CHARGE OF MANSLAUGHTER

Complaint Filed Against Policeman Moore for Death of O'Neill.

HOLDS HIM RESPONSIBLE FOR KILLING

Mother of Deceased Will Bring Suit Against Three Saloon Keepers
She Says Sold Her Son Liquor.

Policeman Fred C. Moore was formally charged with the killing of George P. O'Neill, 803 South Twenty-ninth avenue, and is confined in the city jail under suspension from the service and admitted to bail in the sum of \$400.

Information charging Moore with manslaughter was filed in police court yesterday morning by Assistant County Attorney F. L. Weaver. The information charges the prisoner with inflicting a mortal wound with a policeman's club, held in his right hand, upon the head of George P. O'Neill, who died last Monday morning at St. Joseph's hospital. The information also charges that Moore "did unlawfully kill and slay O'Neill."

The prisoner appeared in court with his counsel, Attorneys A. W. Jettis and F. S. Howell, pleaded not guilty and his preliminary hearing was set for next Tuesday morning in police court.

The crime for which Moore is charged occurred about 5:30 a. m. last Sunday at Henry Keating's saloon, Sixteenth and Davenport streets, while the officer was arresting O'Neill. At the corner's in-

IN MEMORY OF JUDGE OGDEN

Douglas County Bar Pays Tribute to a Honored Member.

JOEL W. WEST MAKES PRINCIPAL EULOGY

Judge Day Presides and Judge Estelle Speaks in Eloquent Words for the Bench of the District.

Services commemorative of the life and public services of the late Judge Charles Ogdén were held in court room No. 1 yesterday, under the auspices of the Douglas County Bar association. The attendance of local lawyers was very general and many were present from other towns throughout the county.

All of the seven judges of the district court occupied seats on the bench. Judge Day presided and at the proper time called upon the committee appointed to draw up the resolutions with regard to the death of Judge Ogdén for a report. Joel W. West, as the chairman of this committee, responded. The resolutions offered were not of a formal nature, but were made rather in the form of a eulogy and testimonial on the part of the committee to the universal esteem and respect in which the memory of Judge Ogdén is held.

Speaking for himself, Mr. West mentioned the fact that for a period of more than twenty-five years Judge Ogdén was associated in one capacity and another with the bar of Douglas county, and during that time no man knew him to be a lawyer with any but the highest of ideals as to the ethics and practice of his profession.

Lived by high ideals, "His social life, too," he said, was attended with a dignity and chivalry of conduct that impressed all who came in contact with him. When he pleaded a case in court every lawyer knew that his client's cause was just or Judge Ogdén would not have been identified with it before the bar of justice. From his boyhood he wanted to be a lawyer, and in his early home in New Orleans he was associated with such men as Judge P. Benjamin and Edward W. White. Brought up in such an atmosphere as this, as he matured he adopted the severest and highest standard of professional ethics, which, taken with his perceptions of natural justice, made him one of the most formidable of opponents. It was perfectly natural for him to rank high as a lawyer, for he held a perfect judicial poise and was absolutely fair and impartial in all that he did. Mr. West closed by a reference to his association with Judge Ogdén as his partner for a period of many years. Further remarks of a highly complimentary nature to the life and character of the dead were made by Attorneys Frank T. Ransom, E. M. Bartlett, C. R. Scott, C. E. Clapp, Frank Heller, George W. Deane, George W. Shields, A. A. Baldwin, L. F. Crofoot, A. S. Ritchie and Charles S. Elgutter, and the service was brought to a close by an eloquent tribute on behalf of the bench delivered by Judge Estelle. It was decided by the judges that the resolution offered be spread upon the

NO REPAIRS FOR BRIDGE NOW

Action as to Damaged Structure at Valley is Deferred by Commissioners.

