George H. Clark of the Grand hotel will leave today for South Bend, Ind.

Grand Ball Saturday, the 12th, G. A. R. Hall, given by Bluffs City Lodge, No. 511.

A marriage license was issued yesterday to Hans Jensen, aged 25 and Laura Larsen, aged, 26, both of this city.

The Aid society of the Woman's Relief corps will meet this afternoon at the home of Mrs. Irvin, 612 Washington avenue.

Myrtle lodge, Degree of Honor, will meet this evening in regular session for the initiation of candidates after which lunch will be served.

Mrs. Margaret Johnson of Melbourne, Fla., and daughter, Mrs. Young of Dunellen, N. J., are guests of Mr. and Mrs. L. C. Roberts of Washington avenue.

Mrs. J. A. Barrett and two daughters of Lincoln, Neb., were the guests of Mr. and Mrs. H. P. Barrett of Washington avenue yesterday, enroute to New York.

Mrs. Lane assisted by Mrs. Roberts will entertain at her home on Broadway and Grace street the women of Grace Episcopal church, this afternoon at a Lenten tea.

Royal Court of Honor, No. 1022, will hold its first business session this evening at the home of Deputy J. H. Brooks, 1111 Avenue B, followed by a box sociable.

The annual praise service and tea of the Women's Missionary association of the First Presbyterian church will be held this afternoon at 2 o'clock in the church parlors.

Godfrey Cadwell, aged 76 years, died late Wednesday night at his home near Lake Manawa, from brain trouble. His wife survives him. The remains will be taken to Reynolds, Neb., today for burial.

The funeral services of Mrs. Vigo Badollet will be held Saturday morning at 11 o'clock at the family residence, 162 Glen avenue, conducted by Rev. James Thomson, pastor of the First Congregational church. Interment, which will be private, will be in the afternoon in Prospect Hill cemetery, Omaha.

Californian papers received here contain accounts of the suicide recently in Santa Monica of Leroy E. Mosher, a former resident of this city. He was married in this city to Miss Kate Bayliss, daughter of Samuel Bayliss, who donated the beautiful park bearing his name to Council Bluffs. Financial reverses are said to have prompted Mr. Mosher to take his life.

The funeral of Mrs. H. H. Oberholtzer, held yesterday afternoon from the family residence on Third street, was largely attended by friends of the deceased and bereaved family. Rev. James Thomson of the Congregational church, of which Mrs. Oberholtzer was a lifelong member, conducted the services. The music was rendered by Mrs. Mullis and Mrs. Sherman. Many beautiful floral tributes attested to the esteem and affection in which deceased was held. Burial was in Walnut Hill cemetery.

Ogden Hotel—Rooms, with or without board; steam heat; free bath; public parlor.

Nonpareils Take Them All.

On the South Main street alleys yesterday afternoon the Nonpareil bowlers took three straight from The Bee team. Score:

POLITICAL TALK PLENTIFUL

Renomination of Dell G. Morgan for Mayor is Generally Conceded.

OLSON AND LOUGEE ALDERMEN-AT-LARGE

Democrats Take Up Lucius Wells for Mayor and Fight Is Between Him and Dr. Donald Macrae, Jr., for the Nomination.

That Mayor Dell G. Morgan will be accorded a renomination by the republicans is now generally conceded, and Alderman E. H. Lougee, who has been repeatedly mentioned in connection with the mayoralty nomination, will be nominated for alderman-at-large, with Alderman John Olson as his running mate, the latter's renomination being assured.

At the meeting of the Scandinavian Republican club resolutions indorsing the renomination of Mayor Morgan and the nomination of Alderman Lougee for alderman-at-large were enthusiastically adopted. The club also indorsed the nomination of J. A. Gorham for city assessor.

