

AFFAIRS AT SOUTH OMAHA

Stock Yards Company Prepares for Dipping as Permanent Thing.

FACILITIES WILL BE GREATLY ENLARGED

Admixture Recommended by Dr. Thomas is Warranted to Kill the Lice and Save the Cattle.

The dipping of cattle sent to feed lots will become general before long, said an official of the Union Stock Yards company yesterday.

In a letter Dr. Thomas says that the lice should be thoroughly shaken then add the sulphur and other ingredients and boil for two hours, the water, of course, being put into the boiler with the lime.

There will be a meeting of the city council tonight. A number of ordinances will come up for consideration and the chances are that the session will be an interesting one.

Making Temporary Improvements. Acting under instructions from the mayor the street force has been dumping broken stones into the holes in the pavement on Twenty-fourth street.

Magie City Gossip. A. L. Scott and wife have returned from Leavenworth, Mo.

Mrs. J. C. Hall returned last night from Auburn, where she visited relatives for a week.

Coroner Bralley will hold an inquest over the remains of Neils Petersen this afternoon.

W. L. Holland writes friends here that he is having a delightful time with acquaintances in San Francisco.

No meeting of the Board of Education is to be held until April 1, when bids for furnishings for the high school building will be received.

James A. Jullie has declined to take the management of the democratic campaign. So far the affairs of the democratic committee remain in the hands of Andy McGuire.

IDENTIFIED BY EVEN DOZEN

Servant Girl Accused of Stealing by Twelve Former Employers Who Lose Valuables.

Nothing particularly new has developed in the case of Ella Hurst, the domestic charged with numerous thefts, arrested last Friday at the home of D. E. Chaplin, 250 Harney street, except that more of her late employers have called at the police station and identified the woman as being the servant who worked for them during the time they lost various articles which were reported to the police from time to time.

It is now thought her operations in Omaha extend back over a period of nearly two years, and no clever has she been in her method of stealing that she avoided detection until last week.

WOMAN RESENTS HIS TAUNTS

Negress Reminds Colored Man, Who Brags of White Friends, of His Ancestry.

William Warwick has been sentenced to thirty days by Judge Berka for assaulting Minnie Bradley. It appears that Warwick, who is a coffee-colored negro, takes particular pride in his ability to mingle with white folks and look perfectly natural.

UNION PACIFIC LIFTS RATES

Initiates Two New Grain Tariffs Which Effect General Advances.

BURLINGTON ONLY JOINS ON FORMER

Northwestern, Milwaukee, Burlington and Great Western Adopt Latter and Both Apply from All Nebraska Points.

The Union Pacific is the author of a new grain tariff, published in conjunction with the Burlington, which raises the rates from almost all points on the Union Pacific system on Nebraska to St. Louis and East St. Louis 1 cent per hundred.

Another tariff has been made public by the Union Pacific conjointly with the Northwestern, Milwaukee, Burlington and Chicago Great Western, which raises the rates to intermediate points on the lines named between the Missouri river and Chicago, from all stations on the Union Pacific in Nebraska.

Under the Union Pacific tariff, which formerly governed, the rates to intermediate points were the same as the Chicago rates, but under the new schedule no mention is made of intermediate points by the Union Pacific, so that the matter is left entirely in the hands of the lines east of the river as to what rates shall apply to points on the respective lines from the Missouri river to Chicago.

Under this arrangement the lines east of the river are enabled to charge a higher rate than the low proportional of the Chicago Great Western, which is 4 cents on wheat and 3 cents on corn to Chicago. In some cases the local rates to intermediate points now figure up over 7 cents per hundred, and the general run of them is from 5 to 6 cents. None of the lines which are parties to the new tariff, except the Chicago Great Western, has put in the 4 and 3 cent proportions, and the latter line is now charging a higher rate to intermediate points than its Chicago proportional.

The issuing of the new rate sheet has been kept very quiet by all the interested lines, and has just leaked out, although the tariff was made effective March 15. The new tariff issued in conjunction with the Burlington was effective March 15.

ROCK ISLAND'S NEW RATE.

A message was received at the local office of the Rock Island from Chicago announcing a rate of 6 cents per hundred on grain and grain products from Missouri points to Chicago, and this rate is to apply also to all intermediate points. The new tariff also will carry a clause which places the minimum through rate from Nebraska points to Chicago at 12 cents per hundred. The 6-cent rate reduces the rates to intermediate points about 2 cents in general cases, as the rates now in effect are generally 8 cents.

World's Fair Trains.

The new passenger schedule of the Missouri Pacific World's fair trains goes into effect April 17. Advance sheets of the timetables have been received at the local office of the company, which show the time schedule of the new St. Louis passenger train which is to be put on especially to carry World's fair passengers.

