The storm started near Chouteau, on the Missouri, Kansas & Texas, eight miles from here, and swept to the northeast, cutting a path from one-half to a mile wide and about twenty miles long.

The storm then struck the Dealy home, blowing it to pieces and killing the father and probably fatally injuring the father.

Snow in Kansas.

HOXIE, Kan., April 25.—The worst snow and rain storm of the winter gazed here last night. This is practically the first moisture that has fallen this spring, and the benefit to wheat is incalculable.

Destroys Home and Life.

HIGBEE, Mo., April 25.—A heavy wind storm prevailed in this section last night, demolishing a number of residences and destroying many sheds and barns.

STREAMS AT THE FLOOD MARK.

Mississippi Rising and Other Streams Near the Danger Line.

ST. LOUIS, April 25.—The Mississippi river is rising rapidly here and preparations to resist a possible flood are being made.

In East St. Louis, Ill., which suffered so severely from the flood of last year, Mayor Elias Cook today secured a large force of men and the building of dikes was at once begun.

At the mouth of the Kaw at Kansas City the rise during that time has amounted to three feet, and while some minor damage has been done, it will take a very much greater rise before the danger point is reached here.

TURKS AND GREEKS CLASH

Serious Complications May Follow as Result of Conflict—Consul's Secretary a Prisoner.

ATHENS, April 25.—An affray between Turkish gendarmes and Greeks is reported from Smyrna, in which M. Delyannis, secretary of the Greek consulate, was slightly wounded.

The Ottoman minister here after a long conference with the foreign minister, promulgated a satisfaction for the Smyrna affair.

M. Delyannis, acting in self-defense, fired several shots. The Greek consul general proceeded to the office of the Ottoman governor after the arrest of M. Delyannis and the consulate guards.

M. Delyannis was authorized to accept the consul general's guards, but the soldiers prevented the departure of the two guards and unharnessed the horses from the consul's carriage.

The guards were finally released through the intervention of the French consul.

HUNGARIAN SITUATION ALARMING

Socialists Threaten to Proclaim General Strike Throughout Country.

VIENNA, April 25.—The Hungarian situation is regarded here as alarming. The socialists threaten to proclaim a general strike throughout the country and in such an event it is stated in political circles that Count Tisza, the Hungarian premier, will put the whole kingdom under martial law.

Popular excitement appears to be reaching a dangerous point and the critical condition of affairs is further intensified by the near approach of Labor day.

The striking situation in the market town of Eled, near Grosswarden, yesterday, in which a socialist killed the commander of the gendarmes, followed by the killing of twenty-three rioters and the wounding of forty by the gendarmes, a general strike has broken out at Grosswarden.

The schools are closed and the business life of the town is entirely suspended.

Five thousand teamsters at Budapest, 15,000 workmen at Debrecz, the chief town of the Haiduck district, and a large number at Szegrad, the capital of the county of Csograd, are now on strike.

PLOT AGAINST LOUBET DENIED

Report Result of Remark Made by Exalted French Priest.

ROME, April 25.—The report sent from Rome to Berlin, printed in the Tageblatt of that capital and circulated on the bourse, and which was also circulated in the United States, that there was a plot to kill President Loubet and that an attempt had been made to assassinate him, is without foundation.

The report may perhaps have originated in the fact that a French priest went to the office of the Italia, where, becoming excited, he cried that he had come to Rome to kill President Loubet.

The police then arrested several priests, but in none of them could the staff of the Italia recognize the excited clergyman who had visited the office.

All search for this priest has proved unavailing. Nobody, however, attaches any importance to the incident.

SHOOTERS AT MONROE DOCTRINE

German Writer Thinks United States Will Abandon Its "Capricious."

BERLIN, April 25.—Prof. Muensterberg has written a book, "The Americans," which a Berlin publisher will bring out this week.

The newspapers print extracts from it in a chapter on the Monroe doctrine the author says he thinks the time is near when the absurdity of the doctrine will be seen and the rejection of it will proceed as rapidly as the adoption of imperialism by the masses of the people.

The professor argues that the conditions no longer exist which gave rise to the doctrine, namely, the contrast between Europe and the United States.

WILD WEST OPENS IN ENGLAND

Beautiful Weather Contributes to Success of American Production.

LONDON, April 25.—The wild west show opened its season in England at Stoke-on-Trent today. The entire pottery district took a holiday.

The beautiful weather and enthusiasm contributed to make the event exceptionally notable.

Work on Russian Treaty.

ST. PETERSBURG, April 25.—The draft of the treaty whereby American firms can sue in Russia and Russians sue in America, over which Ambassador McCormick has been negotiating, has been received from Washington and laid before the Foreign office.

Memorial Services for American.

LONDON, April 25.—There was a memorial service today at St. Andrew's church, the superintendent of the mission, the granddaughter of the late Hamilton Fish, secretary of state in President Grant's administration, who died suddenly last week while traveling in France.

American Awaits Extradition.

LONDON, April 25.—John H. Lead, the civil engineer of Chicago, who was arrested here March 28 on the charge of larceny committed in the United States, was again remanded today for a week, but in view of the delay in the arrival of the extradition papers Lead was admitted to bail in the sum of \$500.

Hungarian Strikers Resume Work.

BUDAPEST, April 25.—The strike committee has issued a proclamation to the strikers on the state railroads, instructing them to resume work immediately, and to avert further and more stringent action by the government against them.

Empress Closes Hungarian Diet.

BUDAPEST, April 25.—The Diet was closed today by royal decree. The sudden end of the session is attributed to a desire to avoid discussions of the railroad strike and rioting.