City Auditor Evans has announced his willingness to accept a renomination at the hands of the republican city convention. At the opening of the municipal campaign Mr. Evans, having arranged to leave Council Bluffs in the spring, stated he would not be a candidate for the office of city auditor again. Recently unforeseen circumstances have caused him to alter his plans and he now expects to remain in Council Bluffs. In view, however, of his former announcement that he would not seek a renomination, Mr. Evans says he will not make any fight for the nomination, but if tendered him he will gladly accept it.

In the Fourth ward H. F. Knudson, who announced himself a candidate for the republican nomination for alderman, has withdrawn from the race owing to the demands of his business on his time. In his place, however, Ed Ford has entered the political arena and is an aspirant for the aldermanic nomination from this ward.

A. G. Clawson, who was a candidate for the republican nomination for alderman in the Sixth ward, announced yesterday that owing to his brother's serious illness he had been compelled to withdraw from the race. John M. Harden, another aspirant for aldermanic honors in this ward, who was reported to have withdrawn, announces that he is still in the ring and has no intention of withdrawing, as he is a "stand patter."

The name of Lucius Wells is to be heard with considerably frequency these days in connection with the democratic nomination for mayor. Friends of Mr. Wells say that he would accept the nomination. Recent developments indicate that the democratic mayoralty nomination now lies between Mr. Wells and Dr. Macrae.

J. W. Bell and Peter Smith have been announced as candidates for the democratic nomination for city auditor, and that Mathew Higgeson will be content with a renomination for weighmaster.

Captain J. J. Brown and Robert Rain are reported to be the latest aspirants for the democratic nomination for park commissioner.

Some new candidates for democratic nominations for alderman have come to the front in the last few days. John Garner is announced as a candidate in the First ward, S. G. Underwood and Charles Paschel in the Fourth and C. C. Larsen in the Fifth.

Lowder Case is Settled.

A settlement of the Lowder $150,000 personal injury damage suit against the Burlington railroad brought the work of the federal court yesterday almost to a standstill and Judge McPherson dismissed the petit jury until May 3. Court, however, will not be adjourned until some day next week, as Judge McPherson has arranged to hold a hearing Monday in the long drawn-out "Oxydonor" case from Des Moines.

The settlement in the Lowder suit was reached after a jury had been impaneled but before counsel made their opening statements. The railroad company offered to consent to a judgment for $4,000 and the offer was accepted. Mrs. Addie L. Lowder, wife of John W. Lowder, at present a resident of this city, was injured in the wreck on the Burlington at Thayer, Ia., in May, 1901. Three suits, each for $50,000, were brought against the railroad, one by John W. Lowder, the husband, for himself, the second by Lowder as administrator of his wife's estate and the third by H. W. Proctor, guardian of Mrs. Lowder, who had been declared insane. By agreement the three suits had been combined for the purpose of the trial.

The case against George L. Wilkinson, postmaster at Neola, indicted on a charge of unlawfully withholding mail of the Neola Reporter, was continued to next term.

The trial of Henry Ertz of Carroll, charged with sending an obscene letter through the mail, was continued to next term, Ertz being released on $500 bail.

The injunction suit of W. E. Nestlehouse against Attorney S. B. Wadsworth, arising out of the recent saloon fight, was dismissed at plaintiff's cost.

The suit of James Doddridge and others against the Novelty Manufacturing company of this city and W. I. Walker was dismissed.

Attorney Thomas H. Milner of Belle Plaine, Ia., counsel for J. S. Gregory, now serving a twenty years' sentence in the Fort Madison penitentiary under the state habitual criminal act, submitted before Judge McPherson his application for a writ of habeas corpus to secure his client's release from prison, on the grounds that the act under which he was committed was unconstitutional. Attorney Milner took the stand that the law is unconstitutional in that it in fact provided a second sentence for previous crimes expiated by the person committing them, by serving the sentences imposed for their commission, and, further, that it provided a punishment in excess of the punishment provided by law for the crimes separately. County Attorney Killpack, who appeared for the state, took the ground that the objections raised by Gregory's counsel were purely questions for the state court. He contended that the habitual criminal act did not provide a second punishment for crimes for which a person had previously been convicted, but was intended to, and in fact did, provide a more severe punishment for a man who had violated the law repeatedly than for the man who committed his first offense. Judge McPherson has taken the question under advisement and expects to hand down his ruling some time next week.