There was a meeting of the Board of County Commissioners yesterday morning, at which little other than routine business was transacted. The matter of making repairs to the bridge at Valley, damaged a few days ago by floating ice, was taken up, and it was decided, in view of the fact as shown by a recent inspection of the bridge by the board that it is not rendered dangerous for public travel, to let the matter rest for the present, or until all possibility of further damage is past.

The board voted to request the Board of Registration to sit as a board of revision of the voting list April 2, in order that persons who have become of age or otherwise entitled to vote since the list was revised may be qualified to vote at the coming special election.

Clerk of the District Court Broadward made his quarterly report to the Board of County Commissioners this morning and incidentally turned over \$6,000, collected as fees since the last report was made.

DENIES STEALING THE GRIP

Man Arrested for Theft at Elkhorn Pleads Innocence and Gets Hearing.

John Smith, arrested a few days ago by Detectives Mitchell and Davis on a charge of larceny, was arraigned in Judge Altstad's justice court. The prisoner pleaded not guilty and his hearing was set for Monday afternoon at 2 o'clock.

Smith is charged with stealing a sample case from the depot at Elkhorn, February 28. The case was the property of George Erwin of the Emphy-Shugart company of Council Bluffs, and contained a quantity of razors, revolvers and other articles, representing a total value of \$8. Smith hid the grip and part of the contents about two miles from the Elkhorn depot, so it is stated.

NO PATRON OF OWN WARES

Newsboy Not Up to Time Because He Fails to Read the Papers.

The patrol wagon had just left Fifteenth and Farnam streets with a man arrested for expectorating in a public place. Two newsboys were discussing the circumstance when a third little merchant came on the scene and questioned his fellow workers thus:

"Hey, Reddy, who's de guy what got pinched?"

"Dat's de feller who spit on de floor over at de theater," answered the boy with the red hair.

"Arrested for spittin' on de floor?"

"Wily, yes, hain't you been readin' de papers?" replied Reddy, with an air of one who keeps abreast of the times.

WOMAN KNOWS THE NEGRO

Mrs. Grace Jetter Positively Identifies Carl Fisher as Holding Man.

ANOTHER PARTIALLY ACCUSES HIM, TOO

Prisoner is Bound Over from Police Court on Charge of Highway Robbery Under Thousand Dollar Bond.

Carl Fisher, colored, living at Thirty-second and Dewey avenue, has been arraigned in police court on a charge of highway robbery and bound over to the district court on a bond of \$1,000.

Mrs. Grace Jetter positively identified the man as the one who stopped her as she was entering her home at 121 Leavenworth street, on the night of February 25. Mrs. Jetter says she went to the front door of her home on that evening and, finding the door locked, proceeded to the side door, when Fisher followed her around and grabbed her hand bag, containing a watch and some money. Mrs. Jetter clung to the chain of her purse and thus had a good look at her assailant before the chain broke and Fisher got away.

Mrs. Jetter was not feeling well at the time of the holdup and the fright caused her to be unable to leave the house for several days. When accompanied to the police station to identify the prisoner, she fainted and grew noticeably nervous in view of the fact that the prisoner was brought in for arraignment.

Miss Vandora, who was stopped in a similar manner last Wednesday evening near her home at Twenty-second and Leavenworth streets, called at the station and partially identified Fisher as the man who tried to hold her up, but she was not positive.

ICE PREVENTS ANY HUNTING

Platte River Dangerous and Nimrod Are Unable to Get Any Game.

Councilman Hoye is back from the Yellowstone Gun club's rendezvous, near Gretna, on the Platte river, and says that, while ducks are numerous, the river is in a dangerous condition because of ice and shooting is impossible without endangering the life of sportsmen.

George Stafford and Bert Powers of Omaha and Otto Spitznagel of Elkhorn accompanied Mr. Hoye, but none had an opportunity to discharge a shell at a bird.

The club house of the organization was opened a week ago and Chris Treckle, the keeper, put in charge. A cook was put on the payroll and everything has been made ready for the comfort of the members during the shooting season.

