Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA

Wonderful Change in One Night. In a Month Face Was -Clean as Ever.

"I was troubled with eczema on the race for five months during which time was in the care of physicians. My uce was in such a condition that I ould not go out. It was going from oad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura Remedies. The first night after I washed my face with Co-tleurs Soap and used Cuticura Cintment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scales. From that day I was able to go out, and in a month my face was as clean as ever." THOMAS J. SOTH, 517 Stagg St., Brooklyn W. Y.

The agonizing itching and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost supersuman virtues to successfully cope with them. That Cuticura Scap, Cintment and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanen.

economy have made them the standard

TWO HUNDRED WOMEN MEET

Delegater from Every Eligib's Club in Secend District in Convention.

CONFER ON WORK OF THE FEDERATION

State President Mrs. W. E. Page and Other Prominent Members Attend and Omaha Women

Act as Hostesses.

If woman's club work is on the wane in Nebraska there certainly is no indication of it in that branch of the state federation embraced by the second district, for every eligible club, federated or unfederated, was represented at the all-day conference held at the First Congregational church. The Omaha Woman's club is hostess and fully 300 enthusiastic club women are enjoying the program arranged by Mrs. M. J. Monette of Omaha, vice president of the second district federation. A social hour, that the visiting women might ecome acquainted, preceded the morning which opened yesterday, Mrs. Monette presiding.

The meeting is in the nature of a con ference rather than a business session, its object being the acquaintance of the club women and the exchange of ideas with a view of club extension. While all but one of the organized clubs of the district are affiliated with the state federation, there are still several towns and communities where the women are not organized and searly all of these also are represented. Some of the most prominent club women of the state are present, including Mrs. W. E. Page of Syracuse, state president; Mrs. C. B. Letton of Fairbury, state auditor; Mrs. J. M. Pile of Wayne, a memher of the educational committee of the general federation; Mrs. Belle M. Stoutenorough of Plattamouth, general federation secretary, besides a large delegation from Council Bluffs, representing all of the clubs of that city.

Welcome to Visitors.

The program opened with an invocation by Mrs, George Tilden, Mrs. F. H. Cole relcoming the women on behalf of the local clubs and Mrs. W. G. Whitmore of Valley reponding for the visiting women. A further welcome was voiced by Mrs. M. J. Monette, who briefly presented the aims of the federation and the clubs, showing them to be a most attractive and practical medium of mutual helpfulness. Mrs. H. D. Neely of Omaha, the former vice president of the listrict, next gave a greeting and then came three-minute reports of the work of the various clubs. The Valley club was instrunental in the establishment of the town library; Waterloo club has a like achievement to its credit and contributes \$12 a month to the support of this institution and a reading room which is open every afternoon and Saturday evenings; the new Book Review club of Omaha has sent boxes of books to the western part of the state, while each and all have done something for the betterment of themselves and oth-

Besides several musical numbers the program for the morning included an address on civic improvement by Mrs. Smith, a "Te Duty of Parents to the Teachers and the Schools" by Mrs. Thomas Met-calf of Council Bluffs, "Social and Industrial Betterment" by Mrs. C. Three roads have submitteed proposition for transportation of the Nebraska delega-tion, but the official route will not be chosen until next week.

Mrs. Letton of Fairbury, state auditor, extended greetings to the convention. Perhaps the speaker who appealed to most of the women was Mrs. Mary Moody Pugh of the department of domestic science at Bellevue college. Her subject was, "Practical Helpfulness of Home Sciences," simple living, perhaps the one subject that all women have in common. Quoting Frances Willard, "The mission of the ideal woman is to make the whole world more homelike," she presented the practical and attractive side of the fulfillment of that nission in a manner most helpful and interesting to all. Mrs. P. J. Montgomery of Council Bluffs lead the discussion which followed. A paper by Mrs. Walner of Atlantic, Ia., "The Library from a Household Economics Standpoint," was read by Mrs. Noble of Omaha, the program closing with an address by Mrs. Carrie Grout of Rockford, Ill., the organizer for Nebraska of the

National Council of Mothers. Still a Question.