Invite Bids for Library.

The board of trustees of the free public library have invited bids for the purchase of the two residences on the site of the proposed Carnegie library building at the corner of Willow avenue and Pearl street. Both residences are of brick, one being the old W. H. M. Pusey home and the other the Pinney family home, a more modern building. Prospective bidders can bid on both or either of the two houses, which will have to be removed within twenty days from date of purchase. The brick office building on the Pinney property the board has decided to retain for the present to be used as an office during the construction of the Carnegie library.

Bids for the construction of the Carnegie building and the purchase of the two residences must be in the hands of Secretary Stewart of the library board by 11 a. m. on April 7. The plans and specifications of the new library building, which are now in the hands of the buildings committee of the board, will be on view at the office of Woodward Bros., the local architects, on and after March 17.

MANY CASES WIPED FROM DOCKET.

Judge Thornell Dismisses All Which Have Gathered Moss.

Judge Thornell wielded his blue pencil with considerable vigor yesterday with the result that over 100 cases which have been encumbering the district court docket for a year or longer without being brought to trial were stricken from the calendar. This work kept the court busy practically the entire afternoon.

The hearing on the motion for a new trial in the case of W. C. Rogers, convicted of murder in the second degree for the killing of Saloon Keeper Bert Forney, was again postponed, this time on the application of the attorneys for the defendant and the court fixed it for this morning, intimating that no further continuance would be granted. The counter affidavits filed by Assistant County Attorney Hess in rebuttal of the affidavits filed by Rogers' attorneys took the latter somewhat by surprise and they told the court they needed time to examine them and secure evidence to refute them.

Regarding the affidavit of W. L. Trussell, the Northwestern railroad tower man, counsel for Rogers in their motion yesterday for a continuance of the hearing state they will be able to prove that the police were misinformed and that when Trussell was questioned by them he was busy with his duties in the watch tower and had not time to go into details. They say they will also show that Trussell was never asked before to make a full statement of what he knew about the shooting of Forney.

As to the counter affidavit of John Burke, filed by the assistant county attorney, Rogers' counsel state they will show that Burke went to the saloon of J. W. Pinell to use the telephone just after the shooting and that he said there that he had been sent by the tower watchman to telephone the police, as Forney had been shot.

The hearing of the suit brought by Mrs. W. C. Keeline against A. A. Clark to set aside the deed to the Keeline property on East Broadway, which she claims she was forced to sign under threats by her husband, was concluded yesterday and Judge Thornell took the matter under advisement.

It is doubtful if Judge Thornell will be able to complete the work of this term of court this week as he had hoped.

Hafer sells lumber. Catch the idea?

GIRL IS DROWNED WHILE SKATING.

Daughter of California Junction Man Runs Into a Hole on Lake.

MISSOURI VALLEY, Ia., March 10.—(Special.)—Maud Buckingham, daughter of Jesse Buckingham, residing near California Junction, was drowned in Cutoff lake, two and one-half miles from California Junction, Tuesday afternoon. The young woman left her home Tuesday noon with the intention of visiting a relative in the town and started to skate across the lake. This was the last seen of her. Her parents became alarmed when she did not return home the following day and on investigation found she had not been seen at the Junction. A searching party went out and late last night found the body in the lake. She had skated into an air hole, where the ice had been cut out and drowned in fourteen feet of water. She was 19 years old and a popular young woman. The Buckingham's came to Harrison county from Shenandoah, two years ago, and lived on the bank of the lake just west of California Junction. The funeral will be held tomorrow forenoon.

WERE BLOWN INTO THE STREET.

Explosion of Gas Completely Wrecks Millinery Store.

