CONSIDERS CHINESE TREATY

Cabinet Spends Time Discussing New Agreement to Be Proposed.

NO CONCLUSION HAS BEEN REACHED

China Has Been Informed that Chances for Securing a More Favorable Arrangement is Not Bright.

WASHINGTON, April 8.—Practically the entire time occupied by the cabinet meeting today was consumed in a thorough discussion of the Chinese exclusion question. China has denounced the existing treaty which will expire by limitation next December. It has been the hope, if not, indeed, the expectation of China, to negotiate a more favorable treaty than that which is now in force, but an intimation has been conveyed to the Chinese government that it is improbable that a treaty of a character more favorable to the Chinese than the existing one would be ratified by congress. The discussion today developed the fact that the whole situation is clouded in doubt. It is possible that China's denunciation of the treaty may be withdrawn, but the official intimation of such action has been received by this government. The suggestion is made that another treaty

may be negotiated, but the terms of it are not indicated, beyond the fact that its basis will be the existing treaty. No conclusion was reached at today's meeting. Secretary Cortelyou, who has had the subject under consideration, was not present, having gone to Philadelphia to attend a meeting of the American academy of political and social science. Serious consideration will be given the subject during the next few months. In the event of failure to negotiate another treaty, the Geary exclusion law will be enforced against Chinese immigration. This is far more drastic than the treaty. **Trial May 2.** Justice Pritchard of the criminal court, has fixed May 2 as the date for the trial of former Assistant Attorney General L. N. Tyler and former Law Clerk Harrison J. Barrett of the Postoffice department for conspiracy to defraud the government. **Would Open Colville Reservation.** Senator Stewart today presented a favorable report of the committee on Indian affairs on the bill to reopen the remaining portion of the Colville, Wash., reservation. **President Seeks a Friend.** The president will nominate James R. Parsons, Jr., as United States consul general to the City of Mexico, vice A. D. Barlow, resigned. This is a personal appointment of the president. Mr. Parsons is a distinguished educator, 42 years old and a native of Albany, N. Y. **Democrats Congratulate Hepburn.** The house committee on interstate and foreign commerce today agreed to a resolution presented by Representative Richardson of Alabama, on behalf of the minority members, congratulating Chairman Hepburn of Iowa on receiving the nomination to the fifty-ninth congress.

MEASURE IS MISUNDERSTOOD

Representative Clay on Explains Hepburn-Dolliver Liquor Bill.

TAKES AWAY NO INDIVIDUAL RIGHTS

Suggested by Some Measure Abrogated Rights of Citizen to Have Beverages Shipped Him from Another State.

WASHINGTON, April 8.—The report favoring the passage of the Hepburn-Dolliver bill granting states police power over original packages of liquor shipped within their borders as interstate commerce, was filed in the house today by Representative Clayton of Alabama. The report says: There has arisen considerable misapprehension as to the meaning and purpose of this proposed legislation. It has been said by some to be a prohibition law, and by others to be an attempt to deprive the individual citizen of the right to have beer, wine and other liquors shipped to him from another state for his own use and enjoyment. Neither of these assertions is true. This bill is not intended to prohibit the sale and use of beer, wine and other intoxicating liquors which have been uniformly articles of commerce, nor is the measure designed to abridge the right of a citizen of one state to import from another state such beverages as he may desire for his own use. The purpose of this proposed law and its sole purpose is to allow each state to carry out its own domestic or internal policy in regard to the control of intoxicating beverages through the medium of its own laws. The sole effect will be to permit the state, if it so will, to circumscribe the sale of intoxicating beverages within its boundaries to the full extent that it may desire to restrain such traffic or to regulate the sale of such beverages. This is a measure of local laws or local option laws, high license laws or dispensary laws. **Views on Statehood Bill.** Majority and minority views on the statehood bill recently reported from the house committee on territories were filed today by Representatives Hamilton of Michigan and Moon of Tennessee respectively. Mr. Hamilton reviews the provisions of the bill at length and urges the necessity and justice of admitting the four territories as two states. The minority views are signed by Representatives Moon, Lloyd, Robinson of Indiana and Thayer. **Conference Report Submitted.** The conference report on the Indian appropriation bill was submitted in the senate today. The bill as passed by the senate, carried an increase of \$2,875,563 over the bill as passed by the house. Of this increase the house conferees agreed to \$1,848,728 and the senate receded from \$1,026,835. The bill adopted as reported from conference carries \$2,875,563. **Senate Confirms Nominations.** The senate today confirmed the following nominations: Postmasters—Nebraska, Joseph G. Alden, Aurora; Thomas J. Taylor, Wilber; L. V. Styles, St. Edward; D. McNeer, Blue Hill, Oklahoma; Jacob Plunkett, Cushing, Kansas; Henry C. Abbott, Leroy. Also promotions in the army. **Bill to Aid Immigrants.** Senator Dillingham today reported favorably from the committee on immigration a bill to authorize the commissioner general to establish in connection with the immigrant station at Ellis Island, a bureau of information to aid immigrants in determining where they should locate. The information to be furnished is to relate to the resources of each state and territory, the character of the climate and soil, the price of land, the opportunities of employment etc. Each state and territory is au-