"There is still a woman's question," she "in spite of the progress that has made by women in the last fifty been. years, because women are a part of humanity." She talked of women in the broader sense, expressing all faith in their fitness to work out for themselves those problems concerning them and through them the world.

This closed the program, and before adournment an effort was made to ascertain the sentiment of the district regarding one of the amendments to the state constitution, regarding making the district vice presidents members of the state executive committee. Several women spoke, mest of them seeming to feel that this should be done. Mrs. Page was called upon, but declined to express herself, saying she would rather not commit herself: that when the matter came up in convention she would put the question and the women might de-

AFFAIRS AT SOUTH OMAHA

City Council Parest Batch of Permanent Sidewalk Ordinances.

WORK OF IMPROVEMENT IS BEING PUSHED

Mayor Kontsky Will Sign Today and Publication Will Be Made So that Matter Will Not Be Delayed.

A special meeting of the city council was held last evening and a couple of dozen permanent sidewalk ordinances were passed. These ordinances were introduced some time ago and were read for the sec and time at the meeting held on Monday night. It was then agreed that a special meeting should be held for the purpose of passing these ordinances. Mayor Koutsky said after the meeting that he would sign these ordinances the first thing this morning in order that they might be sent to the printer today. By the passage of these sidewalk ordinances property owners will be compelled to lay permanent walks within a specified time, or the city will do the work and charge the cost to the abutting property. Owners of property have choice of material as between brick, stone or artificial stone.

The amended ordinance relating to the \$21,000 renewal bonds was read for the second time and it is understood that there will be another meeting this evening for the purpose of passing this ordinance. It appears to be the intention of the mayor and council to clean up as much

Board of Fire and Police commissioners. While talking on this subject yesterday afternoon A. L. Bergquist, secretary of the Fire and Police board, said: "The scorer applications are filed with the board the sooner they can be acted upon and the licenses granted. It is the intention of the board to go into this matter thoroughly and to see that every application is legal. We propose to investigate the signers of the applications in order that no errors in granting licenses may be made."

Heretofore the druggists of the city have neglected to file applications, but this year the Fire and Police board proposes to see that the law is carried out.

Revision of Registration.

On Saturday, April 2, an opportunity will be given to voters to secure transfers from one voting precinct to another in case of removal of residence since the general registration last fall. At this time new comers who have compiled with the law will be permitted to register. City Clerk Shrigley said last night that the registration booths would not be the same as those designated for election. This is done for the reason that in many places the registration can be held where there is heat and light, and thus there will be a great saving of expense to the city. Notices of the places of registration will be given in the press as soon as the locations have been agreed upon by the mayor and council.

Pay Teachers Friday. Teachers in the public schools will be paid in cash on Friday of this week. City Treasurer Howe stated yesterday that there is sufficient money on hand to pay the teachers and faultors in cash this month. "For the month of April," Mr. Howe said, "the teachers will be paid in warrants, but these will be called in along in May, as the liquor license money will be coming in along toward the latter part of the month of April. The school district is in better financial condition now than it has been for a long time. This is proven ers and funitors salaries in cash instead of

issuing warrants." Republican Rally Friday Night. Great preparations are being made for big rally of republicans at Workmen temple on Friday night of this week. The subcommittee of the city central committee invited Hon. John L. Webster to address this meeting, but Mr. Webster was compelled to decline on account of having accepted an invitation to address a meeting out in the state. Two or three well known Omaha speakers have been invited. After the addresses the candidates will be given an opportunity of saying a few words. It expected that the auditorium of the temple will be crowded on this occasion.

Wyoming Stock Growers' Meeting. Claude L. Talbot, brand inspector for Wyoming and South Dakota, is preparing to go to Cheyenne so as to attend the annual meeting of the Wyoming Stock Grow-ers'-association to be held there on April 5. Waiters Beclare Strike Off. Waiters Beclare Strike Off.

At last night's meeting of the Waiters' union, the strike which has been in operation since last May was declared off. This action was taken chiefly on the recommendation of the International union, which thought it useless to prolong the strike any longer. This action on the part of the local union means that any waiter may work in any restaurant in Omaha, but there is still the distinction between the union and nonunion house and houses employing union waiters will still carry the union card. Many union waiters who are at present out of work are allowed to work for a nonunion house and still remain in the union.
