Child Attacked by Hogs. GRAND ISLAND, March 18.—(Special.)—Late yesterday afternoon Mr. and Mrs. H. P. Hansen brought their little daughter Opal in from the country for surgical attention. The little one, who had been severely lacerated by a hog, narrowly escaped a most horrible death. She was playing about her father's farm and watching a pen of little pigs and the mother, when she suddenly lost her balance on the fence and fell within. The intrusion was immediately resented and the enraged mother of the litter fell upon the 4-year-old girl, one tusk penetrating the left eyelid, fortunately sparing the eye, the other the lower lip. The father, who was nearby, was luckily an observer of the accident and at once reached the place, knowing the danger, and rescued the child.

Argue Telephone Case. FREMONT, Neb., March 18.—(Special.)—The inclusion of the Fremont Telephone company against the city was argued and submitted before Judge Hollenbeck in the district court. Bright's Disease Cured.

James Bryant, a Canon Miller, in Last Stages of Bright's Disease, Was Completely Cured in Four Months by "Safe Cure."

"Two months ago, in my business as miller, I severely strained my back and for months was confined to the house, most of the time in bed. My kidneys and liver were just as bad as could be and my urine was very highly colored, sometimes bloody; sometimes with albuminous discharge, cloudy and with sediment like brickdust. I paid out five for doctors' bills and so-called sure kidney cures, and then left them all and completely cured myself with a few bottles of Warner's Safe Cure. There is not its equal in medicine for liver and kidney troubles. It is a perfectly well known and cannot say enough in praise of the wonderful effects of Safe Cure." JAMES BRYANT, Kingston, Ont. Thousands of men and women like Mr. Bryant are throwing away their hard-earned dollars and wasting precious time on worthless so-called cures for kidney trouble. Mr. Bryant's story will tell you that Warner's Safe Cure is the only certain cure that will cure all diseases of kidneys, liver, and blood, and leave no bad after-effects. It has cured thousands of cases after everything else failed, and will cure you. Sold by all druggists, or direct, see ad in a bottle of Medical Booklet free. Warner's Safe Cure Co., Rochester, N. Y. RECIPROCAL TAX LAW DEAD

Supreme Court Holds it Was Repealed by Implication in 1897.

Also Liable for About \$150,000 Paid by the Insurance Companies During the Past Fifteen Years.

(From a Staff Correspondent.) LINCOLN, Neb., March 18.—(Special.)—In a supplemental page which was not with the opinion filed yesterday, in the case of the North American insurance company, the supreme court holds that the reciprocal tax law was repealed by implication in the legislature of 1887. This decision will result in the state being unable to collect from \$30,000 to \$100,000 due for the past year from companies organized in other states and will make the state responsible to the companies for about \$150,000 in taxes collected from these companies during the last fifteen years.

The court holds that the section of the statute providing for this tax was repealed by the act of the legislature in 1887 amending the revenue laws of that year, which implicitly wipes out all other taxes that those specified in that year's law. The latter portion of that year passed an amendment to the revenue law providing that insurance companies operating in the state shall pay taxes on the net premium, and provided that "insurance companies shall be subject to no other tax, fees or license under the laws of this state except taxes on real estate and the fees imposed by section 22 of an act regulating insurance companies passed February 25, 1875."

Section 22 of chapter XIII referred to in the above section relates to the fees which the insurance department may collect for filing articles of incorporation and reports of companies, but the act expressly provides that the tax collected on net receipts shall be in lieu of all other taxes, license and fees, and therefore the court holds that section 23, of chapter XIII of the statutes of 1883 under which the reciprocal tax is levied, was repealed by implication.

Takes Dose of Morphine. Nina Moore, employed in a restaurant here, swallowed a dose of morphine today because her lover indicated to her that he did not intend to marry her. She was pumped out by a physician and is now doing well. The woman was found in her room on O street suffering from the effects of the poison and readily told inquirers what she had done and made no objection to the calling of a physician. Upon getting her into the land of the living she announced that she was much in love with one Herman Minich, who works at the Landell hotel and that at his request she had quit her job and begun to make her wedding clothes. Last night, she said, Minich announced that he had changed his mind.

Cannot Collect Extra Fee. County attorneys who have been promised extra compensation by county commissioners for work performed will not be able to collect the money. This was decided by the supreme court at the sitting concluded yesterday evening. The case was entitled Wilson against the County of Otoe and was decided in favor of the county. Wilson was county attorney and was granted extra compensation by the county commissioners. Payment was refused him and the suit was brought. In a former case of the same nature, Shepherd against Esterling, 2 Neb. 82, the court held the opposite view.

HONORS STANTON'S MEMORY

Gift of Carnegie to Kenyon College to Establish Chair of Economics.

MOUNT VERNON, O., March 18.—The gift of \$50,000 in 5 per cent bonds to Kenyon college by Andrew Carnegie is to establish the Edwin M. Stanton chair of economics. Carnegie gave the money at the suggestion of the late A. A. Hanna, who had given a similar amount for a dormitory. On learning that Stanton had secured his collegiate training in Kenyon college, Carnegie determined to name his endowment in honor of the late secretary of war, because when Stanton, secretary of war, he made Carnegie's assistant manager of telegraphs and railroads, which position gave Carnegie his start in life. The heirs of the late Senator Hanna had given to Kenyon college \$35,000 additional for the purpose of fully completing Hanna hall.
