Its Course Obstructed by Many Obstacles.

Some Timely Suggestions Regarding a Serious Subject.

"Brooks make rivers, rivers run to seas," sings the poet Dryden in his Worship of Aesculapius, the first known physician, The poet little thought as he penned his verse in praise of the ancient practitioner how aptly his beautiful line would apply to the life of a woman. The chattering brook, as it flows to merge itself in the thinking young girl. The wild and turbulent stream, sometimes flowing amouthly. then dashing over rocks and down into unbroken depths, at last becoming a mightly river, bearing ships upon its bosom, is the oman with her broadening and deepening But how many girls

"Standing with reluctant feet Where the brook and river meet, Womanhood and childhood fleet." are at this time of their lives the objects of great solicitude to their parents. The young girl is and, does not like company, has palpitation of the heart after slight exertion, dyspepsia, constipation, pains in the

head and limbs and along the spine, and her face is pale with a greenish tinge. She is the victim of green sickness. This is a case in which the nervous system is impaired and the blood is impoverished. good tonic is needed to bring her back to health and strength, and parents should be careful to choose the best remedy. Here is what Mrs. Josephine Townsend, 19 Clark place, Jersey City, N. J., says:

"It is with pleasure that I write this tes timonial in behalf of my daughter, Lillian, who was very sick. Our doctors said her blood had turned to sugar at the critical time of womanhood. She could not walk or stand, but had to lie in bed almost all day for five long months. Our doctor did all he could for her, but she got worse all along. I was anxious about her; in fact, all our family were almost crazed to think

"I had heard and read so much of Dr. that I went and got a bottle. On the sec-ond day I saw an improvement in her con-dition. I was overjoyed and kept on, and bottle was used she apparently came back

to life. "I can't express my heartfelt thanks, for Greene's Nervura blood and nerve remedy This was some three years ago, and now she is well and strong. I say, God bless Dr. Greene and his wonderful medicine, and I will praise it to all the world all the rest of my life for saving my daughter a life to me.

It is wonderful what benefit this young girl derived in so short a time from Dr. Greene's Nervura, the great blood and nerve remedy. If you have a daughter who is suffering in such a manner, can you doubt that this grand medicine is just what she needs? You can make no mistake in giving her this great blood and nerve remedy, for it is the discovery of a noted and experienced physician, Dr. Greene of 101 Fifth avenue, New York City. He not only positively promises a good effect from the medicine, but allows all who wish to consult him free of charge, either personally or by letter, so that in using this remedy you make him your physician and receive the benefit of his great skill

EVENTS ON RUNNING TRACKS

'I Do Go" Upsets Calculations on Oak land Track and Wins Against

Weakens Iowa Track Team.

IOWA CITY, Ia., March 18.—(Special.)—
The track team of the State university of Iowa has been so crippled during the last week that all hope of winning the most with Minnesota next month seems to have departed. Two of the star men, Anderson and Smith, are out of the game for good, and it is thought here that Ross, who has been sick during the fore part of the week, will not be able to enter any of the events this year. The Board of Athletic Control has declared that Anderson has played his four years and therefore cannot play this year. It seems that the first year that "Cap" was down here he ran in an unofficial meet with Drake college, and it is now stated that this should count as one year. Anderson was one of the best men on the hurdles that lowa has ever produced and there does not seem to be anyone that can take his place at the present time. Smith, a new man, but one who already has a record of 16 feet 6 inches in the pole yearl, has flunked out in a law study, and they are not going to allow him a second examination. These losses leaves the team in very bad condition. While there are a lot of men out, they are mostly young and untried

One of the fastest bowling matches that has ever been rolled in Omaha took place on Selleck's alleys hast night when Bartsch and Huntington played Chandler and Clarkson seven games for a side bet of \$25. The string that Bartsch piled up was little short of wonderful, while Chandler's single game of 290 was near the limit mark. Now Bartsch and Huntington want to hear from some more of the fast ones and would prefer that Potter and Francisco, who defeated them a week or more ago, take another shy at their game. Last night's scores follow:
Huntington ...186 178 208 172 225 183 190-1.472

Favorab e Reports in Trade Outnumber the Adverse Influences.

