

BARNES COMES TO LINDSAY

N. D. Jackson Withdraws from Contest for Supreme Court Clerk.

SEGWICK STILL WITH HIS FAVORITE

Sioux City & Western Railroad Files Its Property Schedule with the State Board of Equalization.

(From a Staff Correspondent.)

LINDSAY, April 20.—(Special.)—It is up to Judge Sedgwick to name a clerk of the supreme court. Judge Barnes has announced that he is for H. C. Lindsay, believing that it is the universal wish of Nebraska Republicans that Lindsay be named as clerk. Judge Barnes took the stand for Lindsay after his favorite, N. D. Jackson, had notified him that he had withdrawn from the race. The withdrawal of Jackson, it is claimed, came about after Judge Sedgwick summoned Jackson to Lincoln and informed him that he would never give his vote to him. Then in a letter of thanks to Judge Barnes for his support, Mr. Jackson announced his retirement from the race.

The new clerk taken by Judge Barnes, from which it is not likely he will change, leaves the matter up to Judge Sedgwick. Judge Barnes has given up his favorite, whom he has supported since he was elected a member of the bench, because he saw there was no chance for him and then came out for Lindsay because he believed the republicans of the state are almost unanimously for him, consequently the naming of any other will be charged to Judge Sedgwick. Lindsay will return here tomorrow and it is doubtful if the clerk will be named by that time.

Hubbard Not Satisfied. Melvin G. Hubbard, who was sentenced to the penitentiary for statutory assault, for seven years, though having served out a portion of his time, is not yet reconciled to his fate and wants the supreme court to reverse the decision of the Knox county court, and has filed a brief in the supreme court to show his reasons.

Sioux City & Western Reports.

The returns of the Sioux City & Western branch of the Willmar & Sioux Falls railway were received by the State Board of Equalization. The road returns its mileage in Nebraska at 128.21 miles, divided in the various counties through which it runs as follows: Holt, 20.77; Dixon, 14.15; Dakota, 21.29. For the year ending December 31, 1903, the road returns its gross earnings at \$24,663.87 and its net earnings at \$28,942.15. There was expended in improvements or betterments \$1,181.88; maintenance or operation, \$194,436.4. The capital stock of the company is \$2,500,000, divided into 25,000 shares of the value of \$100 each, all of which is paid up. The road has no debts, secured or unsecured, and is not quoted on the market.

It divides its rolling stock into two sections, the engines valued at \$1,500,000, the third-class passenger coaches valued at \$1,000,000, passenger coaches valued at \$2,000,000, 24 box cars valued at \$37,500; fifty-two flat cars valued at \$50,000.

In every mile of road there are 2,640 ties. For the main track sixty-pound steel is used and for side tracks thirty-pound steel and fifty-pound iron is used. This has been in use about fifteen years.

Taxation of Life Insurance.

H. H. Loughbridge, H. W. Noble, J. H. Mackett, Jr., and other insurance men this morning appeared before the state board of equalization to present their views on the taxation of life insurance policies that can be surrendered for a cash consideration. One of the points of the insurance men was that the real value of these policies could not be determined and were dependent upon the condition of the insured. The board took the matter under advisement and adopted a resolution asking Attorney General Prout for a ruling in the matter. The attorney general was also asked to make an supplemental opinion in the matter of taxing securities deposited by fraternal companies.

Looking Up Paroled Convicts.

Governor Mickey is beginning to do a little more work regarding the paroled men. He has paroled from the state penitentiary. For a number of weeks complaints have been received at the executive chamber that paroled men in Lincoln associating with ex-convicts were causing the police no end of trouble. Colonel R. M. Melick, to whom a number of convicts have been paroled, and among them some who have the reputation of being notorious, was called upon the carpet and the matter was allowed to drop for the time, one man having been returned to the penitentiary under the excuse that he returned voluntarily because he couldn't quit drinking.

The Melick convicts make their home over Melick's livery stable. On two or three occasions it was raided by the police and some of the paroled men taken off to jail.

