KEEPS THE FIELDERS BUSY

Omaha and Denver Both Hit Ball Hard and Often.

ERRORS GIVE IT TO TEBEAU'S PROTEGES

Rourke's Boys Lead at the Bat, but Have Too Many Thumbs When It Comes to the Fielding End.

DENVER, Colo., April 28.—(Special Telegram.)—"Pop" Eyler hooked his hoodoo on the Rourkites today and while he was touched up for thirteen hits the invaders were unable to win the game. The game was a slugging match throughout, the visitors hitting the ball much harder than did the Cubs, but ragged fielding on the part of the Kidnapers was responsible in a great measure for their defeat. Denver did well with the willow, touching McCarthy up for a total of twelve hits, while Omaha got thirteen off Eyler's delivery. The contest was bitterly fought, but the visitors seemed to see looming up before their gaze the "hoodoo" of Pop Eyler, which has clung to them for so many years; in fact, since the Western league was established some years ago. Only once has Omaha succeeded in defeating the Cubs while Eyler was in the box, and that was in Omaha last year when Rourke's men won one game off Pop's delivery. Today's game makes five straight wins for the Tebeaultes. Judging from the article of the national pastime put up by the visitors, the fates are their Colorado tours. Attendance, 850. Score:

CORNHUSKERS SMOTHER GOPHERS

Pile Up Ten Runs to Minnesota's One.

MINNEAPOLIS, Minn., April 28.—(Special Telegram.)—Nebraska walked all over Minnesota on Northrup field by a score of 10 to 1. The Gophers sole run was due to three errors followed by a hit. These were the only errors made by the Cornhuskers. The Nebraska team was simply invincible wielding the stick for seven earned runs. The onslaught was so heavy that Brigham was taken out and Bond substituted in the fifth. The Cornhuskers immediately pounded out three earned runs, and then settled down and put a stop to the scoring. Nebraska's fielding was of the sensational order, backing Morse up in fine shape. Morse pitched a great game, allowing only three scattered hits. The score:

INUNDATES ILLINOIS TOWN

Breaking of Mississippi River Levee Floods Village of Russ City.

ONE RAILROAD LINE IS ABANDONED

Spread of Water Through Crevasse North of St. Louis Relieves Strain on Levee Lower Down Stream.

ST. LOUIS, April 28.—The local forecaster of the United States weather bureau announced today that from present indications, the rise of the Mississippi river at St. Louis would not exceed a stage of thirty-four feet. The river has reached a stage of 33.4 and rising slowly.

The conditions on the Illinois side, above East St. Louis, are considered favorable, the break in the levee above Venice having spread the water over a large area and removed the danger of th flood forcing the embankments protecting valuable property in that vicinity. The area inundated consists of farm lands, the inhabitants having left their homes when the danger of a flood was first reported.

Below East St. Louis there is a break in the Conlogue road embankment and the little town of Russ City is entirely inundated. The residents were forced to desert their homes, the water in places having reached a depth of six feet.

The Mobile & Ohio railroad embankment, south of the Conlogue road, has been pronounced unsafe, and trains over that system are entering East St. Louis over the tracks of other roads.

HANNIBAL, Mo., April 28.—The Mississippi river has reached a stand here at 16.4 feet. The weather observer claims the crest has reached Hannibal and the water will begin falling tomorrow. Almost 20,000 acres of farm lands are under water north of Hannibal and wheat crops are ruined. The submerged country has been entirely deserted. No fatalities have been reported.

BOILS

PYRAMIDS OF PAIN

Boils show the blood is in a riotous, feverish condition, or that it has grown too weak and sluggish to throw off the bodily impurities, which then concentrate at some spot, and a carbuncle or boil is the result. To one already enfeebled by disease, boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer. All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons; and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics. Where the blood has become impoverished and is poor and thin, no medicine acts so promptly in building up and restoring its richness, purity and strength.

Allegheny, Pa., June 11, 1903.

From the age of twenty or thirty I was sorely afflicted with large, awful boils on my face and body. As soon as they would heal up in one place they would break out in another part of the body, and this continued for ten years. I tried everything I could hear of to get relief, but nothing did me any good. I had but little faith in S. S. S. doing me good when I began it, but after taking it for a short while the boils began to disappear. I continued on with the medicine, taking six bottles, and all the boils entirely disappeared. Five years have elapsed since that time, and I have never been bothered since, showing that the cure was permanent. I had some thirty or forty of the most painful boils one ever had, and to be entirely rid of them by your great purifier, S. S. S., puts me under a debt of gratitude to you.

HENRY ZINN.

The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood; for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions. S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequaled as a cure for boils and kindred eruptions.