Sad When He Thinks of Mamma.

Ray Hennings, aged 6, was taken to the police station the other afternoon and registered as a lost boy. He was clinging tightly to a sack of bananas and large tears were trickling down his cheeks as he answered the questions put to him by the officials. Asked why he was crying, he said because his mother would cry when she came to the station and found him there. In a few minutes the telephone bell rang and the child's mother was told of her son's whereabouts. Then the boy began to cheer up and told those about him some of the stirring events of his past life.

NOTICE OF BOND ELECTION

Formal Advice Served by County on City and Letter Prepares to Act.

The mayor and city council have received official notification from the county government that a special election will be held April 5 for the purpose of submitting the question of a large bond issue to take the floating indebtedness, to the people. This means a special revision of the registration books will be made on Saturday, April 2, and the city will be called upon to foot an expense budget amounting to about \$1,200.

City Clerk Elbourn announced that, owing to the short time allowed, he will begin preparations at once for the registration before the council and mayor has acted upon the matter. He will send personal notices to each of the 23 supervisors of registration, who did the work last fall, to prepare to labor again for the common well at \$3 per day. He must obtain seventy-six places of registration at rents not less than \$3 each and arrange for supplies, stationery and the transportation of the necessary fixtures.

WANTS TO RECOVER HIS BOOTY

Colored Man Thinks Imprisonment Entitles Him to Coal Which He Stole.

William Carter, colored, sentenced to twenty days in the county jail by Judge Berka some time ago for stealing coal from railroad cars, was released yesterday and immediately made his way to the desk of the police magistrate with this plaint:

"Moanin', judge. I jest got out dis moanin' and I done come after mah coal." Looking round the court room as if the 100 pounds of coal which he stole might have been kept for him.

"I haven't got your coal; we don't keep coal here, my friend," replied the judge with a smile.

Carter then explained that he thought the serving of his sentence would entitle him to the coal which he unlawfully took and which was brought to the police station when he was arrested.

He left the court room very much disappointed.

OMAHA GIRL'S RAPID RISE

Miss Mae Anauld Naudain is Given Leading Role in "Babes in Toyland."

Friends of Miss Mae Anauld Naudain, who left this city more than a year ago to begin a career in light opera, learn that she is succeeding admirably and has now been given a leading role in "Babes in Toyland," the remarkably successful musical piece playing a long run in New York. Her first work was done with this company when the piece was produced first in Chi-

THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it collects the mucus and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal and other harmless ingredients in tablet form, or, rather, in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the blood, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some cases a patent preparation, yet I believe I got more and better charcoal in Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

HOSTETTER'S
CELEBRATED
STOMACH BITTERS

There is no medicine in the world so good for weak or delicate women as Hostetter's Stomach Bitters. It acts as a tonic and regulator, thereby curing Pain in the Back, Cramps, Vomiting, Nervous Headache, Insomnia, Dyspepsia and Indigestion. We urge all sickly women to try it.

NEW PAVING SPECIFICATIONS

Revised Plans Submitted by City Engineer and Matter Goes Over to Monday.

City Engineer Rosewater submitted the revised paving specifications at a quiet and brief meeting of the Board of Public Works yesterday. No discussion was indulged in, and by common consent action was deferred until Monday morning at 10 o'clock in order to give the majority members a chance to inspect the documents. At this time, according to Building Inspector Witnell, there will be no storm from the present indications. He has intimated, however, that the specifications will hardly be approved without amendments and corrections and hints that the fight of the majority members is not yet ended.

The council committee which has been trying to investigate the inwardness of the specifications, the contentions about them and their making, but which has been prevented from proceeding with a secret inquiry by an injunction obtained by the building inspector, convened yesterday and adjourned to Monday at 10 o'clock. This was done because the injunction suit has not been disposed of. The members of the committee say their determination to make a searching investigation is as strong as ever, and that they do not propose to be "bluffed out."