The labor unions of Lincoln charged that Colonel Melick was using the paroled men as carpenters in the construction of his new apartment house, and so intense became the feeling that representatives of the union threatened to have a resolution passed censuring the governor for allowing Melick to have the convicts.

This morning the matter was laid before

the governor, and he at once sent for Chief of Police Routhman, in order to get the police side of the story.

Convicts are paroled upon the recommendation of some reputable citizen and the warden, who bases his recommendation upon the behavior of the men in prison.

Governor Mickey intends to be more careful in the future with his paroles and some time ago announced, when the matter was first discussed, that he intended to parole only those men who had families and whom he knew would be a help to their families. The fact that the ex-convicts and the paroled men are allowed to congregate and associate together in Lincoln, most of them in the employ of the same man, is what causes the disturbances here, so the authorities say.

Examining Colby's Accounts.

Special Examiner Wiggins is at work on the books of General Colby, formerly adjutant general of the state, who was indicted by the federal grand jury at Omaha for being short in his accounts to the extent of a number of blankets amounting in value to \$2,000. The legislature made no appropriation to pay for this examination and Mr. Wiggins will depend upon the next legislature to recompense him. The work was delayed several weeks because of the case of the Bankers' Union of the World, Mr. Wiggins having made the investigation of that company, which caused the attorney general to file a motion for an injunction against the company.

Taxing up Judgments.

A howl has gone up from a number of taxpayers of Lancaster county because Assessor Miller has notified his deputies to assess judgments held by citizens. One citizen in particular has a number of judgments, ranging from \$50 to \$200, some of which are outlawed and others which are worthless, because the parties they are against are financially unable to meet the obligations. These will be taxed just the same, for the reason that the man holding the judgments could get them revived for little cost.

Creamery Men in Session.

Representatives of the Nebraska Creamery company and farmers from all over the state are here today talking about assessor judgments held by citizens. One citizen in particular has a number of judgments, ranging from \$50 to \$200, some of which are outlawed and others which are worthless, because the parties they are against are financially unable to meet the obligations. These will be taxed just the same, for the reason that the man holding the judgments could get them revived for little cost.

Convention Reported at the Convention.

The figures reported at the convention show the number of head of milkers in service to be 1,186,000, valued at \$7,000,000. The products are valued at \$20,000,000 annually. Here are some figures showing the amount of business done by the butter factories during the last few years, which show the increased interest being taken in dairy matters: In 1888, \$161,999.57; 1889, \$257,871.90; 1890, \$406,058.67; 1891, \$507,221.98; 1892, \$794,913.84; 1893, \$1,250,000. The close of the present year will likely furnish another surprise in the amount of coin that is falling into the golden streams into the laps of the farmers of the state.

Tonight a banquet was given the visitors at the Lincoln hotel.

TWO CHURCH SOCIETIES AT OUTF.

Congregationalists Prefer Charges Against Presbyterian Pastor.

FREMONT, Neb., April 20.—(Special Telegram.)—Quite a little excitement was scored up in the Presbyterian church this afternoon by the hearing of charges of ministerial misconduct preferred by Dr. H. C. Herring of the Congregational association against Rev. R. M. L. Braden. Dr. Herring claimed that Mr. Braden had visited the Port Calhoun Congregational church and tried to induce them to join the Presbyterian church, and that the petition of twenty-five members of the Congregational church at that place for admission to the Presbyterian was a result of his labors.

Mr. Braden denied that he visited the Calhoun church until he was sent for. The seceders charged that he had induced them to leave the Presbyterian church and join the Congregational church, and that he had induced them to leave the Presbyterian church and join the Congregational church, and that he had induced them to leave the Presbyterian church and join the Congregational church.

The annual meeting of the Omaha Presbytery was held at the Presbyterian church in this city. About thirty delegates were present, fifty being clergyman and ten laymen. The opening service was held Monday evening. Rev. George Scarr of Marietta, moderator of the Presbytery, presiding. After the opening service a sermon by the retiring moderator, the election of officers was held. Dr. J. M. Jenks of the First church of Omaha was chosen moderator, W. A. Reynolds vice moderator, Dr. J. R. Kerr of Omaha, secretary, and Dr. J. H. Herring of Omaha, re-elected, with Revs. Knox Boude of Osceola and R. L. Purdy of Omaha assistants. Yesterday morning the standing committees were appointed.

