AFFAIRS AT SOUTH OMAHA

Old City Council Finishing Up the Business of the Year

PAVING CONTRACTOR WANTS TO BE SURE

Mayor Koutsky Indicates There Will Be No Change in Appointive Officers—Adkins for President of the Council.

The last meeting of the present city council before the final session on Monday night next was held last evening. Only four members were present, Smith and Broderick being the absentees. Eight ordinances relating to special improvements which had been acted upon by the Board of Equalization and reported on by the Judiciary committee were passed and will be signed by the mayor today. The signing of these ordinances will provide for the cost of improvements already made by petition of the property owners.

Two communications were received from A. H. Murdock, city attorney, in relation to claims filed by the Board of Fire and Police Commissioners. One related to the salary of A. L. Bergquist as secretary of the board and the other to the allowing of the printing bill contracted by the board. Mr. Murdock recommended that both the Bergquist salary claim and the printing claim be turned down. The council, acting upon the recommendation of the attorney, adopted the report and the claims, as far as the present council is concerned, will not be allowed.

County Treasurer Pink has requested City Treasurer Howe to prepare a list of delinquent taxes, such as pertain to the scavenger law. In order to do this the treasurer will be obliged to employ additional help. The council directed the

treasurer to employ what help he needs and get the list of delinquents up as soon as possible.

After a number of small tax matters were adjusted the council adjourned to meet next Monday night, when the vote cast at Tuesday's election will be canvassed.

It has been suggested by Contractor Hannon and City Engineer Beal, as well as others, that the special improvement bonds for the grading, curbing and paving of South Twenty-fourth street and Railroad avenue be sold before work commences. In talking of this improvement yesterday Mr. Beal said he thought it would be a good idea to have the bonds sold before the work was done, as it might be possible that attorneys for bond buyers would find some flaw in the city charter giving the right to the city to do a certain amount of paving each year.

Dan Hannon, who secured the contract for the grading, curbing and paving in this new improvement district, stated last evening that he intended to bring this matter to the attention of the city council as soon after election as possible. The estimated cost of the improvement is \$75,000, but as the cost to the street car company for its portion of the work will amount to about \$24,000, the city will not be compelled to issue bonds exceeding \$50,000. It is the understanding in municipal circles that this matter will be one of the first subjects of importance to be taken up by the new council. Until there is some decision on the legality of the charter in regard to this section the work of making the improvements contemplated will not be commenced.

Board Purchases Furniture. Thursday night the Board of Education met in adjourned session and purchased a large quantity of furniture for the new high school building. This purchase consists of school desks, desks, opera chairs for the Auditorium, desks for principals and chairs, desks, etc., for the offices. The building and grounds committee was directed to employ John Kiewit, Jr., to

draft plans for a six-room addition to the Lincoln school building.

A committee, composed of Loebner, Rock and Laverty, was appointed to look for a site for a school building to be erected in the vicinity of Twenty-third and Q streets.

Several applications for positions as teachers were filed with the board. There will be another meeting of the board on next Monday night.

Adkins for President.

Already there is talk of the reorganization of the city council. Wesley P. Adkins, from the First ward, on account of his experience in municipal affairs, is being pushed by his friends for president of the council. Judging from surface indications Adkins will not have any trouble in being elected president. Next to the president, the chairman of the finance committee is of the most importance. Then comes the chairman of judiciary and so on down the line. It is thought now that there will be no difficulty in organizing the new council when the time comes.

That Tardy List.

Since Superintendent McLean of the public schools offered a blue pennant to the schoolhouse having the least tardiness in a month there is quite a rivalry among the pupils of the different schools. Just now the Madison school floats the pennant. For two school weeks the West Side, Brown Park, Madison, Highland and Corvair schools have not had a single case of tardiness. Hawthorne, Lincoln and Jungmann schools each report one case of tardiness in two weeks. The principals of the schools as well as Superintendent McLean and the members of the Board of Education, are greatly pleased over the good work that is now going on. Mr. McLean said last night that if the rivalry keeps up it will not be long before every schoolhouse in the city will be floating a blue pennant for a month at least.

Patrick Rowley Dead.