DESERET LAND LAWS IS TO STAND

House Committee Decides to Report Adversely on Repeal Bill.

WASHINGTON, April 8.—By a vote of 8 to 2 the house committee on irrigation of arid lands today defeated the bill to repeal the desert land laws. Those voting against the bill were Chairman Mondell of Wyoming and Representatives Terrell (Mass.), Dwight (N. Y.), Marshall (Ind.), Williamson (Ore.), Cooper (Pa.), Hitchcock (Neb.), and Bell (Cal.).

Those in favor of the repeal were Representatives Reeder (Kan.), Vanduser (Nev.) and Underwood (Ala.).

The vote was taken after protracted hearings.

SOUTH DAKOTA ALSO GETS STORM

Said to Be Most Severe Ever Known at This Season.

MITCHELL, S. D., April 8.—(Special Telegram.)—A snowstorm, which for severity has never been equaled in this section at this time of the year, has been in progress for the past twenty-four hours. No damage to stock has been reported. Cattle and all other stock in this section are well provided with shelter for such emergency and no loss will be sustained. Farmers were forced to retire from the fields where they were sowing wheat and it will be a week before they can resume work, as the ground will be unusually wet on account of a heavy rain which preceded the snowstorm. The storm is slowly subsiding tonight. The roads in the country are drifted heavily.

YANKTON, S. D., April 8.—(Special Telegram.)—The worst storm of the season has been raging here all day. Rain and snow with a terrific windstorm broke a four weeks' drought and will be very beneficial.

Physians to Hold Meeting.

MITCHELL, S. D., April 8.—(Special.)—On Wednesday of next week a district meeting of the Knights of Pythias will be held in this city and visitors are expected from each of the eight counties in the fourth circuit. The various degrees of the order will be worked and a banquet will be spread for the visitors. On Tuesday evening of next week a district meeting of the Degree of Honor will also be held in this city, comprised of eight of the surrounding towns. In the afternoon a number of papers will be read on the good of the order and in the evening the regular work of the Degree of Honor will be exemplified by the Mitchell lodge.

South Dakota Red Men Meet.

MITCHELL, S. D., April 8.—(Special.)—The Red Men of this section of the state had the most successful meeting in this city that has ever been held outside of the state gathering. The Sioux Falls degree team and the Second regiment band, the degree team of Yankton and visitors from Chamberlain, Redfield, Tyndall, St. Paul, Brookings, Delmet and Selma were present, there being fully 150 in the number. All but two of the head officers of the state tribe were here to participate in the initiation of a class of eighty-eight pale-faces, which is the largest class ever taken in by any tribe in the state.

Oil Prices Are Lower.

PITTSBURG, April 8.—The Standard Oil company again reduced its quotations on all grades of oil except kerosene today. The quotations follow: Pennsylvania, 15 1/2; Texas, 15 1/2; Colorado, 15 1/2; Newcastles, 15 1/2; Illinois, 15 1/2; Standard, 15 1/2; England, 15 1/2.

Improvements at Fort McKeanie.

