

CITY COUNCIL PROCEEDINGS

John Redell Shows Up with Big Claim Against City for Salary.

WANTS PAY FOR TIME HE WAS IN COURT

Backed by Attorneys Weaver & Gillier He Asks Council to Allow Him \$1,462.51 as Being Justly Due Him.

Former Fire Chief John Redell has filed a \$1,462.51 salary claim against the city. He wants pay for the time he stayed in Omaha after his name was omitted from the pay roll by the mayor and council and before the day he was dismissed by the Board of Fire and Police Commissioners.

The letter sets forth that Redell had been chief of the Omaha fire department for several years prior to June, 1901. That on June 13, 1901, the mayor and council without authority dropped Redell's name from the salary appropriation ordinance.

From June 13, 1901, to February 20, 1902, he was in law chief of the fire department, according to the communication, as he had not been suspended or discharged. He was ready and willing at all times to perform such services, and while waiting for calls upon him for this kind of service, was not in a position to do any other work.

Mayor Mores vetoed a resolution to tender \$2,300 out of the sewer bond fund for land appropriated for the Clifton Hill sewer.

Councilman Hoye was absent and by a tie vote, Back, Huntington, and the Board of Public Works was instructed to adopt specifications for stone sidewalk crossings, as prepared by the city engineer.

The Advisory board was authorized to buy 500 feet of two-inch hose and twenty-five feet of four-inch suction hose for the use of the sewer department.

Proposed amendments to the market house ordinance, including an increase of salary for the superintendent, were rejected, upon the recommendation of the committee.

Logan School Affairs. LOGAN, Ia., March 15.—(Special.)—The annual report of the Logan school board has just been made for the year from February 28, 1903, to March 2, 1904.

The sidewalk committee reported a street crossing badly needed at Thirty-first and Decatur streets. An effort will also be made to induce the city to have a water main laid on Decatur street, from Thirtieth to Thirty-second street, to accommodate the people of that vicinity.

In order that the tree planting proposition may be more intelligently handled and the necessity of some expedition being used in the matter, all property owners of the Prospect Hill district are asked to drop a postal card to J. F. Daley, chairman of the tree committee, at 1520 North Thirty-fifth street, indicating the number and kind of trees they desire planted in front of their premises.

That Awful Cold. And its terrible cough can soon be cured by Dr. King's New Discovery for Consumption. Try it. No cure, no pay. 50c. \$1.00. For sale by Kuhn & Co.

MILLARD RIFLES MAY QUIT Some Likelihood of Company Being Mustered Out for Want of Officers.

In view of the fact that Captain G. W. Sues will temporarily leave the city, and has requested to be relieved as company commander of the Millard Rifles and as Lieutenant Remington has declined to assume the responsibilities of a commanding officer, the possibilities are that the company will be mustered out of the service.

South African Manager Anheuser-Busch Brewing Assn. Cured of a Severe Cold by Chamberlain's Cough Remedy.

"During my trip in the Transvaal I contracted a heavy cold. I am pleased to state that Chamberlain's Cough Remedy gave me prompt relief and after continuing its use for a few days was entirely rid of the distressing indisposition," says Mr. Albert E. Stansby, manager of Anheuser-Busch Brewing Association, Cape Town, Africa.

CLOSING OUT ALL OUR Buggies, Carriages and Wagons FREDRICKSON Fifteenth and Capitol Ave.

CHICKENRY'S ENGLISH PENNYROYAL PILLS

MUSIC AND MUSICIANS

"Joan of Arc," a historical cantata by Alfred B. Gaul, was presented last evening before a large audience by the choir of the First Congregational church. The cantata suggests to the auditor's mind the adventurous career of the Maid of Orleans, and is replete with tuneful melodies.

ECONOMY OF FUNDING BONDS

Saving Interest Supplemental by Saving on Contracts Through Resumption of Cash Basis.

LINCOLN, March 15.—To the Editor of The Bee: I notice that an ex-deputy county treasurer has come out against the proposition to fund the county's floating indebtedness which, if it were to carry, would enable the county to do business on a cash basis.

Arguments advanced by the ex-deputy county treasurer are weak in the extreme and will not stand analysis from the standpoint of anyone but the warrant broker.

Why should Douglas county pay \$14,000 per year for interest on warrants when the same obligation can be carried for \$7,500 per year by converting it into interest bearing bonds? If Mr. Deputy can answer this question intelligently, let him try.

Douglas county lets contracts annually amounting to \$100,000 to \$150,000, and it is an open secret that no contractor omits to add an extra charge of from 10 to 12 per cent to his contract, knowing that he must wait twelve months before he can realize on his claims.

Another thing should not be overlooked, and this is one that is often resorted to by county boards when the county's finances are at a low ebb, namely, the transferring of specific funds to other funds for which they were never intended.

The proposed bond issue is a good business proposition and will stand the searchlight of public opinion.

GEORGE ANTHES.

TREES FOR PROSPECT HILL

Improvement Club Plans Big Time for Arbor Day in Its District.

Tree planting was the burden of the song at the meeting of the Prospect Hill Improvement club last evening.

About thirty of the members of the Phi Delta Theta set down to a banquet last night at the Omaha club. The affair was fairly informal and well got up by the local chapter.

Card of Thanks. We desire to tender our heartfelt thanks to our friends for their many floral tributes and other tokens of sympathy during our late bereavement.

Maximum temperature, 1904, 1903, 1902, 1901. Normal precipitation, 59.1 inch. Deficiency for the day, .05 inch. Total precipitation since March 1, .44 inch.

CONDITION OF THE WEATHER. Omaha, cloudy, 48-50. Valentine, partly cloudy, 48-50. North Platte, partly cloudy, 48-50.

MAXIMUM LOAD FOR TEAMS

Conference Decides on How Much Two Horses Shall Pull.

DIFFICULTIES IN WAY OF A SCHEDULE

Teamsters and Transfer Men Debate the Points Involved with the Humane Society and Bench Agreement.

E. J. Keegan and C. F. Seefers of the Teamsters' union, Walter Jardine of the Merchants Express company and John Johnson of Johnson Bros. were present at the meeting of the Humane society, held in the parlors of the Commercial National bank last night.

It is the intention of the society to introduce an ordinance in the city council to limit the weight of all loads which shall be hauled.

The team drivers are interested in the matter, for the reason that they assert their employers in some cases force them to load more on their wagons than they can haul.

Mr. Johnson stated that he did not believe any load limit could possibly be fixed which would be equitable to all.

Walter Jardine was of practically the same opinion as Mr. Johnson.
