

HOLCOMB BEING GROOMED

Considered Most Available Man for Fusion Candidate for Governor.

EXPECT TROUBLE GETTING TOGETHER

State Board of Public Lands Finally Shuts Omaha Brick Out of Contract for New Norfolk Asylum Building.

(From a Staff Correspondent.)

LINCOLN, April 11.—(Special.)—Bryan and anti-Bryan democrats and populists, Hearst and anti-Hearst democrats, Parker and anti-Parker democrats, being convinced that it will be impossible to get together and fuse on a state ticket after the national convention at St. Louis, are now talking seriously of bringing out that old veteran war horse, Chief Justice Holcomb, for governor, it being believed that all hands could agree on him. So far the matter has been kept entirely from the public, it being feared that upon getting an inkling of the thing they are going to ask him to do the thing which would issue a peremptory writ of injunction to put a stop to it. It has not yet been determined whether the judge will be requested to resign from the bench to make the race or run for governor and still hold onto the bench in case of emergency, just like the republicans in this district want Congressman Burkett to do.

The democrats are just now learning that the reorganizers, if not in a majority in the state, are at least the smartest politicians of the various branches of that much divided democratic-populist party. The reorganizers wanted to hold a state convention to nominate a state ticket before the national convention in order that the party could be united on state affairs even if it was divided on national affairs. The other sides would not hear to this and the result is that as the breach in national affairs widens the breach in state affairs grows on apace. The result is, as voiced by a well-wishing democrat, that the party will have the time of its life in getting together on state affairs. At this time the man said, could have been avoided had the state convention been held first.

Shuts Out Omaha Brick. In the construction of the Norfolk asylum buildings Twin City brick will be used, the State Board of Public Lands and Buildings today having refused to change its contract, after listening to arguments from representatives of both the Omaha brick and the Twin City brick.

The board refused to use the Omaha Brick not so much because the members thought it inferior to the Twin City brick, but because Omaha's representatives failed to get action and make proposals to the board before the contract had been let. After the contract had been let and the Twin City brick had been specified in the contract, a representative of the Omaha brick called upon the board to make a change. At a special meeting the board refused the request. The Omaha men then got busier than ever and brought all the pressure they could to bear on the board members, but to no effect, for the reason that the board believed that if it changed this contract it would establish a precedent which would entail no end of changes in future contracts.

Saved by Young Girl. Mrs. O. S. Ward was saved probably from a horrible death by the presence of mind of her 18-year-old daughter, Gertrude Rehnelder. Mrs. Ward was deluged with a couple of stove when the sulphur on the match flew off and ignited the bottom of her shirt. Almost instantly the blaze flared up and she was enveloped in flames. The daughter, who was in an adjoining room, promptly threw a pitcher of water on her mother and then followed the cutting himself in an effort to take his own life, being driven to desperation because of the erring ways of his wife and 18-year-old daughter. All parties were released and the daughter of the couple will reside with an aunt and the two sons will be placed in the Home for the Friendless. Manizer and wife agreed to each go a separate way. Divorce proceedings between the two have been pending for some time.

Tour of Foreign Lands. April 29 the members of the Young People's C. W. B. M. of the First Christian church will give an unique entertainment under the title of "Oriental Pilgrimage." The itinerary will include visits to Japan, China, India and Africa. The various stations will be as follows: Japan, at the home of J. H. Aker, under the direction of Miss Ethel Hayes; China, at the home of George D. Follmer, under the direction of C. W. Fugley; India, at the executive mansion, under the direction of Miss Lulu King; Africa, at the home of J. F. Winters, under the direction of E. D. Skene. The costumes will be elaborate and will be in accord with the costumes of the various countries represented. The entertainment will continue throughout the afternoon and evening.

Building and Loan Taxation. The discussion going the rounds of the manner in which the property and stock of building and loan associations shall be taxed has inspired the secretary of the State Board of Equalization to call attention to section 211 of the compiled statutes regarding these associations under the head of corporations. This section reads: Such associations shall not be subject to taxation on their capital stock, nor on their

Webster is to Speak. Hon. John L. Webster, Nebraska's vice presidential candidate, has written to Chairman Norris Brown of the executive committee of the Roosevelt club accepting an invitation to address the meeting the night before the state convention. New Council May Be Illegal. By either an oversight on the part of the old city council or a clever move on the part of representatives of the gas company, the legality of Lincoln's new city council organized tonight is seriously questioned. After the old council had canvassed the vote it adjourned sine die. The new council at once selected a temporary chairman and began the transaction of business, when some one recalled that it was the duty of the old council to swear in the members of the new council. The new council then adjourned sine die. The old council, reconvened its vote of adjournment, swore in the new members and then adjourned again.

Several lawyers stated that without looking for a matter, they believed the old council had no right to recover and the acts of the new council could be seriously questioned because the bonds of the new members had not been approved by a legal body.

