Misrepresent the Facts.

The democrats all through the campaign have been trying to make an issue of the waterworks question, insisting that the republicans at their city election failed to take a decisive stand on this matter, while, on the other hand, claiming that the democratic city convention pledged all of its candidates to secure not only reduced rentals for the city, but lower rates for the private consumer. The republican city convention came out flatfooted on this question, as can be seen from the following resolutions adopted by that convention:

resolutions adopted by that convention:

Whereas, During the last twenty years the city of Council Bluffs has paid excessive taxes and rates for water rental, and,

Whereas, During the coming two years the present contract will expire and a new one must come before the city council for passage; therefore be it

Resolved. That we as representatives of the taxpayers of the city of Council Bluffs, recommend and instruct the nominees of this convention and the nominees of this convention and the nominees of the party in the coming election to give the matter of a new contract careful, honest and just consideration; and be it

Resolved. That we do hereby recommend and instruct them to do all in their power, particularly as regards the letting of the new contract for water rental, to protect the city of Council Bluffs, its citizens and taxpayers.

Democrats generally are not quite as ontident as their city chairman. Their organ says: "From a democratic standpoint the outlook is favorable to the election of a 'good part' of the democratic ticket." Simmered down the democrats believe there is a chance of re-electing S. L. Entyre, the present incumbent of the office, as city engined. W. D. Hardin as city assessor, A. G. Gilbert as one of the aldermen-at-large, William Higgeson as weighmaster, which effice he now holds, his injuries attended to by Dr. H. B. Jen- and possibly Dr. Macrae as mayor. While their city chairman claims he looks for the election of five democratic ward aldermen, others think that if they succeed in

landing two they will be doing well. Two years ago in the First ward Bell, reublican, and Huber, the democratic war orse, tied and Huber was fortunate enough to win the draw. There seems to be no eason why this year the republican candilate, E. H. Ohlendorf, should not be elected by a safe majority over Oscar Younkerman, the democratic nominee, The First ward has for years been considered a democratic stronghold, but conditions have changed and the prospects of a republican victory in this bailiwick today

are of the brightest.

The contest for alderman in the Second ward is expected to be close. Two years ago Alderman Lougee defeated Thomas Maloney, who is again running on the lemocratic ticket, by twenty-three votes Maloney, it is stated, will not have the support of a certain element this year that he had two years ago, and consequently is not expected to make as good a showing Paylor Woolsey, the republican numinee s a well known business man, whose interests have long been identified with the ward, and his election to represent it in the city council is looked for.

In the Third ward William Arnd, the republican candidate, is expected to have hings all his own way, and wagers were freely offered that he would carry the ward by 100 majority. The democrats, howver, declined to take the wagers.

in favor of Ellsworth. The democrats insist they have a fighting chance in the Sixth ward, but Alderman Lovett's friends say he will be re-elected by a larger majority than ever. His efforts on behalf of the west end of the city entitle

him to re-election. Two years ago John Olson was elected alderman-at-large over W. C. Boyer, the lemocratic nominee, by 352 majority, and he is expected to poll just as large a vote this year.

City Attorney Snyder was elected two years ago by a majority of 318 over S. B Wadsworth, the then incumbent of the office. This year his democratic opponent is T. E. Casady, whose democratic friends do not even anticipate his election.

Frank T. True's re-election as city treasurer is conceded by the democrats. Two years ago he defeated Pete Jensen by A44 and this year it was not until the eleventh hour that the democrats could even rustle up any one willing to accept the nomination. For a while it looked as if the democratic convention would endorse the nomination by the republicans of Mr. True.

City Election Today The municipal election in the city Des Moines will be held on Monday. There is really very little interest in the contest It is certain the republican ticket will be elected. George Mattern, ex-sheriff of the county, was nominated by the republicans some time ago, and the democrats have nominated ex-Mayor W. L. Carpenter, Both are good, clean men, and there is really no issue or anything to divide the people save that of the political affiliations of the men. There are republican candidates for all the offices and for sidermen in all the wards, but the democrats did not fill their ticket. There is only one contest, that of alderman-at-large for the west side, where the republicans nominated L. C. Sutherland, a business man. Owing to complications in all of his time to inventing and constructthe recent congressional primary a faction became enraged at Sutherland, largely because he is a relative of Governor Cummins and Simon Casady, a millionaire banker

nated by the democrats to oppose Sutherland. Democrats Are for Hearst,

MONTE CARLO, March 27 .- (New York World Cablegram-Special Telegram)-The Jasino has just closed one of the most dis astrous weeks it has had in years, a score more of the biggest plungers that gather at the gaming tables having gone far into the treasury. In the history of Monte Carlo never have

Princes, prin-cesses, dukes, duchesses and in fact about all grades of nobility have been here for a week trying their luck at the tables, but, strange to say, of all the noteworthy gamblers in the Casino the one to attract the of the state college at Ames a Highway most attention is a little American girl, the commission. The duchess was seen to bet \$500 on the frun a card a day or two ago, and when she wor she immediately put the entire \$1,000 on another turn and lost.

Lord Stanley, the postmaster general, has harge of the telephone bill, which should have passed at that sitting if he could get it through at a quarter to midnight. He had a fast motor waiting in the palace yard to rush him to the Euston railway depot to catch the midnight train and be in time to see his porse run in the Grand National steeplechase at a meeting the next day. The king, whose horse was first favorite, had gone down to stay with Lord Stanley's father, the earl of Derby, for the race.

Stanley, who is a sporting individual, pri-

vately asked the Irish members to help

him get the bill through in time to enable him to catch the train. The bill came on at 11:40 and a prosy Welch member began to make a solemn speech on it. The Irishmen shouted, "Agreed, agreed," while Premier Balfour and all the other ministers were choking with suppressed laughter as Stanley's face grew more and more red and troubled as the precious seconds flew The Irishmen suddenly set up a stentorian shout of agreement and the poor Welshman, who was not in the secret, dropped into his seat with consternation. The speaker put the motion. Stanley started up, Balfour assisting him with a friendly push, rushed from the house amid