Patrick Rowley, one of the pioneer residents of South Omaha, died at his home, 2019 N. Street, last night. For a number of weeks Mr. Rowley suffered from a severe cold, then the grip and then pneumonia set in, which led to his death. He was a prominent member of the democratic party. No funeral arrangements will be made until today.

Fire Limit Ordinance.

Not a great while ago the city council, with the mayor concurring, passed an ordinance extending the fire limits and prohibiting the erection of frame buildings within the limits. This ordinance is not being obeyed. There is a frame shanty being erected in the alley just south of M street and west of Twenty-fourth. A good sized frame barn is nearing completion in the alley between N and O streets east of Twenty-sixth street. Both of these buildings are being put up in violation of the present fire limit ordinance.

Mayor Koutsky's Appointees.

In talking about his official family yesterday Mayor Koutsky said that as far as the appointive offices were concerned he did not contemplate any change. City Engineer Beal will, of course, remain where he is. Minner, Mr. Beal's assistant, will stay as well as the rest of those who are appointed by the chief executive.

It is understood that Treasurer Howe will retain E. L. Gustafson in his office as deputy. It was stated on what is considered good authority last night that City Attorney-elect Lambert would name Harry B. Peabody as assistant city attorney. It is expected that Mr. Gillan, the new city clerk, will select Frank Burness as his deputy.

ORCHARD HILL ON ITS EAR

Improvement Club Session Turned Into an Indignation Meeting.

REAL ESTATE AGENTS GIVE MUCH OFFENSE

Propose Erection of Cottages That Do Not Come Up to Dimensions or Pretensions Deemed Proper for Locality.

Suppressed anger was the principal manifestation at the meeting of the Orchard Hill Improvement club held last night to consider the building of two cottages at Fortieth and Seward streets by Shimer & Chase. The members of the improvement club seem to be of the opinion that the cottages when built as planned will be a detriment to the community, and every effort is being put forth on the part of the club to prevent their erection.

President Buchanan opened the meeting with a brief address on the subject in hand, and reported that he had waited upon Mr. Shimer as one of the committee appointed at a previous meeting to see the building and request that they change their plans; that Mr. Shimer had at first refused to consider any change, but later looked like a man who would be willing to accede to the requests of the club, although no promise was elicited. He described the cottages and said he did not believe they would be an ornament to the community.

Dr. Mason arose to address the meeting, when Mr. Shimer entered. The speaker said he was opposed to the erection of the buildings. He expressed himself as feeling that the corner where the buildings are to be put up is one of the best in the addition and should have nice houses. Mr. Shimer was called upon by the chairman, but said he had just come to hear what was said, and did not believe he would take any part in the argument.

Each member of the club was called upon by the chair to express his opinion concerning the matter in hand. Almost to a man they spoke against the contemplated improvements. One speaker said he believed Mr. Shimer had the right to do as he pleased with the property so long as he had bought and paid for it. He even went so far as to say he did not believe it any of the club's business what Mr. Shimer decided to do with the lots.

No Sentiment in Matter.

After all had finished Mr. Shimer was again called upon and responded by saying: "There is no sentiment in this matter. It is plain business to me. It does not appear to me to be a question of whether or not we would like to do. For my part I would like to build a \$5,000 house there if I thought it a good business proposition. We are going to build houses as good as we think the location will permit."

During the entire meeting things looked squally, but the nearest outbreak occurred when Mr. Shimer informed the club that his partner did not take enough interest in the matter to visit the meeting. President Buchanan responded to this remark by saying: "Take our regards back to Mr. Chase and tell him we are glad he did not come. We are very much obliged to you for taking the trouble."

MENTH TO ANY NEIGHBORHOOD.

The lots upon which they are to be built will be neatly terraced and one of the houses is to be a story and a half structure of six rooms, the other a five-room, one-story cottage, both to be of modern architecture with tiled cornice, neat porches and bay windows. They are not to be built for rental purposes but for homes. We recognize the fact that there is a dearth of small cottages in Omaha and to meet this demand, that is constant, we have decided to put up these cottages."

FIND MRS. BOTKIN GUILTY

Jury Returns Verdict in First Degree and Fixes Penalty at Life Imprisonment.

