Drop the First Game at Colorado Springs by Score of Six to Three.

HEAVY HITTING MARKS THE CONTEST

Miller, Downs and Kahl Knock Home Runs, Miller a Three-Bagger Hit and Ryan, Messitt and Welch Hit for Two.

COLORADO SPRINGS, April 24.—(Special Telegram.)—Heavy slugging was the feature of the first Western league game of the season here today. Dusty Miller took the honors with a home run and a three-bagger. Last night's storm and a raw wind made it seem almost impossible to play ball and only a handful of spectators braved the weather.

Leibhardt was much steadier than McNeely and with better support would have won his game. Captain Jimmy Ryan started the scoring with a two-bagger, followed by Kahl's home run. Miller's single, a steal and Carter's muff netted one in the third. Thornton scored in the fourth on an error, a pass and Messitt's double. Nil, got home in the fifth on a single and two outs. Nil again scored in the seventh on a single, a steal and errors by Dolan and Carter.

DEPUTY SHERIFF WHEN HE KILLED LUSE.

He went to the home of the deceased armed with a warrant sworn to by Zeck Foster, charging the possession of a horse belonging to Foster. When Hans arrived at the house Luse was there with his four children, whom he sent out of the room, consequently there were no witnesses to the killing.

Hans told that Luse agreed to accompany him to town and asked permission to get his coat and boots; that after searching around the room for a while Luse walked over to where his coat was hanging and instead of taking that from the wall, he drew a rifle and attempted to shoot Hans. The latter then shot and killed Luse.

The state contends that Hans was employed to murder Luse and that the complaint sworn out against him charging that he had shot the horse was part of the conspiracy.

A reception committee met the excursionists at the station and a march was made through the rain and mud to the Woodman hall, headed by the Scandia (Kans.) and the Germania (Iowa) bands from Republican City and Lawrence, Neb.

On Monday Mr. Williams, the minority leader, is to be given consideration of his resolutions calling on the attorney general, first for information of any prosecution by him of the interested parties in the Northern Securities company and second, what has been the result of any investigation he has made of the coal trust.

The conference report on the postoffice appropriation bill is to be considered Tuesday. The Alaska delegate bill is before the house as a "continuing order" to be considered in the absence of conference reports, which are yet to come on the military academy, the general deficiency and the sundry civil appropriation bills. There undoubtedly will be many requests for consideration of minor matters by unanimous consent and the outlook is declared by the leaders to indicate an exceedingly busy wind-up.

More Speeches in Senate. The time of the senate the present week will be devoted wholly to clearing the subject of the tariff and trusts. Most senators still say will occur during the present week. There remains only one appropriation bill to be passed by the senate, that for the military academy. A number of the supply bills are still in conference, however, and it is expected there will be more or less discussion of conference reports. The general calendar is very heavy and an effort will be made to pass as many of these measures as possible.

There are a number of provisions in the military academy bill which will be debated at some length. This bill probably will be taken up tomorrow, but it may give way to other business, including a speech by Mr. Cullom on the country's foreign affairs, and another by Mr. Bacon on the subject of the tariff and trusts. There also will be some speeches during the week on the desert land bill, and it is probable that the conference report on the canal zone government bill will lead to debate.

ACCOMPLISHMENTS OF CONGRESS. Cuba, Panama, Pension, Land and Immigration Laws Amended. WASHINGTON, April 24.—The important legislative accomplishments of the session subsequent to the adjournment of the government of the canal zone commit the United States to the construction of the Panama canal connecting the waters of the Atlantic and Pacific oceans.

The Atlantic session now denominated the first session, was called for the express purpose of carrying out the pledge of the nation to Cuba. The Panama development was one which arose suddenly and received decisive and immediate action at the hands of President Roosevelt and the senate.

The annual supply bills were made up with an eye to economy. Incidentally, they were passed with greater dispatch than heretofore has been the case. The senate ratified the treaty negotiated with Cuba to carry out the terms of the Platt amendment. It also ratified the Chinese commercial treaty which provides for two open ports in Manchuria.

Chairman Hemenway of the house committee on appropriations, in a statement compiled under his direction, gives the total of all supply bills (subject to slight changes in pending bills) as \$267,629,250, to which should be added \$427,820 for interest on the public debt. The estimated revenues are \$704,620,000. By these figures the expenses are \$22,000,000 less than the revenues. Several amendments have been made to facilitate the administration of the public land laws. The allotment in severality of lands owned collectively by Indian tribes in various sections of the country has been provided for in a number of acts.

A step in the direction of world peace has been taken through the formation of an American group affiliated with the International union for international arbitration and the official recognition of this "group" by the passage of a joint resolution extending an invitation to the union to hold its next annual meeting at St. Louis and appropriating \$50,000 for the expenses of the same.

A joint resolution was enacted providing for teachers in this country. Provision was made for the extension of the coastwise shipping laws of the United States to the Philippine Islands after July 1, 1905. The citizens of Newfoundland exempting the United States were made exempt from the 10 per cent duty on interest against aliens by the immigration laws.

The only general pension legislation which became a law makes the pension of those who totally lost their sight in the military or naval services \$50 per month. Action for a service pension bill resulted in the introduction of many such bills.

In the senate the confirmation of General Leonard Wood as major general was accomplished after much inquiry and objection. The right of Senator Reed Smoot of Utah to his seat in the senate resulted in an investigation, still in progress, involving the Mormon religion. Senator Hanna and seven members of

the house have died, namely, Representatives T. H. Tongue of Oregon, Vincent Borling of Kentucky, R. H. Forrester of Pennsylvania, Henry Burk of Pennsylvania, W. W. Skiles of Ohio, G. W. Craft of South Carolina and C. W. Thompson of Alabama. T. H. Ball of Texas resigned. His place is filled by J. M. Pritchney. George B. McClellan of New York resigned and was succeeded by W. Bourke Cockran. Charles Dick of Ohio resigned to succeed Senator Hanna in the senate. George Howell of Pennsylvania was unseated in favor of William Connell, and J. F. Shafer of Colorado resigned in favor of R. W. Bonyng, who contested his election.
