DOCTORS FOR MEN.

WE CURE AND CURE QUICK We Don't Patch Up-We Cure Quickly, Safely and Thoroughly.

We are living in an age of special-ism, an age when success can only be attained by the concentration of every thought upon the unswerving pursuit of a single object. We are presisely such specialists. This accounts for the difference between success and failure in the treatment and cure of diseases of men. The physician who tries to explore and conquer the whole fail of medicine and surgery become profi-cient in no particular branch. We have confined ourselves entirely to a single cient in no particular branch. We have confined ourselves entirely to a single class of discuses and their allied complications and mastered them. We do not scatter our faculties, but concentrate them, upon our particular specialty. We have made a life study of diseases and weaknesses peculiar to men, spending thousands of dollars in researches and evolving a special system of treatment that is a quick safe and certain cure for all skin, nervous, blood and private diseases.

If you are drifting in a sea of sick-ness and disease toward the rocks and shoals of chronic invalidism, you should stop drifting and consult the eminent specialists connected with the STATE MEDICAL INSTITUTE at once, before it is too late.

The man who has youth in his heart, The man who has youth in his heart, pure blood in his veins, ambition, confidence and nervous energy in his makeup, and who is free from the contaminating effects of private diseases or the depressing influence of nervous debility, is worth more to himself, his family, his friends and the world than is the broken down millionaire with all his wealth in the bank.