ROCKWELL, Ia., March 10.—An explosion of gas completely wrecked the millinery store of Miss L. M. Moran today. Miss Moran, Miss Etta Auguer, Mrs. Kelley, Tarpy and Howard Sigfried were blown into the street and all were more or less injured.

Has Fight with Burglar.

IOWA CITY, Ia., March 10.—(Special.)—Burglars broke into George Spiedle's clothing store Wednesday night and packed about $1,000 worth of goods in telescopes, taking the best articles they could find. Homer Spiedle, a younger brother of the proprietor, happened to see a shadow in the store and, suspecting thieves, went in and surprised them. There were two men. One fled through the back door, but the other showed fight. He sprang at Spiedle, threw him down and choked him into insensibility, then leaped through a rear window and escaped. He carried off about $100 worth of goods. One burglar left his overcoat, which he evidently planned to trade for a new one. Although the police arrived in a few minutes they were unable to get a clew, though Spiedle says he would recognize his assailant.

Burglars Choke Iowa Man.

IOWA CITY, Ia., March 10.—In a desperate encounter with two burglars, surprised in the act of plundering his brother's general merchandise store, Homer Spiedels was choked into a state of insensibility last night and left lying under a counter, where he was found half dead today. The burglars secured about $1,000 worth of goods and made good their escape.

Red Hot from the Gun.

Was the ball that caused horrible ulcers on G. B. Steadman, Newark, Mich. Bucklen's Arnica Salve soon cured him. 25c For sale by Kuhn & Co.

Brewery Workers Win.

CHICAGO, March 10.—Differences between the Brewery Workers' union and the Chicago-Milwaukee Brewers' association are virtually settled. The employers have acceded to the demands of the union for an increase of $1.50 a week, making the wages $18. The employers also agreed to hire only union masters and brewery workers. All that remains is the question of hours, which the conference committee tomorrow is expected to decide.

TWINE FACTORY FAVORED

Committee Says it Would Be Profitable Employment for Convicts.

SAVE ALMOST HALF MILLION TO FARMERS

Governor Recommends Some Changes in Extradition Laws to Meet Emergencies Like the Dye Poisoning Case.

(From a Staff Correspondent.)

DES MOINES, March 10.—(Special.)—The general assembly received a report today from a special committee on the manufacture of binding twine, in which the committee strongly recommended that the state make an appropriation of about $160,000 for the establishment of a plant for the manufacture of twine at Anamosa penitentiary. The committee gave a computation showing that the making of twine at the penitentiary by convict labor to supply the needs of the farmers of Iowa would effect a saving of at least $400,000 from the prices charged by the harvester trust for twine in Iowa. The report included statements furnished by the warden of the penitentiary in Minnesota showing the accomplishments of the state twine-making factory there, the profits to the state and the prices at which twine has been sold. It would give employment to about 200 convicts at Anamosa; the work does not come into competition with free labor; the buildings can be erected by the convicts and the effect in offsetting the extortions of the harvester trust would be great. The same committee reported adversely on any effort to work the convicts on the highways of the state. The committee consisted of Messrs. Powers, DeLano, Young and Smith.

Hearing as to Deaf School.

The expectation is that a large delegation will come to the city next week from Council Bluffs to oppose the removal of the Deaf school, and there will be persons here from Grinnell to urge that if it is removed, that city would be a candidate for the location. The movement, so far as it can be ascertained here, is wholly from the members of an association of deaf persons who desire that the school shall be located nearer the center of the state. The state officials and those officially connected with the school have manifested very little interest in the matter save as called upon for information, and the members of the legislature have not given the matter serious consideration. It is believed that some effort will be made to get it at Knoxville if there is to be a change.

Extradition Law Lame.

Governor Cummins sent to the legislature this morning a special message in regard to the requisition and extradition laws of the state, anent the recent experience of the state with regard to the case of Mrs. Dye. It was found, so he stated, that under the law as it is now, it is not possible to legally issue extradition papers to take Mrs. Dye back to South Dakota from the fact that while she is accused of murder in South Dakota by sending a box of poisoned candy from Boone to a girl at Pierre, which caused the death of the recipient, yet she had never been in South Dakota and was not therefore a fugitive from justice in that state. He recommended that the law be amended so as to provide for extradition in just such cases and not alone in cases of persons fleeing from their states, and stated he had requested the attorney general to prepare a bill covering the point which he would like to have passed.