The names of Bedford Place church, Omaha, was changed to Church of the Covenant on motion of the pastor, Rev. R. T. Bell.

M. M. Cland of Craig and E. E. Zimmerman were candidates for ordination. They were examined and recommended for orders. Thomas G. Osborn of the Hastings presbytery also applied for ordination. A number of clergymen who removed from the limits of the presbytery were granted letters of dismission to the presbytery where they are now officiating as pastors. The afternoon session was principally taken up with routine business, including the examination of candidates for ordination.

Last evening the topic for discussion was "Christian Education as the principal speaker being Dr. Jenks of Omaha, Rev. N. H. Burdick of the Second church, Omaha, and Dr. A. B. C. Clark of the Lowe avenue church, Omaha.

This morning's session was principally occupied with hearing the reports of committees, appointment of home mission funds among the weaker churches, and discussions following the same. The closing session was held this evening.

Sheldon Grows Religious.

YORK, Neb., April 20.—(Special.)—In an interview with Frank Sheldon who was captured at Peterboro, Ontario, by Detective John A. Meagher of this city and is now confined in the county jail, says he believes no one else could have caught him. Although he has the reputation of all ways getting his man, and for the past six months he has been on the trail of Sheldon. Since Sheldon's return it is learned that he is wanted at Fremont, Neb., and at Kanabek, Ill., where he is said to have committed forgery. He is wanted in Vermont for embezzlement and in San Francisco, Cal., it is claimed that he deserted from the United States navy. Sheldon traveled under the following aliases: George W. Valway, Fred Carlson, George Littleton and Ernest Ladieu. Sheldon has the reputation of being a religious man, and the officials here think that he will scarcely make any fight against the charge filed here against him, which is for forging a check of \$50.

Seven Years for Assault.

ALLIANCE, Neb., April 20.—(Special Telegram.)—John M. Bertrand was today sentenced to seven years at hard labor in the state penitentiary, and will be taken to Lincoln Saturday by Sheriff Reed. On March 4 last Bertrand committed an assault upon Mrs. Lena Havers, wife of a farmer northwest of the city, and afterward attempted to cover his crime by murdering his victim and burning her home

over her, she being sick, but his crimes count. This was his undoing, for the loss of the rifle in the scuffle and in making one of the witnesses, Bauer, during a moment of blood not only weakened him, but early betrayed him to his pursuers, who were not easily induced to let the law take its course at that time.

RAINS AND COLD OVER THE STATE

General Opinion No Harm is Done to Crops.

HARVARD, Neb., April 20.—(Special.)—A fine rain of 40 inch has fallen since last evening, with indications of more rainfall during the day.

GENEVA, Neb., April 20.—(Special.)—A glorious rain fell last night from midnight until morning, with wind and some hail. About 1.00 inch of rain was reported by water fall. The rain was needed badly.

SYRACUSE, Neb., April 20.—(Special.)—Rain and sleet fell here last night, accompanied by a cold, raw wind. Agricultural conditions need warm weather rather than a cold, threatening day.

PAPELLION, Neb., April 20.—(Special.)—This vicinity was visited by a heavy sleet and rainstorm which continued nearly all night. The temperature has fallen greatly, heavy overcoats and mittens being in evidence.

NORTH BEND, Neb., April 20.—(Special.)—After a cold, threatening day a sleet storm, accompanied by thunder and lightning, started in at 6 o'clock last evening. Owing to the extreme backwardness of the season, fruit buds are not far enough advanced to be injured, but considerable fear is expressed that oats that have but just sprouted may be killed.

CRENSHAW, Neb., April 20.—(Special.)—This vicinity was visited by a heavy sleet and rainstorm which continued nearly all night. The temperature has fallen greatly, heavy overcoats and mittens being in evidence.

CRENSHAW, Neb., April 20.—(Special.)—This vicinity was visited by a heavy sleet and rainstorm which continued nearly all night. The temperature has fallen greatly, heavy overcoats and mittens being in evidence.
