paymaster Biscoe's account with the department and with the treasury are absolutely straight. The charges were preferred by Captain Burwell, commanding the Oregon. It will be recalled that Paymaster Biscoe protested to the secretary of the navy last year against the arraignment in severe language by Admiral Evans of a court of which Mr. Biscoe was a member for what the admiral regarded as an inadequate sentence.

BUTCHERS THREATEN TO QUIT

Head of that Organization May Call Out All of Cudahy's Men.

LOUISVILLE, Ky., Feb. 25.—The strike of 200 butchers of the Louisville Packing company, controlled by the Cudahys, over a wage difference, has reached an acute stage. President Donnelly of the National Meat Cutters' union announced that if the demands are not granted he will call out every butcher employed by the Cudahy interests all over the United States.

FIRE RECORD.

Blaze at Connecticut Harbor.

CONNECTAUCT, O., Feb. 25.—Fire today practically wiped out the business portion of Connecticut Harbor. Among the buildings burned were the Mutual block and the Marine bank building, with their contents, including the Marine bank, the postoffice and several stores. Loss estimated at \$100,000, partially covered by insurance.

Indicts Six Strikers.

CHICAGO, Feb. 25.—The grand jury has returned three indictments against six strikers at the works of the Federal Glass company. The indictments charge a conspiracy to injure one employe, conspiring to assault another and riot.

MAKE UP BASE BALL SCHEDULE

University Nine Starts Season April 8 with the Omaha Western League.

(From a Staff Correspondent.)

LINCOLN, Feb. 25.—(Special.)—Manager Deitz of the university baseball team is busy these days arranging a number of games for the team, the schedule being now almost complete. The first games will be played in Lincoln April 5, 6 and 7 with the Omaha league team. On the 15th and 16th of the same month the Nebraska Indians will be here, and about the same time the Chicago Nationals are expected. On May 1 a team of Cubans will visit in, and on the 19th of that month a game has been arranged with South Dakota. During the latter days of the month teams will come in from Iowa university and Grinnell college.

Starting April 23 the team will take a northern trip through Iowa, Minnesota, Wisconsin, Michigan, Indiana and Illinois. Thirteen games will be played, starting with Highland Park college of Des Moines on the first day out. On the 30th the team will go to Grinnell and then to Iowa City, where they will meet the State University of Iowa. From there the team will go to Decatur, then to Minneapolis on the 25th, Beloit on the 28th and Chicago on the 30th. May 2 is an open date, but will probably be filled in with a game with some professional team in Chicago or at South Bend, where the team is scheduled to play Notre Dame college the next day.

Charles E. Townsend reports that the chances for a good team are improving daily, and the number of freshmen who are taking baseball is increasing. Coach Andrew has come to the rescue of the base ball men who were affected by the recent order of the regents in regard to drilling, and has prevailed upon twenty men who would be required to drill. Many of the track men have been excused also, practice being carried on daily when the weather will allow the men to go outside. At other times the cage is used for throwing practice.

Attorneys in Postal Fraud Trial at Washington Show Bad Feeling.

SAY THAT ALLEGATIONS ARE ADMITTED

Attorney Conrad Brings on Talk by Averring that Defendants Have Admitted Allegations in the Indictment.

WASHINGTON, Feb. 25.—Mr. Conrad, special counsel for the government in the postal trial, continued his argument for the prosecution today. He dwelt at length upon the question of what constitutes a reasonable doubt and intimated cases where a single juror had hung the jury through a misconception of the meaning of a reasonable doubt, when he was interrupted by Mr. Kumer, who charged that the statements were an imputation on the jury in this case. A sharp colloquy between Mr. Conrad and Mr. Kumer followed.

Resuming his remarks Mr. Conrad contended that the counsel for the defense had admitted all the allegations of the indictment.

This brought Charles A. Douglas to his feet, who denied that this was so. After some wrangling, Justice Pritchard told the jury that they understood how the matter was and directed Mr. Conrad to proceed. Mr. Conrad referred to the examination of the Groff father and said the examination was not borne out by the circumstances.

When Mr. Conrad concluded this afternoon Justice Pritchard announced that he would deliver his charge to the jury tomorrow morning.

Australian Mothers Use Chamberlain's Cough Remedy.

The following letter from Mrs. W. F. Mitchell of Broadford, Victoria, Australia, shows that Chamberlain's Cough Remedy furnishes the same prompt relief and is prized as highly by the mothers of that far away country as in the United States. She says: "In my family of eight, all of whom are subject to colds and coughs, I have tried nothing so good as Chamberlain's Cough Remedy. Even in whooping cough it makes the attack very much lighter. In fact I have used nothing else since first trying it, for its value was proved. I always recommend it."

