Besides affecting the educational system. the passage of the bill is the achievement of the principal work undertaken by Premier Combes, and it is believed that the promier will not voluntarily retire. The parliamentary battle over the bill

PUSHES MOYER

Reports Censored and Union Conferences Attended by Armed Men.

DENVER, March 28.-Special counsel has been sent to Telluride to take charge of the case of Charles H. Moyer, president of the Western Federation of Miners, who is held in jail on charge of desecrating the flag. Governor Peabody has declared that President Moyer will be prosecuted to the utmost limit.

Of the twelve deported Telluride miners who attempted to return to their homes under protection of the injunction issued by District Judge Stevens, four at least have again been deported by the military and warned never to return. Another, Stewart B. Forbes, secretary of the Telluride Miners' union, has been arrested on a charge of perjury. It is alleged that he is an English subject and voted at elections in Telluride without filing a certificate of citizenship.

Owing to the strict press censorship exercised in the southern coal fields, it is difficult to obtain accurate and prompt information regarding the situation

A censored telephone message from Telluride today said that all deported miners who had attempted to return, had been turned back by the military except Stewart B. Forbes, who was arrested. This information is a flat contradiction of the statement made by the governor on Saturday night.

"Mother" Jones, who was deported by the military from Trinidad, left Denver today for Crossed Butte and will work among the miners of Gunnison county where martial law has not been established. She said that the militiamen did not give her time to get her clothes before leaving Trinidad. She has telegraphed President John Mitchell of the United Mine Workers of America, concerning the treatment she received and asked him to take the matter before President Roosevelt. It is said that Mitchell agreed to do so and that he has jority of 316 to 269 the Chamber of Deputies already started for Washington for that