A. H. Hutton, an advocate of cheaper gas and municipal ownership of a lighting plant, was elected president with only three dissenting votes.

RAKER GETS SARPY DELEGATION. Thinks Candidate This Year Should Not Come from Omaha.

SPRINGFIELD, Neb., April 11.—(Special Telegram.)—The Sarpy county republican convention to select delegates to the state convention adjourned after a session of several days in the opera house this afternoon. Full delegations were present from all precincts, and much interest was manifested in the proceedings, as two candidates for congressional honors, W. B. Raker of Gretna and E. J. Cornish of Omaha were before the convention, which caused quite a spirited but friendly contest for the delegation. Mr. Raker winning out in a walk, being accorded the privilege of naming his own delegation by a vote of 27 to 18.

County Judge E. C. Wilson, who applies for a place on the state ticket for the office of commissioner of public lands and buildings, was also given the privilege of naming his own delegates but declined and the county central committee was instructed to name them.

A resolution endorsing Burkett for senator, the administration of Governor Mickey and recommending his renomination was adopted by a unanimous vote.

Mr. Raker and Mr. Cornish were both called before the convention and each made speeches and both responded with a will. In the course of his remarks Mr. Raker said that he believed that the people had come to the wise conclusion that all the brains, all the goodness and all the ability to represent this district in congress were not wrapped up in a city candidate.

Delegates to the congressional convention are as follows: J. R. Wilson, A. G. Hamilton, C. E. Keyes, W. J. Morrison, E. N. Upjohn, E. B. Nickerson, F. C. Clarke, H. Lunneman.

Delegates to the senatorial convention: William Seecotter, J. E. Hoover, J. J. Bishop, George Becker, J. B. Nicholson.

The central committee had not named delegates to state convention when convention adjourned.

BARNES STILL IS STANDING PAT. Denies He Has Agreed to Appointment as Keyman.

(From a Staff Correspondent.) LINCOLN, April 11.—(Special Telegram.)—It was announced here today that Supreme Judge Sedgwick and Barnes had gotten together and would at the next sitting of the court name Victor Seymour of Lincoln as chief justice. Judge Barnes was called up to Norfolk and denied that he had authorized such an announcement and said: "I know nothing about the report. I have not changed from the stand I have taken in the appointment of a clerk."

Friends of Seymour are considerably worried over the premature announcement and fear that it will injure his chances. Seymour denied that he had given out the information.

Stock Perishes in Storm. NORFOLK, Neb., April 11.—(Special.)—Report coming in from the northwest indicates that the stock losses were heavy during the blizzard that swept over that section last week. Many cattle and sheep were borne down by the weight of the sleet coatings and were trampled to death by the remainder of the herd. Dead animals are found lying all over the prairie where they were caught so suddenly. The Bonesteel passenger train between Norfolk and the end of the line was stalled at Verdigris, where it turned around and came back. A drift eight feet high had been too much for a freight train to get into and almost a day and a night were devoted to digging the engine out.

Burned by Gasoline. KEARNEY, Neb., April 11.—(Special Telegram.)—H. H. Skelton, the tailor, was badly burned this afternoon by gasoline while cleaning some clothes which he had in a tub with gasoline. The fluid suddenly ignited, burning him about the face and head, singeing his eyebrows, hair and mustache and burning a table and other nearby articles. There was no fire in the store and no cause was found for the igniting of the fluid.

NEW RAILROAD FOR OMAHA

Company Incorporated as the Interstate Railway Company.

FLOATS \$80,000,000 WORTH OF STOCK

Main Track Going from Kansas City to Duluth, with Cross Line from Sioux City to St. Louis.

LEAD NEWS

KANSAS CITY, April 11.—The Times will say tomorrow that plans are now in progress for the building of an important railroad system reaching from Kansas City to Duluth with a cross line from St. Louis to Sioux City, Ia., by way of Council Bluffs and Omaha, and a connecting branch from Marceline, Mo., through Des Moines, Ia., to connect with the Duluth line at Coon Rapids, Ia.

The company is said to have floated \$80,000,000 of stock with French capitalists at 80 cents on the dollar. The company, which will have its headquarters in Kansas City, has been formally incorporated under the name of the Interstate Railway company and there is an auxiliary construction company.

The various lines of the new system have been surveyed and active construction will begin at Line Creek in Clay county, Missouri, next week. The bonds were handled by the Wells-Fargo banking house in New York.

OPPOSES THE NAMING OF SENATOR. Legislative Tickets Jeopardized by Such a Course.

HASTINGS, Neb., April 11.—To the Editor of The Bee: The proposition to name a candidate for United States senator by the state republican convention in May is creating considerable thought over the state. That thought is: would it be political wisdom to do it? I think not. The republican vote should be increased this fall in this state, and it cannot be done in that way. While I do not believe it best at all to name a man by the convention, yet if such a thing would occur, I would favor the naming of a candidate from each congressional district, and the man receiving the highest number of votes over the state should be the candidate. This would put more vigor and vitality in the campaign. If no one is named, then we can safely carry the legislature and elect a good man. It will not drive back some—or so many aspirants for the place—where six candidates are in the field.

