

CHARGES AGAINST ENGINEER

President Will Consider Answer to Them Before Naming Panama Commission.

PROCLAIMS RATIFICATION OF TREATY

Minister Bunau-Varilla of Panama Resigns Office as Soon as Ratification of Canal Treaty is Completed.

WASHINGTON, Feb. 26.—The president may not send to the senate his appointments on the Isthmus Canal commission before the first of next week. It has been informed by telegraph that Benjamin M. Harrod of New Orleans has mailed to him a statement regarding the charges preferred against Mr. Harrod. Until he has received this statement and given it consideration, the probability is that the official announcement of the personnel of the commission will be withheld.

M. Bunau-Varilla, minister from Panama, today cabled his resignation as such to the president of that republic. The president today signed the proclamation putting into effect the treaty with Panama regarding the Isthmus canal. As soon as the proclamation was signed it was returned to the State department, where the exchange of ratifications had taken place between Secretary of State Hay and Minister Bunau-Varilla of Panama.

The cabinet was in session when the proclamation reached the White House from the State department. Secretary Loeb took the document to the president and he signed it immediately.

Text of Proclamation.

Whereas a convention between the United States of America and the Republic of Panama, to insure the construction of a ship canal across the Isthmus of Panama, was concluded by their respective plenipotentiaries in Washington on the 18th day of November, one thousand nine hundred and three, the original of which convention, being in the English language, is word for word as follows: (Here follows the text of the treaty.)

Now, therefore, I, Theodore Roosevelt, president of the United States of America, do hereby certify that the said convention has been duly ratified on both parts and the ratification of the two governments were exchanged at Washington on the 26th day of February, one thousand nine hundred and four.

Done at the city of Washington, this 26th day of February, in the year of Our Lord one thousand nine hundred and four, and of the Independence of the United States the one hundred and twenty-eighth.

TELLS TROUBLES OF COLORADO

President of Denver Citizens' Alliance Talks Against Conspiracy Bill in Congress.

WASHINGTON, Feb. 26.—"Colorado can literally be called 'bleeding Colorado' owing to what has taken place in the last ten years," said J. C. Craig, president of the Citizens' Alliance of Denver, Colo., in an address today before the house judiciary committee in opposition to the conspiracy bill. Mr. Craig was the first speaker at today's hearing. He devoted his time to a discussion of labor troubles of the state. He recounted the various clashes between the unions and the mine operators which, he declared, were attended by violence and abuses on the part of the miners of such a nature that the newspapers of the state were unable to publish the assaults.

He told of many lives being lost through

plots which, he said, had been proved conclusively against the unions; union men, he said, had rolled kegs of dynamite into shaft houses where men were working; mines were extended from elevators; and convulsions, caused where they would explode into deposits of dynamite when the elevator was moved, and many other such plots caused deaths among nonunion mine workers. The Citizens' Alliance was formed to take action against such assaults and the association grew to a membership of 14,000 in the state. "I am satisfied," and then, "and then only," said Mr. Craig, "were we able to proceed with operating mines without daily fear of mine horrors, brought about by diabolical scheming against the lives of men who worked against the wishes of the union."

Mr. Craig spoke also of injunctions obtained by the unions against the alliance, which he said were not opposed by the alliance as it had no wish to violate any laws. After the settlement of the strike by mutual agreement all of the injunctions were dissolved.

"The convictions of any persons participating in the assaults have been obtained," said Mr. Craig.

When asked for reasons for failure to convict he said he believed it due to the sympathy of the police, who are recruited from the ranks of labor and must return to their old vocations when they lose their positions at change of injunctions.

In conclusion he said his association favored giving their courts the utmost latitude in suppressing riots and giving the courts the same freedom in passing upon the questions of antagonism to labor.

"We had a member of congress who had the right and wrong, and he resigned when he thought he was in the wrong. We are not against labor organizations, but are eternally against labor organizations,"

John Galloway of Dayton, O., representing the nonunion employees, told of experience in his city and the strike there.

"I am a miner," said Mr. Galloway, "and an actual worker, and I want to say that all of the workmen are not in favor of this anti-injunction bill."

EVENTS ON RUNNING TRACKS

Lorry Griffin, a Whitton Jockey, Works a Trick on the New Orleans Turf Ring.

NEW ORLEANS, Feb. 26.—Lorry Griffin, today and made what was called the coup of his turf career. Griffin had the field to himself in the race for the maiden 2-year-old fillies. When the paddock entered the paddock a sorry looking chestnut filly was passed, the filly was called Sweet Pepper, and the ring immediately pointed to it against her chances.

Now, therefore, I, Theodore Roosevelt, president of the United States of America, do hereby certify that the said convention has been duly ratified on both parts and the ratification of the two governments were exchanged at Washington on the 26th day of February, one thousand nine hundred and four.

The pictures that appear in The Illustrated Bee are always good. They are made from photographs taken on the spot, and are not "drawn from cabinet descriptions," as so many of the alleged illustrations that are now being foisted off on the people are said to be. The Bee never prints fake news, and never prints fake pictures. The Illustrated Sunday Supplement is given the same vigilant supervision as is the daily newspaper, for the same reason. The Bee has a reputation and a name for its illustrations. If you see it in The Illustrated Bee, with pictures or without, you know that it is worthy of a place in a high-class publication. This is why The Bee is popular.

SIX ROUND DRAW AT CHICAGO.

Jack Root and George Gardner Break About Even.

CHICAGO, Feb. 26.—Jack Root of this city and George Gardner of Lowell, Mass., fought a six-round draw here tonight. The fight was fast throughout and with the exception of the third round, when Root landed a hard right hand on Gardner's cheek, the two men fought about even. Root landed frequently on the jaw in the third round and at the close Gardner was hanging on to the fifth round. Gardner landed a severe punch on the body and sent him to his corner. In the last round Root landed a hard right on the body and forced Gardner to a corner. Gardner recovered, however, and evened matters by a series of heavy body blows. Both men were bleeding badly at the finish.

English and Riley Draw.

ST. JOSEPH, Mo., Feb. 26.—(Special Telegram.)—Mickey Riley of Milwaukee and English of Chicago fought a six-round draw here tonight. They weighed in at 125 pounds the limit at St. Joseph. Riley was the aggressor, but was unable to injure Riley by his clever rushes. English held the better of the contest, and in the seventh and eighth rounds, Buck Pottel of St. Joseph knocked out Joe Glenn of Omaha in the fifth round of a five-round bout. They weighed in at 125 pounds.

Sharkey and Monroe to Fight.

PHILADELPHIA, Feb. 26.—Tom Sharkey and Jack Monroe are to fight six rounds at the Second regiment armory in this city tomorrow night. Sharkey is reported in the best of condition for the bout. The men will fight for a guarantee and percentage of the receipts. Tickets to the amount of \$5.00 have already been sold. Under the laws no decision can be given by the referee.