STRUCTURAL WORK SLIGHTLY RETARDED

Conservatism Among Dealers Regarded as Extremely Favorable to Jobbing Conditions as the Season Advances.

NEW YORK, March 18.-R. G. Dunn & Co.'s Weekly Review of Trade tomorrow will say:

Co.'s Weekly Review of Trade tomorrow will say:

Improvement in trade and industry continues, favorable reports largely outnumbering saverse influences. The most important event of the week was the two-thirds vote by the bituminous coal naners to accept the proposed reduction in wages. This will probably prevent a serious struggie that would paraiyze manufacturing just while it is beginning to revive.

Complications have arisen in the local building trades that retard structural work, but a settlement is anticipated and the open weather is stimulating outdoor work at other points. Retail distribution of Easter goods steadily expands and dealers stocks are being depleted because of conservation in initial purchases. This promises large supplementary jobbing and wholesale orders as the season advances. Traffic delays are still causing complaint and the mavement of exhibits to the St. Louis exposition provides a temporary feature of importance. Railway earnings thus far available for March show a decrease of only four-lifths of 1 per cent.

Shoe shops are receiving few orders, yet there is confidence regarding the future.

Dullness is the chief character in the primary market for dry goods, and in some cases prices are shaded, although the general position of textiles is unchanged. Cotton mills are slow to accept forward business, insisting on higher prices than are offered in most cases. No further reduction in output is recorded, out more idle machinery is expected shortly, both north and south.

Fallures this week numbered 22s in the

south.

Failures this week numbered 23 in the United States, compared with 230 last year, and 21 in Canada, against 22 a year ago.

Increased Strength and Activity is Noted in Several Departments, NEW YORK, March 18 .- Bradstreet's will

NEW YORK, March 18.—Bradstreet's will say:

The backwardness of spring trade is generally attributed to almost uninterrupted bad weather and reports from distributive centers. Another week has brought to check to the progress in the iron and steel industry. All divisions of the pig iron market are more active, and the level of prices tends gradually upward. Several large undertakings are progressing satisfactorily, providing a good market for steel and much contemplated work is becoming more tangible as the season advances. While no material increase is reported in sales of steel for railroad or structural purposes the tone of the market is better and there is more confidence in the future.

Liquidation in the cereal markets and cotton, accompanied by sharp price breaks, is also generally construed as allowing of improvement of actual consumptive demand. The railway situation shows a gain. Reports from cities along the lake are of slow and backward spring trade. Very much the same advices come from leading eastern cities.

Southern reports continue good, though the spring rush in wholesale lines is beginning to slacken, and retail trade has not begun to expand. Demand for woolen goods from manufacturers' agents is reported disappointing, and wool sells more freely, though concessions in prices are limited by the small available stocks. The situation in the show trade is irregular. Eastern advices are that the advance of the season is bringing more orders to Jobbers and manufacturers, but no special activity is yet neted. Leather is firm to strong in price at all markets, such large sales of hides have been made at the west. Weather conditions are unfavorable to the lumber trade at loading eastern markets, but prices are firm.

Wheat, including flour, exports for the week ending March 17 aggregate 2.866.134

at leading eastern markets, but prices are film.

Wheat, including flour, exports for the week ending March 17 aggregate 2,005,124 bushels, against 1,834,632 bushels last week, 2,395,598 this week last year, 4,326,304 in 1802 and 43,256,644 in 1801. From July 1 1903, to date they aggregate 142,923,259 bushels, against 188,438,530 last season, 186,569,505 in 1802 and 142,456,231 in 1901.

Corn exports for the week aggregate 1,772,389 bushels, against 2,626,510 last week, 3,072,068 a year ago, 339,801 in 1902 and 2,635,044 in 1904. From July 1, 1803, to date they aggregate 43,567,451 bushels, against 4,822,488 last season, 22,590,573 in 1902 and 187,974,826 in 1901.