The new train leaves Omaha at 5:30 p. m., arriving in St. Louis at 8:30 a. m., returning, it leaves St. Louis at 8:10 p. m., arriving in this city at 10:30 a. m.

South Omaha Sustains Some Internal Injuries.

Yesterday afternoon Clark Anderson, a switchman employed by the Union Stock Yards company, South Omaha, fell between the loading platform at the Omaha Packing company's plant and a refrigerator car, breaking his left arm and sustaining internal injuries. The full extent of the injuries cannot be determined at present, but they are believed to be serious.

The injured man was pinned between the platform and car in such a manner that the use of raising jacks were necessary to extricate him. Dr. J. A. Kelly attended Anderson, who is a single man.

BUILDING IN FOUR SECTIONS

Largest Tenement Structure in City Will Occupy Site of Thorwald.

TO HAVE FIFTY-ONE APARTMENTS IN ALL

Work to Begin as Soon as Possible and Thurston Home Will Not Be Removed for a While.

The plans for the new apartment buildings to be erected by Robert P. Hamilton on the ground where "Thorwald," the old Thurston home, now stands, the sale of which was published in The Bee have not yet been completed, but Mr. Hamilton has decided upon the general character of the buildings. The apartments are to be erected in sections. The first section will comprise twelve apartments and will face Farnam and Twenty-fourth streets.

In all there will be fifty-one apartments when the general plans of the buildings are carried out. The front of the structure will be about fifty to sixty feet back from the street and the lawn in front will be parked. The large shade trees in the front of the property will be allowed to stand for the purpose of shading the lawn.

The buildings when completed will make much the largest apartment structure in the city. There will be a large court in the center of the building, around which the apartments will be formed in a square.

Transferred by C. F. McGrew. The deed placed on file transferring the property to Mr. Hamilton last week was made by C. F. McGrew, vice president of the Omaha National bank. This came about on account of the fact that the bank was unable to buy the property, and Mr. Thurston made a deed for the premises to Mr. McGrew, who in turn has transferred it to Mr. Hamilton. The deed transferring the property to Mr. Hamilton has been placed on file, but the deed of transfer from Mr. Thurston to Mr. McGrew is not yet a matter of record. It probably will be filed this week.

Work will be begun upon the first building at the earliest possible date and it will be pushed to completion as rapidly as possible. When the designs of Mr. Hamilton for building and parking the property are carried out they will add great beauty to the district in which the property is situated.

For the present the house formerly occupied by Senator Thurston will be allowed to stand, there being sufficient room to erect the first building without disturbing it. Later it is planned to move it to some other location before the entire building is completed.

WILL HOLD MORE MEETINGS

G. Campbell Morgan Opens Series Here for One Week in April.

G. Campbell Morgan will return to Omaha for a series of meetings beginning April 17 and continuing through to April 24. Meetings will be held afternoons and evenings, except Saturday and Sunday afternoons when there will be no meetings. All of these meetings will take place in the First Methodist Episcopal church.

A meeting was held yesterday by the committee of the Omaha Ministerial union, which has these services in charge, and the details were agreed on. The regular monthly meetings of the union took place in the parlors of the Young Men's Christian association and Rev. W. Francis Berger of Hillside Congregational church read an interesting paper. A committee consisting of Rev. T. J. Mackey and H. C. Terwin was appointed to report next meeting on a set of rules to govern marriage. The ministers wish to establish a uniform code and requirements, leading to a uniformity among the various churches and a standard. The meeting was largely attended.

OFFICER WOULDN'T TOSS WELL

Policeman Ryan Balks When Enrly Remonstrates Attempts to Boss Him Around.

Karl Nymes, who came from Benson to Omaha last Saturday for a little metropolitan amusement and was arrested for being drunk and disorderly, has been fined \$5 and costs in police court for his little stunt at the house of Minnie Smith, 817 Capitol avenue. It is said Nymes drove the Smith woman out of her house with a water pitcher and then tried to toss Officer Ryan, but the latter saw Nymes first.

TAKES THE CONTRIBUTION BOX

Young Woman Walks Out with Money Donated at Holy Family Catholic Church.

ANOTHER PITCHER FOR OMAHA

Denais McCarthy, Late of Tacoma, Reports Ready to Begin the Season's Work.

Another of Papa Bill Rourke's family came in yesterday, and Mr. Rourke's appearance is any guide, he is ready to go to work in the championship race at once. This one rejoices in the significant name of Dennis McCarthy, comes from the Pacific coast, and is a pitcher. He is big and strong and had a good record in the Pacific Northwest league last season, where he pitched for Tacoma. Rourke has nearly enough of his team in the city now to line up for a game, and as soon as the sun dries the ground at Vinton park, the preparatory work will start.
