#### Russian Account of Disaster.

ST. PETERSBURG, 5:08 p. m., April 13 .-It is officially announced that Vice Admiral Makaroff was drowned at the time of the

sinking of the battleship Petropavlovsk. After the receipt of definite news of Vice Admiral Makaroff's death the military censor committee called an extraordinary session to pass upon the official dispatches, which will probably he given out soon. A requiern mass for the repose of the souls of Vice Admiral Makaroff and the other officers and crew of the Petropavlovsk has already been announced, to take place-in the Admiralty church tomorrow.

While going out to meet the Japanese fleet off Port Arthur the Petropavlovsk struck a mine in the outer roadstead, heeled over, turned turtle and sank. Practically the whole of its crew were lost. Only four officers were saved, among them being Grand Duke Cyril. The Petropavlovsk was flying the flag, of Vice Admiral Makaroff.

The result of the naval battle, which, according to the last reports of most reliable authority was in progress, has not been received.

Reports Cause Great Excitement.

Intense excitement has been caused here by reports spread broadcast in this city regarding the disaster at Port Arthur, the Grand Duke Cyril being reported wounded, the battleship Petropaylovsk sunk and the latest report being that Vice Makaroff killed. The reports, Admiral however, are very conflicting as to Makaroff's death and as to whether the catas-trophe was the result of a fight with the nemy or due to the Petropaviovsk striking

Grand Duke Cyril was only saved from death by a miracle. His brother, Grand Duke Boris, witnessed the catastrophe through a marine glass. It is estimated that from 600 to 700 men perished when the Petropavlovsk sank. A religious service was immediately held at Grand Duke Vladimir's palace, in which thanks were returned to the Almighty for the sparing of the life of Grand Duke Cyril, but the emperor was so overwhelmed with grief at the death of Vice Admiral Makaroff that neither he nor the empress attended the service. Instead the emperor sent a member of his personal staff to break the sad news to Vice Admiral Makaroff's widow, who is living at Peterhof, a few miles west of St. Petersburg. Meanwhile the city was filled with the wildest rumors, but the official dispatches were
