anouncement that Armour has bought the Lipton plant in Chicago is generally accepted in Omaha as good evidence that the lines of the beef trust are being tightened. At the time the proposed organization of the beef trust was openly announced, about two years

ngo. Armour made an attempt to secure entrol of the Lipton properties, but Sir Thomas refused to sell. He not only refused, but made the statement that if a trust was

organized among the packers in this country, he would fight it. This was given as one of the principle reasons why the organization fell through at that time One of the great Chicago packers, since decensed, stated when the project failed that the next time an organization was attempted it would be gone about more uletly and the public would not be taken into the confidence of the packing house operators.

A story went the rounds at the time of he attempted organization which created considerable talk. It was that G. F. Swift who was to have been president of the organization, and who was in fact the fore his appointment, my observation of him during his incumbency and the little I have known of him since satisfied me that man that was making the attempt to get the packers together, sent a cablegram to

have known of him since satisfied me that his character is very unjustly attacked in the diatribe of Mr. Scott. One charge is made against Mr. Taylor by Mr. Scott, which he doubly clinches with truth when he declares: "He was a black begro." I am led, however, to doubt his familiarity with his subject when he adds, "As black as you ever saw." Yours very truly, GROVER CLEVELAND. Sir Thomas Lipton which asked, "What will you take for your packing plant in Chicago?" The reply came back in four words, "What will you take?" This message ended the attempt to absorb the Lipton possessions.

It was generally understood at the time Mr. Webb said he wanted this denial to that Edward A. Cudahy of South Omaha was to have been general manager of the mammoth affair had the organization proven successful. The capital was placed

at \$500,000,000.

Have the missionaries in Corca been or-dered by United States Minister Allen to Manila or elsewhere? I respectfully ask in the interest of the Missionary Society of the Methodist Episcopal church. Mr. Hay replied as follows:

Au, hay replied as follows: Our missionaries in Corea have been ad-vised to consult with Minister Ailen and when practicable to follow his instructions. This movement does not assume to order their movements, but in time of war the legation opportunities for protoction are limited by hostile movements and by dif-ficulties of communication, so that prudence is advisable, having in view the safety of the missionaries and familles.
