### RAILROADS ASK FOR TIME

Assessment Schedules Are by Law Due in the Fifteenth. FIRST RETURN INVOLVES TOO MUCH WORK. Methodists Are Preparing to Celebrate the Semi-Centennial of Their Church Organization in the State.

(From a Staff Correspondent) LINCOLN, April 15.—(Special.)—By the provisions of the new revenue law today was the time fixed for the railroads of the state to return their assessment blanks filled out and sworn to the State Board of Equalization, but up to 4 o'clock not a road had complied with the law and it was not expected that any of them would. The law provides a penalty for failure to return the schedules by April 15, but owing to the new schedules and the trouble to secure all the data required the roads have asked for a continuance, and the penalty clause will not be enforced. It is expected that the returns will not all be in for several days.

The American Tank and Freight Line Car company filed its returns today, showing that its cars traveled in Nebraska during the year ending March 31, 15,000 miles, and that it had a total of 240 cars in use, tank and box cars, valued at \$500 for new cars, \$200 for second-hand cars and \$125 for the box cars. Monday, May 2, the board, which by the terms of the new law is now composed of Governor Mickey, Treasurer Mortensen, Auditor Weston, Land Commissioner Folmer and Secretary of State Marsh, will meet in the office of the governor for the purpose of fixing a value for assessment purposes upon railroad property in the state. Mr. Folmer and Mr. Marsh have never before been parts of the board. During the last few months Mr. Folmer has compiled a statement of land values throughout the state, and has secured a record of sales of land in many of the counties, that will be of material aid to the board in its work of fixing an equitable assessment on all property. Mr. Folmer has found that in many instances land has been assessed at its actual value or more and in other instances a material increase will have to be made to bring the value up to what it should be.

It has been reported, however, that the United States supreme court recently handed down an opinion that state boards cannot take into consideration the capital stock and gross earnings of a road in arriving at its value. This opinion, however, has not yet been filed with the board.

Very little talking has been done concerning the assessment of railroad property since the board was organized. The domestic who is charged with pilfering from the board and present argument for the assessment increased has not yet been announced. Last year an array of argument and facts was placed before the board, but no material results were noted. Secretary Bennett has been interpreting the revenue law literally to the county assessors, but whether it will result in bringing to light more property owned by the railroads will not be known until after the board adjourns. This interpretation by the secretary has occasioned considerable protest, many claiming already that the law is too strict. It is expected that the county commissioners in the various counties will watch their appropriations and keep the levy low. Much more property will be brought to light under the new law than formerly and a low levy can readily follow.

**Cody Alone Honored.** Judge Wilbur F. Bryant, reporter for the supreme court, an investigator and book worm, has discovered that the only Nebraska included in the list of names in the Century dictionary of prominent people is that of William F. Cody.

**Methodist Semi-Centennial.** The Methodist State Historical society is making arrangements for the celebration of the semi-centennial of Methodism in Nebraska, to be held in St. Paul's church here June 5 and 6. The program includes Dr. C. B. Mitchell of Cleveland, who will talk on "Achievements of the church," Charles R. Rider, and it is expected that Bishop McCabe will be here to speak on the "Debt of the Church to Her Veteran Preachers." A portion of the time will be devoted to a discussion of the experiences of the old-time preachers and laymen.

**Checking Up Delinquents.** Besides checking up the books of the county treasurer for the purpose of finding out just how much short Edward Waugh, a former clerk in the office, is Accountant Gilchrist is also making out a list of delinquent taxes. As soon as this is completed, and it will include every delinquent taxpayer for the last ten years, the county treasurer will at once bring proceedings under the scavenger tax law for collection. The amount of delinquent taxes has already reached an immense sum. Previous to ten years back the treasurer was doing the compiling.

**Tourist Travel Commences.** That the movement of tourists has begun is evidenced by the number of applicants for beds and lodging at the police station during the last few nights. Last night five were accommodated and the night before a half dozen asked to be looked up and kept quiet until morning. None of the applicants were over 20 years of age and out just from the penitentiary. Each had the appearance of having seen the rough side of life as well as the inside of many jails. They were going from the west to Chicago and from Chicago to the west to spend the summer.

**Identify Dead Man.** The man found murdered near Humphrey has been identified as Harry Rogers, who recently served a jail sentence here for vagrancy. He was arrested with a man named Kelly and a man named Donnelly, both of whom the police believe know something about the murder. Donnelly is to jail him at Fremont and the authorities are now looking for Kelly.

**Governor Goes to Ranch.** Governor Mickey has gone to his ranch in Kewa Paha county, where he will remain until some time next week. Before leaving the governor announced that he did not intend to break any branches.

**Military Matters.** Brigadier General Daggett and Adjutant General Culver left this afternoon for Osceola to inspect the new Second Regiment band of that city.

**Sure Aid to Long Life.** Electric Bitters give an active liver, perfect digestion, healthy kidneys, regular bowels, fine appetite, or no pay. 50c. For sale by Kuhn & Co.

**Tea-free trips to the World's Fair** each week. See coupon on page 2.

### Veterans Die at Home.

Rapidly the ranks of the old soldiers who fought and bled for the blue in the days when every man counted, are thinning. Last month nine at the Soldiers' home at Grand Island responded to final taps and two at Millard will never more answer to roll call. Notice of the last battle came to the state house merely in the vouchers filed for the payment of funeral expenses. In the vouchers filed from Millard not even the names of the dead were given, the item reading merely "for funeral expenses, \$3." It appears in two instances, making the total \$60. From Grand Island the vouchers give the names as follows: Murphy, Austin, Weldon, Mayfield, Quick, Resop, Resas, Adams and Holland. For each of these \$15.00 was charged for funeral expenses and for two of them \$10 was added for expenses for embalming. The number of deaths this last month is larger than any of the employees of the office of the secretary of state remember of recording in one month before.

