Rome Hears the News.

ROME, April 7 .- The news of the attempt on the life of King Alfonso by the explosion of a bomb as he was leaving the exhibition at Barcelona produced the deepest impression here, especially among the members of the Spanish colony of Rome, which is quite numerous.

King Victor Emmanuel learned the news while presiding at his weekly conference with the cabinet ministers, and he imme diately personally telegraphed to the Spanish king his warmest congratulations on his escape.

The papal secretary of state, Cardinal Merry Del Val, when informed of the attempt, hastened with the news to the pope, who exclaimed: "Poor, misguided souls. There is no excuse for their crime." The pope then instructed the papal sec retary to telegraph the pontiff's congratulations to King Alfonso on his escape.

London Has No News.

LONDON, April 7 .- The Spanish embassy here has not received any information in regard to the attempt made upon life of King Alfonso at Barcelona. Dispatches from Madrid and Barcelona are anxiously awaited, but owing to the strict censorship in Spain, especially in the case of such events as the one reported from Barcelona, some time may elapse before details of the attack are received here.

So far nothing has been received here beyond the Madrid disputch announcing that an official telegram had reached here Trastees of the Central University. from Barcelona, saying that as King Alfonso was leaving the exhibition at Barcelong a bomb was exploded, two peasants were injured and one individual was ar reated.

ST. LOUIS, April 7 .- While showing a visitor through the jail today, Jailer Dawson heard a suspicious sound as if stone was being scraped in the cell department. Investigation led to the discovery that two prisoners in cell No. 13 had begun the excavation of a tunnel, presumably with the intention of tunneling out of fail. The hole in the cement floor was fifteen inches in diameter. The two prisoners were placed in the dungeon while the hole was filled. They are in jail on charges of grand larceny and embezziement.

Russia's Naval Plans.

PARIS, April 7 .- The Russian naval plan for retrieving the reverses at Port Arthur and Chemulpo, communicated to one of the embassies through official channels having access to the highest naval authorities at St. Petersburg, explains itself.

Russia recognized that Japan now has preponderating naval strength in the far cast, therefore it is essential to reverse the present Japanese preponderance. This will be attempted by two distinct movements. First, urgent efforts will be made to have a naval concentration at Port Arthur, the Baltic, Rod sea and Vladivostok fleets joining Vice Admiral Makaroff's command if possible and thus giving the combined fleets prependerance over Vice Admiral