Banker Stricken with Apoplexy.

MITCHELL, S. D., Feb. 25.—(Special Telegram.)—N. L. Davison, cashier of the Mitchell National bank, was stricken with apoplexy at 2:30 o'clock this afternoon while attending to business in the bank. His health has been very poor of late. His entire right side is paralyzed and his condition is serious.

WAR OF WOMEN IN COURT

WOMAN IN CLUB AND CHARITY

The Woman's Domestic Guild of America is the latest solution of the servant girl problem, and as one might almost expect, the plan comes from Chicago. As this is said in all respect to those enterprising women who, though they are constantly "doing things" have made a wonderful record for doing things that have proven worth while, and this naturally lends confidence to the latest scheme which, if it works out as it promises, must command the grateful appreciation and respect of all womanhood, whether she be club or anti-club, employer or employed.

The scheme is simple enough and provides for the establishment of a bureau where a record shall be kept of mistress as well as maid; if Mary Ann "quits" her for her week is up, fails to give required notice, is a better housemaid than second girl is, in short, possessed of any shortcomings whatever, the fact will be duly recorded after her name and the next applicant for her services will be privileged to know all about Mary Ann. On the other hand, if "the lady" is unduly exacting, or does anything else unfair—this, too, will be recorded for the benefit of any who may contemplate entering her service. Among all about Mary Ann, the plan seems plausible enough. Of course, there is possibility of awkwardness arising over a question of veracity, but then a trial or two either way will soon establish a woman's reputation and then it ought to work out.

The Ivanston club offers still another plan, which while it might work well enough after it had been "worked out," might lead to all sorts of trouble in getting established. It provides for the uniforming of all those engaged in domestic service, the work of the maid to be designated by her uniform. But the question arises: How is one going to tell which uniform she is qualified to wear? "Inquire of the Woman's Domestic Guild of America," says the Chicago woman.

The complacent ignorance of the average man regarding women's organizations and their object is admirably illustrated in the embarrassing though ludicrous position in which certain members of the New York legislature find themselves just at present as a result of two bills now in committee, each presented by different though equally prominent women's organizations, and each asking the same concession. One of the bills gives the park commissioner authority to turn over the historic old Juned mansion to the Colonial Dames and the other provides that the Daughters of the American Revolution shall be granted the control of the property. The Dames bill was introduced in the senate, where it was passed, and the Daughters' bill was intro-

duced in the assembly, where it was passed, and now the two legislatures who introduced the measures are bewildered to learn that there are several women's organizations, even of patriotic variety, and instead of uniting womankind in an allegiance to themselves by their interest in giving the historic relic into the custody of women, they have but divided them into two bitter factions of which they themselves must necessarily act as leaders in the most ill-fated way.

While both factions are backed by strong influence, the outcome is still doubtful.

The announcement that more than 500 club women attended the mid-winter breakfast of the Minnesota Federation makes it the newer and smaller federation sigh with envy. The breakfast was held February 12, and among the guests of honor were: Governor VanBent of Minnesota, Governor Cummins of Iowa and President Northrup of the University of Minnesota, who attended with their wives. The federation is now making an effort for the establishment of a separate training school for wayward girls and is endeavoring to raise money for a woman's building at the State University of Minnesota.

Club women will be interested in the success of Mrs. Harriet MacMurphy in securing the only restaurant concession that has been let to a Nebraskan. As a past secretary of the National Household Economics association and as a teacher of domestic science in Nebraska and Iowa Mrs. MacMurphy is one of the most widely known club women of the state.

Mrs. Emma Byers, general secretary of the Young Women's Christian association, will speak at the Sunday afternoon gospel service on "The Dimensions of God's Love." Miss Ethel Knight will sing. An invitation is extended to all women.

The local association has been visited by a number of prominent out-of-town association workers of late, among them being Miss Ruth Paxson, one of the national secretaries; Mrs. Fred Wattles, president of the Sioux City association; Miss Paddock, state secretary of Iowa; Miss Gold Corwin, state secretary of Nebraska, and Miss Jones, secretary of the Sioux City association, all of whom have been here within the week.

About twenty-five women attended the mothers' meeting held at south branch last week. Mrs. H. C. Herring speaking on "Children in the Home."

Move Into New Court House. ABERDEEN, S. D., Feb. 25.—The county records were today moved to the new court house which has just been completed at a cost of \$20,000, the finest building of the kind in the state. The old court house and the lots upon which it stands will now revert to the city, by means of a proviso in the deed given by the city to the county twenty years ago.