Old and New Lawmakers.

This afternoon the members of the Pioneer Lawmakers' association visited the houses of the legislature by special invitation. They first went into the house, where they were given seats. There were addresses by Representatives Bixby, Colclo and Gregory and by Colonel B. F. Clayton, General James B. Weaver and Colonel Moore, sergeant-at-arms. Later the members went to the senate, where a similar program was carried out, and they were welcomed by Senator Trarner and others and there were impromptu responses.

Lake Beds Sale.

The house at the morning session passed no bills. The Robinson bill to dispose of the lake beds of the state and to place it in the power of the executive council to close up a bothersome question of long standing, was discussed at length and finally referred to the judiciary committee after some amendments were accepted.

The Chassell bill to provide greater safeguards for the formation of mutual insurance companies and to require them to reinsure during the period of formation all the business which they take, was defeated, 23 to 55. The argument in opposition was to the effect that all such insurance is valueless and there should be no encouragement to the formation of mutual companies.

Senate Session.

The morning session of the senate was for the most part a quiet and rather uninteresting affair. Beyond the communication from Governor Cummins on the desired amendments to the extradition laws and the reading of the legislative committee report regarding the advisability of manufacturing binding twine at the Iowa penitentiary, little of interest occurred.

Three bills were passed, no opposition developing to any of them. Lambert's bill amending the fish and game laws so as to provide that no bass of any kind may be taken or killed out of season was adopted.

Warren's bill to provide for the classification of teachers' certificates was adopted. The bill does away with the annoyance of frequent examinations for a teacher holding a first grade certificate, and regulates the examinations of holders of second and third grade certificates.

A bill giving cities of the second class and towns the right to vote a tax for the erection of public buildings was, after being slightly amended, adopted. It had already passed the house, but will have to go back for concurrence in the senate amendments.

Pioneer Iowa Lawmakers.

At the meeting of the Pioneer Lawmakers' association in the historical building this forenoon a series of resolutions were adopted, including one recommending the erection of a monument to the memory of Ansel Briggs, the first governor of the state, and the bringing of his remains to Iowa from Omaha, where he died and was buried. The resolutions also favored the early completion of the state historical building and prayed for the early, complete recovery to health of Curator Charles Aldrich, who is now ill. Several papers were read paying tributes to the memory of former state officials and legislators. The following officers were elected: President, General J. B. Weaver; secretary, Isaac Brandt; assistant secretary, E. N. Steadman; vice presidents, H. H. Trimble, Samuel McNutt, J. W. Moir, William Larrabee, William G. Thompson, T. B. Perry, M. A. Dashiel, Colonel W. S. Dungan, George Carson, J. L. Kamrar, R. A. Smith; executive committee, B. F. Gue, E. M. Casady, G. L. Godfrey.

Telephone Association Meets.

The Iowa Association of Independent Telephone Companies today elected T. C. Sullivan of Creston president, S. S. Lichty of Vinton vice president and Charles S. Deering of Des Moines secretary and treasurer. Arrangements were made today by the association for a clearing house for the business between the different companies and this will be managed by a company composed of leading owners of independent lines in the state. The Postoffice department was severely scored for favoritism in the matter of allowing use in postoffices only of the Bell telephones.

MAY FIND LOST ROGERS CHILD

Arrest of Uncle at Chicago Expected to Lead to Its Recovery.

CHICAGO, March 10.—The arrest of "Kid" Ely at Buffalo, N. Y., it is believed here, may reveal the hiding place of Miss Florence Ely and the child, Frank Ely Rogers, who disappeared in 1901 from the home of James C. Rogers, a wealthy resident of Evanston. Ely, who is a brother of Miss Ely and is an uncle of the child, is charged with picking pockets. The prisoner is thought to have been providing his sister and nephew with funds and to have directed them to refuge in Canada, where they are now alleged to be, close to Niagara Falls.