I do not think it wise to name anyone for the reason it will make the legislative ticket hard to elect; and then, it would be taking the delegated power from the senate and house of representatives, where it belongs under the constitution. It is not the thing to try an experiment to satisfy the ambition of a few leaders, and endanger the interest and success of the party. It would do good to have expressions from the state by representatives, where it belongs under the constitution. It is not the thing to try an experiment to satisfy the ambition of a few leaders, and endanger the interest and success of the party. It would do good to have expressions from the state by representatives, where it belongs under the constitution.

Yours truly, J. J. BUCHANAN.

FUNERAL OF EDWARD O. REIMERS. Friends of Dead Man Refuse to Bury Him Gaily.

PIERCE, Neb., April 11.—(Special.)—The funeral services of Edward O. Reimers, who died at Sioux Falls, S. D., last Wednesday morning of pneumonia, were held in the Congregational church Sunday afternoon at 2:30. A large concourse of sympathizing friends and neighbors filled the church to overflowing. A male quartet, consisting of Messrs. A. L. Brandt, W. E. Kaufman, W. G. Hiron and C. B. Brandt, furnished appropriate music. The pastor, Rev. George E. Taylor, delivered a splendid and touching address. Edward Reimers grew from boyhood into manhood here in Pierce, where he was known and respected by all. Three years ago, when his father and he were convicted of being connected with the Neill National bank failure and sent to the government prison at Sioux Falls, S. D., their friends then and do now refuse to believe that they had the least intention of wronging anyone. Consequently their friends have been trying to secure a pardon for them from President Roosevelt. The grief-stricken family have the sincere sympathy of the entire community.

Wayne Banks Consolidate. WAYNE, Neb., April 11.—(Special Telegram.)—Quite a large concourse of citizens here today, the Citizens bank having purchased the business of the Wayne National bank, while the former, jointly with the First National and State Bank of Wayne, purchased the Wayne National building, furniture and lot. The latter institution had decided to discontinue business, though perfectly solvent. For some time it has been apparent that Wayne needed but three banking institutions, owing to strong competition and this no doubt brought about the above result.

PLATTSBOROUGH, Neb., April 11.—(Special.)—Judge Paul Jensen convened the adjourned term of the district court in this city today and handed down his decision in the Ernst Kurke case, deciding that all of the estate should revert back to the two legal heirs in Kentucky. THEY THAT SOW ENOUGH WILL SOAR HIGH

But They That Sow Not Enough May Count Vies, Therefore Be Busy—Come Ye Into The Field—and Sow Votes.

"Nothing done, nothing won," that's certain, or in other words, "Nothing sown, nothing grown." These are trite truths recognized almost since the dawn of human thought. As previously anticipated, the narrowing down of The Bee's series of contests to but three more has caused the competition to become more fierce and it will require early and later sowing to make a paying field. There is no half way in such a contest, and success will smile only on those who go in to win. The number of participants is daily increasing and promises to be larger considerably than in any of the earlier contests. A dark horse has entered the field in Miss Lottie McConnell of Council Bluffs, who now leads the host. The vote at 5 p. m. Monday, was: Lottie McConnell, Council Bluffs, 1,500; Joe Baker, Omaha, 1,200; Frank Mathes, Omaha, 800; Fred Ingraham, South Omaha, 700; H. Nielson, Omaha, 600; Anna Rozowsky, Omaha, 500; Paul Havens, Omaha, 400; Albert Lewis, Omaha, 300; Charles Lang, Omaha, 200; Frank Dougherty, Omaha, 100; Edna Van Arman, South Omaha, 100; Calvin Evans, South Omaha, 100; Ethel McMillan, South Omaha, 100; Mary Dargatzewski, Omaha, 100; William Finney, South Omaha, 100.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fail to do its duty.

"If you are sick or 'feel badly,' begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince you."

I cheerfully recommend and endorse the Great Remedy, Dr. Kilmer's Swamp-Root, for kidney trouble and bladder liver. I have used it and derived great benefit from it. I believe it has cured me entirely of kidney and liver trouble, from which I suffered terribly. Most gratefully yours, A. R. Reynolds, Chief of Police, Columbus, Ga.

Weak and unhealthy kidneys are responsible for many kinds of diseases and if permitted to continue, much suffering and fatal results are sure to follow. Kidney troubles irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, neuralgia, bladder pain or dull ache in the back joints and muscles, make your head ache and dizzy, cause indigestion, stomach and liver trouble, you get a yellow complexion, lose strength, get weak and waste away. The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. It makes Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.