### Dodge County Sheriff Throws Light on Murder.

FREMONT, Neb., April 15.—(Special.)—The unknown man who was found dead near Humphrey about two weeks ago has been identified by Sheriff Bauman as a man who was released from the county jail on March 26 after serving a ten days' term for vagrancy and being a suspicious character. He gave his name as Rogers. He was arrested in company with a man who gave his name as John Kelley, and after spending the night in the city jail the pair was ordered out of town. They didn't go and were again arrested and sentenced by the police judge to ten days in the county jail. While serving their time they had some trouble and according to some of the other prisoners Kelley said to Rogers: "You know too much about me. I'll kill you." The sheriff was of the opinion that both were crooks and put them through a thorough sweating process without eliciting any particular information. Before examining the body of the dead man at Lincoln he saw the clothes the man wore when killed and identified them from the contents of the pockets as those worn by Rogers when in jail here.

### STANTON REPUBLICANS TAKE STAND Do Not Want State Convention to Name Senatorial Candidate.

**Thief Gets Watch.** HUMBOLDT, Neb., April 15.—(Special.)—Sneak thief was the home of J. C. Regrist in the south part of the city last night, making away with a watch belonging to Miss Winifred Fremont of Tecumseh, one of the teachers in the city schools.

The night watch caught sight of the prowler, who is supposed to be responsible for the police work. He was perhaps a physician returning from a late call, paid no attention to him. Other people tell of having heard disturbances, but no other loss has been reported.

### First Regiment Band Inspection.

WISNER, Neb., April 15.—(Special.)—General A. S. Daggett, U. S. A., met with the first regiment band at its armory Thursday evening and gave them a thorough inspection. He found the boys in good shape, but short of equipment which they are entitled to, and advised them to make a requisition for the same at once. After the inspection he gave the boys quite a talk, and they rendered several fine selections for his benefit.

## SENSATIONAL TALE OF MURDER

Mississippi Prisoner Makes Confession of Killing Two People.

JACKSON, Miss., April 15.—In the presence of a number of witnesses Ed Gammons, who murdered Lake Kinney and his daughter, Fannie Kinney, at Water Valley, has made a confession. His statement regarding the death of the young woman, with whom he was in love, is sensational. He says that after he killed her father in the field he went to the house where the girl was and told her of his deed. At first the two planned to run away and be married, but the girl changed her mind and asked him to kill her, which he says he refused to do. Then she tried to get the pistol away from him. He then told her to step off a few paces and turn her back, which she did. He then shot and killed her. Gammons will be tried at the June term of court.

MILWAUKEE, Wis., April 15.—Fritz Idle von Ingelheim, who claims to be a son of one of the oldest and noblest families of Germany, and himself heir to immense estates and a noble title, son of a cabinet officer under Emperor William I, was sentenced to three years and six months in state's prison today for forgery by Judge Brazee. Von Ingelheim attributes his downfall to gambling and intoxication. He was known to the police as Fred L. Ingelheim. He says he will return to Germany after serving his sentence. According to Ingelheim, he deserted from a German military academy in 1880, when 15 years old, and has been receiving an annual income of \$4,000 from an estate ever since.

## May Not Save the Colon.

SAN FRANCISCO, April 15.—It is deemed improbable that the Pacific Mail liner Colon will ever leave the beach near Acapulco, on which it was driven to save it from foundering. The Pacific Mail company has received word that the vessel's back was broken. Under some circumstances there might be a chance for a vessel so injured, but far away as the Colon is from proper wrecking facilities, the chances are nearly all against its being floated.

## OXFORD HAS SERIOUS BLAZE

Two Elevators and a Cold Storage Plant Are Destroyed.

BUSINESS PART OF TOWN THREATENED

Hard War on the Part of the Bucket Brigade Prevents Any Further Spread of the Flames.

OXFORD, Neb., April 15.—(Special Telegram.)—Fire which started from spontaneous combustion about midnight burned the two elevators owned by H. P. Gumpston and a cold storage warehouse owned by H. O. Barber of Lincoln. Two cars loaded with coal which were standing on the railroad tracks were also consumed. The two elevators, together with the grain and machinery contained in them, and the cold storage warehouse and contents are all a total loss, with only small insurance.

For a time it was feared that the entire business portion of the city would be destroyed, but fortunately no wind was blowing and the energetic work of the bucket brigade saved the stores. Sparks from the burning buildings fell everywhere, but men with buckets of water were watching everywhere and gave them no time or opportunity to start a blaze elsewhere.

The intense heat from the burning elevator broke the glass in the fronts of several store buildings.

## TRAVELING MAN HAS DISAPPEARED

Friends and Employers Fear He Has Met Fatal Fate.

YORK, Neb., April 15.—(Special.)—The disappearance of W. F. Waite, a traveling man, who was last seen at the Le Grand hotel, in this city, is puzzling his friends and relatives, who are making a thorough search for him, and so far they have been unable to find any trace of him. Mr. Waite represented Stowart Bros. of Council Bluffs, Ia., and is one of the most popular salesmen on the road and one who is well known. The last seen of him was Friday morning, when he left York on the eastbound Burlington passenger train, saying that he was not feeling well and that he was going home.

He complained to Landford Miller that he was not feeling well and that he would not eat breakfast. He wrote a letter to his agent before the train started, in which he said that he would be home. His wife is prostrated with grief and every effort is being made to find his whereabouts. As Mr. Miller did not drink intoxicating liquors and the fact that he has so completely disappeared, his home believes that he must have been foully dealt with. He was not dependent and acted the same as any other man at the time he left York.