Search for the child and aunt have been conducted on the theory that Ely had planned the flights from a penitentiary cell at Wethersfield, Conn., and that the necessary money had been advanced by a woman companion.

Vengeance against Rogers' family for having cut him off, after aiding him for years, is the alleged motive.

NEGRO ROUSTABOUTS LOSE OUT

White Crews Hired to Take Place of Strikers on Mississippi Packet.

ST. LOUIS, March 10.—A strike of negro roustabouts, to enforce a demanded increase of wages from $45 a month to $75, a few minutes before the scheduled time for the departure of the steamer Gray Eagle today, resulted in the hiring of forty Austrians through an employment agency, and rivermen declare this move marks the beginning of the passing of roustabouts. Other packet lines say they will follow the lead of the Eagle Packet company and hire white crews.

The roustabout question has grown to serious proportions within the last year, as the negroes have frequently demanded excessive wages just prior to the time set for departure of steamers, and rather than delay leaving the steamer companies have been forced to meet the demands.

La Grippe Cured by Chamberlain's Cough Remedy.

The great danger from la grippe is of its resulting in pneumonia. This can be avoided by using Chamberlain's Cough Remedy. Among the tens of thousands who used this remedy during the epidemic of la grippe of recent years no case has ever been known to result in pneumonia which shows exclusively that it is a certain preventive of that dangerous disease. Price 25 cents; large size, 50 cents.

One More Theater Victim.

CHICAGO, March 10.—Another name has been added to the death list of the Iroquois disaster. The latest victim is Mrs. Elizabeth Carrington, who died today of injuries received in the theater fire.

NEGROES LEAVE OHIO TOWN

Many Sleep in Country When They Cannot Reach Other Places.

QUIET NOW REIGNS AT SPRINGFIELD

Eighteen Companies of State Militia Are Present to Preserve Order and Mob Has Been Dispersed.

SPRINGFIELD, O., March 10.—This city last night passed its first peaceful night of the week. While there was much anxiety during the night, owing to the demonstrations in the afternoon and evening, there is such a restoration of confidence today that normal conditions prevail. Shops which have run short-handed this week and some forced to close yesterday are all running as usual today. Those who have been augmenting the crowds in the streets are back at work, while eighteen companies of militia occupy the public places and the streets.

The trouble started last Sunday morning when Richard Dixon, colored, killed Officer Collis, and it ended today with the impressive funeral services over the body of Sergeant Collis at St. Raphael's Catholic church. General McMakin and Colonel Mead, with eighteen companies of militia, supplied patrols for the city, so that the entire police force, with all the city and county officials, were in attendance. Some of the soldiers also attended. Only a small part of the populace about the church could gain admittance.

The mob-swept districts along the levee, the public buildings and all probable points of trouble are today strongly guarded by troops. The west end of the levee that was raided yesterday afternoon and completely dismantled attracts more visitors than the "burned district."

All the colored occupants of both districts are gone and none know where they are now. While no negroes were out last night, many are on the streets today. It is known that many negroes who have been unable to reach other cities slept out in the country last night. There has been much apprehension over what the negroes might do after the troops leave, but that anxiety is now less intense, as both whites and negroes seem to have had enough of mobs this week. While the licenses of colored dealers were revoked yesterday, all saloons are still kept closed. The troops last night kept the crowds on the move and finally dispersed them altogether.

After a conference between the civil and military authorities today it was decided not to ask Governor Herrick to relieve any troops until tomorrow, and then the withdrawal will be gradual. The mobs have intimated that they would finish the job, but it is evident that no more incendiary work would be done, although less than half of the "odious dives" have been burned.

