MR. M'LAURIN REFUTES CHARGES MADE

Says Pictures Connected President and Booker T. Washington in a Manner to Excite Race Prejudice.

WASHINGTON, March 12.-In the senate today Mr. McLaurin of Mississtppi took the floor to make a personal explanation rephotographs of President Roosevelt and Booker T. Washington.

Ordinarily, said Mr. McLaurin, a story of this character may not be worth attention, but under the circumstances he feit he should refer to it for the purpose of refuting it, as it is entirely without founda-

Mr. McLaurin said that the paragraph had grown out of a statement made in a newspaper letter written by A. G. Paxton, an attorney of Leland, Miss., who told of the arrest at that point of three men who, he said, were engaged in selling pictures of the president and Mr. Washington meated at the table together and also pletures of obscene characters. These pictures, he said, appealed strongly to race

Similar arrests also, Mr. McLaurin said, had been made at Indianola and it was ! found upon the hearing of the case that Cincinnati firm engaged in publishing the pictures in question had many agents out in the interest of these works.

The men were tried and some of them sent from the country and Mr. McLaurin expressed surprise that any community should have permitted them to be tried. He said the penalty imposed by the law was entirely too small and expressed the opinion that the death penalty would not be too severe. He added that the arrests were not made because the men were selling photographs of the president or of Mr. Washington, but because they were selling lewd pictures. The following bills were

Last night the Omaha High school basket bell team easily defeated the Council Bluffs High school by a score of 57 to 4. The game was full of spectacular plays by the Omaha boys. The team from the Bluffs was clearly outclassed at every turn and its many fouls proved costly. This is the first time that the teams have ever met and the Omaha boys expected a hard fight. As a pre-liminary the "J. J. I."s" of Omaha played the South Omaha Terriers, defeating the lads from the Twin City by a score of 10 to 7. Uricsol Cures rheumatism

Uricsol is a positive cure for rheumatism and other diseases which are caused by an extess of Uric Acid.

It is this excess of Uric Acid which forms into urates and, lodging at joints coming in contact with the nerves, causes the pain which is called rheumatism. Uricsol causes these deposits of urates to become dissolved and then eliminates them from the body. It removes the cause and is therefore the only remedy that can be depended upon to absolutely cure theumatism, gout, etc.

Uricsol is a radical departure from all so-called cures. Uricsol does not interfere in the with the stomach or digestive functions; it has tonic properties which increase the appetite and is of itself a general stimulant for the liver and kidneys.

Liver, and its assistance in the climination of waste matter, and those who have used it the most liberally have experienced its tonic effect in an improved appetite and increased buoyancy, both mentally and physically to a marked degree.

This can be easily understood when we realize that most diseases originate primarily or as a secondary consequence from the retention of effect matter within the body.

Assisting Nature mildly but continuously in this exerctory process until it is able to regain its normal tone, and accomplish this duty without help, is only one of the many virtues of Uricsol.

The use of six bottles caused the enlargements and the deposits to disappear, the joints to resume their normal functions and the hands again became useful members.

The removal of the deposits about the joints usually requires three or four times the amount of Uricsol required in the instance cited, and in this sense it is not strictly a typical case. It, however, proves the possibilities in every such case, and gives to chronic sufferers evidence that they are not beyond cure if they will do their part faithfully.