Business failures in the United States for

Business failures in the United States for the week ending with March 17 number 103, against 260 iast week, 194 in the like week in 1903, 197 in 1902, 281 in 1901 and 192 in 1900. In Canada failures for the week number 17, as against 27 last week and 14 in this week

REPORT OF THE CLEARING HOUSES

During the Past Week.

SCOTT'S **EMULSION**

Rid Sullivan Gets the Decision.

BALTIMORE, March 18.—Kid Sullivan of Washington tonight was given the decision on points over Tommy Daly of Brooklyn in a fifteen-round sparring bout before the Eureka Athletic and Social club. The Washington boy did most of the fighting throughout the battle. Daly clearly awaiting an opportunity to land a telling blow. While Daly was floored three times by the Washington man, he came up smiling on each occasion. Right and left jabs by the New Yorker cut Sullivan's eye and enlarged his nose, but had little or no effect on his punching qualities. The men are in the featherweight class, but fought at catch weights for a purse hung up by the club. It will enrich the mother's milk and make the baby thrive. If it is a bottle baby, put a part of a teaspoonful in the bottle when it is fed. For poorly nourished BEATRICE, Neb. March 18—(Special.)— Jack Patton, a pacing horse with a mark of 2:17%, has been purchased from Wymore parties by Dr. Doran of this city, who paid a fancy price for the animal, which he expects to race here this season. babies and children we believe it has no equal in the world.

escorted the remains of the late Major his late home and the remains were sent to Bean to the depot, from whence they were Courtland, Neb., where they will be insent over the Chloago, Milwaukee & St. Paul railway to Chicago, accompanied by the bereaved wife, where then will be met by a brother of Mrs. Bean, who will accompany the funeral party to Chester, where the formal funeral services and final interment will be made Sunday. March 20. The casket was strewn with numerous beautiful floral tributes from devoted friends and his fellow officers.

Harry Carter. News of the death Thursday at Harvard college of Harry Carter, son of A. M. Carter, formerly of Omaha, reached relatives yesterday. The young man, who was about 22 years of age, died of pneumonia, the at tack being virulent from the first. His brother, Carroll Carter, was in Pittsburg when death came and hastened to Cambridge. The young man's parents removed from Omaha to Denver and his mother and two sisters are now on a visit in Europe. His third sister, Mrs. Newton Barkalow, is

Mason Who Raised Prince of Wales. BAN BERNARDINO, Cal., March 18-Robert Hooker, the man who raised the prince of Wales, now King Edward, to the third degree of Masonry, and fought and won the earl of Derby's first political battle, is dead here. As master of the Barrow-in-Furness lodge of Masonry he raised the prince of Wales to the third degree, and later, in 1875, as installing officer of one of the districts into which England is divided, he presided at the ceremonies when Edward was made grand

Funeral of Ashley Park. FREMONT, Neb., March 18 .- (Special.)-

The funeral of Ashley Park of this city was held from his residence this afternoon. Rev. F. E. Janes of the Christian church conducting the services. Mr. Park was 67 years old and a native of Ohio. He came to this county in 1867 and purchased a farm in Maple township, and about sixteen years ago he removed to this city. Mrs. Helen Kaminski.

BEATRICE, Neb., March 18 .- (Special.) Mrs. Helen Kaminski, aged 24 years, died at Dr. Fali's sanitarium Wendesday of blood poisoning. She leaves a husband and one son. The funeral was held yesterday afternoon from the home of John Kaminski, the services being conducted by

SUMMER PLEASURES are

a luxury; add to its delights by PLATTE CENTER, Neb., March 18. (Special.)—Bob Gentleman's livery barn burned about 1 o'clock this morning. Sixusing HANDSAPOLIO, the teen horses were destroyed, together with only soap which lifts a bath hay, grain and all the harness. The buggles were saved. The origin of the fire is mystery. Mr. Gentleman is in Norfolk of above a commonplace cleansing business and the amount of insurance, process, and makes it a dainty