This city is the headquarters of the "National Anti-Mob and Lynch Law association," that meets monthly and always adopts resolutions when lynchings occur in any part of the country. It claims 30,000 members in branches throughout the United States. Springfield is also the home of ex-Representative Stewart, author of the Ohio statute providing heavy penalties for those participating in lynchings.

A determined effort will be made by Judge Mower and Prosecutor McGrew to procure the indictment of the leading members of the mob who lynched Dixon. Under a state law an attempt, successful or otherwise, to take a prisoner from the authorities is a felony punishable by one to ten years in the penitentiary. It is asserted that evidence enough has now been secured to procure the indictment of at least twenty men under this statute.

Dentist with well established practice in an excellent location in Bee building desires gentleman to share office, preferably physician. Address E 38, Bee office.

Winter Eczema

Winter Eczema, sometimes called Dry Eczema, or Tetter, is one of the severest forms of this most torturing and aggravating of all skin diseases. As cold weather approaches the skin thickens and hardens, cracks and bleeds, and in bad cases crusts and sores form and the parts affected become intensely painful, tender and swollen. The itching, burning and smarting is so terrific at times that the sufferer is made almost desperate, and the nerves are so unstrung that sleep is impossible. Like all other skin-torturing diseases, Winter Eczema is caused by acids circulating in the blood, and while soothing applications are helpful, no lasting benefit can come from external treatment. The disease is in the blood; the entire system is saturated with the poison and the blood aflame with the fiery acids, and only a remedy that enters into the circulation and destroys the poisons will afford lasting relief from the torments of Eczema.

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky scabs came, and when these would shed off the places became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years.

CHINA and JAPAN, via Seattle (specially addressed only), close here daily at 6:30 p. m. up to March 13th, inclusive for despatch per s. s. Pleiades.
CHINA and JAPAN, via Vancouver and Victoria, B. C., close here daily at 6:30 p. m. up to March 15th, inclusive, for despatch per s. s. Empress of India. (Merchandise for U. S. Postal Agency at Shanghai cannot be forwarded via Canada.)
HAWAII, JAPAN, CHINA and PHILIPPINE ISLANDS, via San Francisco, close here daily at 6:30 p. m. up to March 18th, inclusive, for dispatch per s. s. Siberia.
NEW ZEALAND, AUSTRALIA (except West), NEW CALEDONIA, FIJI, SAMOA and HAWAII, via San Francisco, close here daily at 6:30 p. m. up to March 19th, inclusive, for dispatch per s. s. Sonoma. (If the Cunard steamer carrying the British mail for New Zealand does not arrive in time to connect with this dispatch, extra mails—closing at 5:30 a. m., 9:30 a. m. and 6:30 p. m.; Sundays at 4:30 a. m., 9 a. m. and 6:30 p. m.—will be made up and forwarded until the arrival of the Cunard steamer).
AUSTRALIA (except West), FIJI ISLANDS and NEW CALEDONIA, via Vancouver and Victoria, B. C., close here daily at 6:30 p. m. up to March 26th, inclusive, for dispatch per s. s. Moana.
HAWAII, JAPAN, CHINA and specially addressed mail for the PHILIPPINE ISLANDS, via San Francisco, close here daily at 6:30 p. m. up to March 26th, inclusive, for dispatch per s. s. Coptic.
PHILIPPINE ISLANDS, via San Francisco, close here daily at 6:30 p. m. up to March 27th, inclusive, for dispatch per U. S. Transport.
NOTE—Unless otherwise addressed, West Australia is forwarded via Europe; and New Zealand and Philippines, via San Francisco—the quickest routes. Philippines specially addressed "via Canada" or "via Europe" must be fully prepaid at the foreign rates. Hawaii is forwarded via San Francisco exclusively.
Transpacific mails are forwarded to port of sailing daily and the schedule of closing is arranged on the presumption of their uninterrupted overland transit.
(Registered mail closes at 6 p. m. previous day.

CORNELIUS VAN COTT,
Postmaster.

Postoffice, New York, N. Y., March 4, 1904.