SHERIDAN, Wyo., April 8.—(Special.)—The deeds for the right-of-way for the new government pipe line to be constructed for Fort McKeanie have all been secured. They were forwarded to Washington, and Constructing Quartermaster Swobe, as soon as he receives instructions, will advertise for bids. An appropriation of \$20,000 has been set aside for this work, which will be completed as soon as possible. Orders have been received by Quartermaster Swobe to advertise for bids for the construction of a new brick hospital for Fort McKeanie. The new building is to be large enough to accommodate twenty patients and will cost about \$20,000 when completed.

Stora Rock Beer.

Stora's celebrated Rock Beer on draught on and after Saturday, April 9. To get it in bottles, by the case, for your home, 'phone 1290.

Capture Postoffice Robbers.

SHERIDAN, Wyo., April 8.—(Special.)—Ed Thorp and Grover Brannen were bound over to the United States court on the charge of postoffice robbery. The men were captured by Deputy United States Marshal Joe LaFors, who had been working on the case for some time. One night last January Postmaster Laing of Clearmont was held up by three unknown men. One man grabbed a pistol at him, while the other grabbed a satchel he carried, containing money and stamps. Laing put up a fight and wrenched the gun from the hands of the robber and then put the gang to flight.

Chamberlain's Cough Remedy, the Mothers' Favorite.

This remedy has won the confidence and esteem of mothers all over the country. It has been in use for over thirty years, during which time many million bottles have been used. There is nothing so prompt and effectual as this remedy for the relief and cure of coughs and colds and in the treatment of croup. It is the main reliance in many homes, while its use in cases of whooping cough shows that it robs that disease of all dangerous results. It contains nothing injurious and there is no danger in giving it to children.

Sheridan to Have Library.

SHERIDAN, Wyo., April 8.—(Special.)—It is now a certainty that Sheridan will have a free public library. The committee from the Commercial club is now at work trying to secure a suitable site for the building. The offer as made by Mr. Carpenter to donate \$12,500 if a site could be secured and an annual fund of \$1,500 set aside for its maintenance will be accepted just as soon as a site is selected. The county commissioners report that they will make the necessary levy, so it is up to the city to provide a good location.

drives out all inflammation.

Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine, weakens the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effectual or Money Refunded.

Ask your druggist where you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your begging that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 1; if the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box.

We will gladly furnish a treatment free of cost to any physician who demonstrates that ORRINE is a positive specific for drunkenness.

All Correspondence Confidential.

"Especially the BUFFALO LITHIA WATER of Virginia."

For Bright's Disease, Albuminuria, Renal Calculi, Gout, Rheumatism and All Diseases Dependent Upon a Uric Acid Diathesis.

Samuel O. L. Potter, A.M., M.D., M.R.C.P., London, Professor of the Principles and Practice of Medicine and Clinical Medicine in the College of Physicians and Surgeons of San Francisco, Cal., in his "Hand-Book of Materia Medica, Pharmacy and Therapeutics," in the citation of remedies under the head of "Chronic Bright's Disease," says: "Mineral waters, especially the BUFFALO LITHIA WATER, is highly recommended." "Albuminuria—Buffalo Lithia Water," he says.

George Haisted Boyland, A.M., M.D., of Paris, Doctor of Medicine, of the Faculty of Paris, in the New York Medical Journal, August 22, 1895, says: "There is no remedy so absolutely specific in all forms of Albuminuria and Bright's Disease, whether acute or chronic, as BUFFALO LITHIA WATER, Spring No. 2, accompanied by a milk diet. In all cases of pregnancy, where albumin is found in the urine, as late as the last week before confinement, if this water and a milk diet are prescribed, the albumin disappears rapidly from the urine and the patient has a positive guarantee against puerperal convulsions."

T. Griswold Comstock, A.M., M.D., of St. Louis, Mo., says: "I have often prescribed BUFFALO LITHIA WATER in Gouty and rheumatic conditions and in Renal Calculi, accompanied by Renal Colic, and always with the most satisfactory results. In Renal Calculi, where there is an excess of Uric Acid, it is especially efficacious."

Medical testimony which defies all imputation or question mailed to any address.

BUFFALO LITHIA WATER is for sale by druggists and grocers generally. Hotel opens June 15th. PROPRIETOR BUFFALO LITHIA SPRING, VA.
