Strong Delegation Will Appear Before the Committee of the Legislature.

PUBLIC HEARING IS' SET FOR TUESDAY

Measure Thought to Have Little Chance in the Senate, but Action of the House is Not So Certain.

Council Bluffs will be represented by a strong delegation in Des Moines at the appropriations of the state legislature on the bill to appoint a commission to remove the School for the Deaf from this city and tence to thirteen years and nine months. relocate it at a point within 100 miles of

Des Moines. The delegation will comprise Hon. Smith McPherson of Red Oak, judge of the United

States court; Congressman Walter I. Smith, John N. Baldwin, Hon. W. E. Bainbridge, Almor Stern of Logan, H. H. Van Brunt, president of the Council Bluffs Commercial club; H. W. Binder, chairman of the executive committee of the Commercial club; Brooks Reed, secretary of the Commercial club: Chris Jensen, Victor E. Bender, vice presidents of the Commercial club; Mayor Dell G. Morgan, Alderman C. W. McDonald, City Treasurer Frank T. True, Dr. V. L. Treynor, former State Senator William Groneweg. County Superintendent O. J. McManus, F. L. Reed, clerk of the district court; H. A. Quinn, B. M. Sargent, C. H. Chisam, Charles A. Beno, F. R. Davis, W. H. Town, F. W. Miller, J. W. Keys, George S. Wright, Leonard Everett. Most of the members of the delegation left for Des Moines in a special car yes-terday morning over the Rock Island. Others will leave this morning.

State Senator Baunders, who spent Satur flay at his home in this city, said he felt confident that the bill will never pass the senate, but thought it possible that the one introduced in the house by Representative Wright of Webster county might, as Representative Wright exercised considerable influence in the house,

The bill, while providing for the appointment of a commission to relocate the institution within 100 miles of Des Moines. also carries with it an appropriation of \$250,000 for new buildings and further provides for the purchase of 220 acres of land as a site for the school. The bill, if passed, would further mean the abandonment of property worth at least \$100,000, according to the report of the Board of Control, owned by the state in Council Bluffs. These features of the proposed bill, in Senator Baunders' opinion, will will kill it.

Fort Dodge is now the loudest advocate for the removal of the school. It is not entirely disinterested, however, as it wants the school, and Fort Dodge comes within the 100-mile limit of Des Moines. Representative Wright, who introduced the in the house, lives at Fort Dodge.

terday. The caucus system is followed in the county and the caucuses were nearly all held at the time of the primary, so that the convention could be called at any time. There is little doubt that the county will place the delegation in the hands of Judge Nichols of Perry, who is a candidate and Attorney H. K. Evans of Corydon. for delegate to the national convention from the district, and that there will be an endorsement of Governor Cummins and J. L. Parish, who resigned to go into reg-

his administration and the republican state platform. The Madison county convention will be held soon after and then the convention in Story county. Warren county will likely present a candidate for congress in the person of Judge J. H. Henderson. The friends of Hull still feel entirely con fident that there will be no serious effort to defeat him in the convention, especially if he makes no further attempt to influence the state convention against a Seventh district delegate to the national convention. Whether there has been an actual truce entered into again is not known. Before the last republican primary in this county an agreement was entered into be-

would be no fight on him in the county convention, but it was broken and a delegation of anti-Cummins men named. The Hull people have since denied any agreement, but it was entered into by mittee of his friends. But now it is generally believed that the fight will be confined entirely to the district delegates. There are two candidates in Polk county and several outside, and this will make an interesting race. The fact that the congressional convention was given authority to select the delegates to Chicago is licating the matter.