SAN FRANCISCO, April 8.—The jury in the Botkin case late tonight returned a verdict of guilty of murder in the first degree and fixed the penalty at imprisonment for life.

Mrs. Cordelia Botkin was charged with having poisoned Mrs. John P. Dunning and Mrs. Deane, both of Dover, Del., daughters of ex-representative Pennington, five years ago, sending them a box of poisoned candy. The cause alleged was her love for Mr. Dunning. Mrs. Botkin was arrested at San Francisco, where she has been kept in custody, notwithstanding attempts of the Delaware authorities to have taken her to that state for trial.

In 1888 Mrs. Botkin was found guilty and sentenced to life imprisonment. She secured a new trial, which was begun on March 30.

Mrs. Botkin is the youngest of three daughters. Brownsville, Neb., was named after her father, and the family lived there until 1866, when they moved to Kansas City. Miss Cordelia Brown married Welcome A. Botkin, cashier of a Joplin, Mo., bank. He was later associated with a Kansas City bank and they lived for a while in that city up to 1888 when Mrs. Botkin went west for trial.

Since the first trial, Mrs. Pennington, whose testimony largely convicted Mrs. Botkin, has died. Many witnesses, including Mr. Dunning, were brought here from the east to testify.

WILL HAVE TWO UNION DEPOTS

Burlington and Rock Island Will Each Put Up Handsome Building in Kansas City.

KANSAS CITY, April 8.—The Journal will say tomorrow that Kansas City is to have two new union stations. One will be on the so-called Bates land, east of Grand avenue, on the river front; the other will be on the Belt line, west of Grand avenue at Twenty-second street. The former will be built by the Burlington and roads under its control; the latter will be built by the Rock Island and Santa Fe and will be used by these companies and others which will find it available.

The Burlington has bought the Armour-Swift holdings on both sides of the river, together with the Winner bridge piers and franchises, paying about \$2,000,000. The following roads will use the north end station: Hannibal & St. Joseph, Kansas City, St. Joseph & Cottonwood Bluffs, Quincy, Omaha & Kansas City, Grand Island, Maple Leaf, Kansas City Southern and Clinton branch of Frisco, Missouri Pacific and Chicago & Alton and presumably the Union Pacific. These roads will use the other station: The Frisco, the Rock Island, Missouri Kansas & Texas, Santa Fe, Chicago, Milwaukee & St. Paul and other lines.

Stora Rock Beer.

Stora's celebrated Rock Beer on draught on and after Saturday, April 9. To get it in bottles, by the case, for your home, phone 1200.

BUILDERS RESUME WORK

Considerable Delay Results in New York, Owing to Accumulations of Rubbish During Strike.

NEW YORK, April 8.—Building operations were slowly resumed today. Work on jobs where the bricklayers and laborers were on strike were promptly started, but

even in these cases there was considerable delay on account of the men having to clear up after the idleness of four weeks. Most of the other grades, which were made idle by the striking bricklayers, will be delayed while things are put in shape for them.

Chamberlain's Cough Remedy, the Mothers' Favorite.

This remedy has won the confidence and esteem of mothers all over the country. It has been in use for over thirty years, during which time many million bottles have been used. There is nothing so prompt and effectual as this remedy for the relief and cure of coughs and colds and in the treatment of croup it is the main reliance in many homes, while its use in cases of whooping cough shows that it robs that disease of all dangerous results. It contains nothing injurious and there is no danger in giving it to children.

ROBBER GETS FOUR YEARS

James West Pleads Guilty to the Burglary of Two Banks in Iowa.

BIOUX CITY, Ia., April 8.—James West pleaded guilty today to the daring robbery of the Payne and Sargison bank at Luton, Ia., on January 21, and was sentenced to four years' imprisonment. He made a confession, in which he admitted that Paul Roberts, now in jail at Marion, Ia., for robbing boxcars, was an accomplice.

A Good Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is reliable, pleasant and safe.

Movements of Ocean Vessels April 7.

At New York: Arrived—Teutonic, from Liverpool; Sinterdyk, from Rotterdam; Sailed—La Touraine, for Havre; Princess Alice, for Bremen; Deutschland, for Plymouth; Cherbourg and Hamburg.
