The Omaha grain market today was in a The Omana grain market today was in a state of suspension. The speculative business amounted to very little and the cash business was not large. Three cars only were sold. The Chicago quotations were also of little interest. The fluctuations were small and led to neither advances for weakenings. were small and led to neither advances hor weakenings. The labor troubles which are expected in the lake shipping are the most important thing to be considered now. In corn, if a strike comes, the effect undoubtedly will be bearish, but in wheat it probably will have the reverse effect. If shipping is tied up, Duluth will be shut out from the eastern millers, because the all-rail charge would be 6 cents more than the all-rail charge would be 6 cents more than the all-rail charge east from Chicago. In this case, a demand will be created in the latter market. Chicago Friday sold 60,000 bushels of No. 1 northern, to be shipped east to millers by rail at from %c to %c over the May in store. The same buyers took 25,000 No. 2 hard winter at May and 25,000 No. 3 hard in store. The same buyers took 5,000 No. 2 hard winter at May and 25,000 No. 3 hard at private prices. The New York millers report a little better demand, amounting to about half output, and they are running at that rate. Milwaukee sold more flour Friday than for the whole of April. Minneapolis is somewhat stronger. No. 1 northern sold there at 3 cents over the May and No. 2 northern at 1½c over. The Minneapolis stocks of wheat have decreased in the week 700,000 bushels and Friday decreased 19,000 bushels. Of the stock of 11,377,000 bushels, 4,500,000 bushels are No. 1 northern. The crop news Friday was buillah and the statistics bearish. The American and European prices are out of line. They must eventually get together, and there seems small chance of the European coming up, with the large stocks on that side and the large world's shipments and no help from this side. Australia ships 1,224,000 bushels of wheat. Competent authorities now place the Oklahoma crop chance at 80 per cent of last year and Kansas is pledged for 90,000,000 bushels. Bank Statement, only News of Day, Excites

Languid Interest.

NO SIGN OF LIFE IN INVESTMENT DEMAND

Abundance of Money Keeps the Market Free from Any Pressure of Selling to Procure Cash

NEW TORK, April 30.—The bank statement was the only news of the day with any important bearing on the stock market, and it was accepted with languid interest. This was partly due to the feeling that the statement was not an accurate showing of actual conditions. An increase, though a smell one in the cash items of the banks in the week of the largest gold exports on record is an anomaly in itself. It is partly explained by the fact that the statement does not reflect the \$2.700,000 shipment of gold that went out today and which will be carried over into maxt week's statement. Even allowing for this, the cash reserve is more than \$2.00,.000 better than was estimated from the known movements of money. Local cash operations are given as the explanation of the discrepancy.

The increase in the loan item was not greater than expected in view of the week's railroad note is the Event teacher.

The increase in the loan item was not greater than expected in view of the weak's railroad note is use Further issues are expected and the placing of the \$37,000,000 New York city loan is expected to affect the loan item still further. There has been no sign of life in the investment demand for stocks this week and prices have drifted sluggishiy under the small operations of the habitual trade in vain attempts to make profit in and out of the market. The ease and abundance of money keeps the market free from any pressure of selling to procure cash resources and those who are not obliged to sell have every incentive to keep their offerings off the market in view of its small power of absorption. At the same time the abundant facilities in the money market have proved no inducement to operators to accumulate stocks for speculative purposes.

purposes.
The week's heavy exports of gold which The week's heavy exports of gold which have reached a record have not caused a ripple in the money market and no obstruction to the movement by a rise in interest rates is indicated at present. It is considered probable therefore, that practically all of the 140,000,000 payable to the Panama canal stockholders will go out in gold. The same abundance of money resources is found in London, Berlin and Paris as here and early reduction in the discount rate of the imperial bank of Germany is expected. The movement of gold towards Paris in view of the large resources already at hand there strengthens the conviction that the issue of a large Russian loan there is imminent.

Bonds have been heavy, but prices were steadily maintained. United States new fours have advanced 4 per cent on call during the week.

COWS. Av. Pr. No. BULLS. STOCKERS AND FEEDERS. HOGS-Receipts were liberal again this morning at nearly all points and prices took another drop. Packers were rather btarish here and started out bidding a big nickel lower. They falled to get the hogs, however, and as they all seemed to be anxious for supplies, they raised their bids and the early sales were no more than a nickel lower. The market gained in strength and activity and toward the close a good share of the decline had been regained, the later sales being very largely at \$4.53\(\frac{1}{2}\) and \$4.55\(\frac{1}{2}\) or a good deal like yesterday's extreme close. Heavy hogs of good quality sold particularly well. The bulk of all the hogs went from \$4.60 to \$4.55\(\frac{1}{2}\) with choice loads going from \$4.55\(\frac{1}{2}\) the forenoon.

Receipts have been liberal all this week, there being a gain over last week amounting to about 19,000 head and as compared with the same week of last year there is an increase of \$3.000 head. Supplies at other points have also been heavy and the general tendency of prices has been downward. The net loss for the week amounts to nearly 20c. Representative sales:

 SHEEP—There were no fresh arrivals of sheep and lambs this morning with which to test the market. For the week receipts have been about 15,000 head less than last week, but, as compared with the same week of last year, there is an increase of about 5,000 head. The demand from all cources has been in good shape and prices have continued their upward course.

As compared with the close of last week sheep may be quoted strong and active, with desirable grades showing an advance of as much as logific. Most of the sneep now arriving are clipped and the quality is fairly good. Lambs have sold to even better advantage than sheep and may be quoted logific higher than the close of last week. Clipped stock has improved more than wooled lambs, and in some cases are a little more than a quarter higher. Packers have evidently had a good outlet for their products, as each day's offerings have been well cared for, even though much larger than a year ago.

Quotations for chipped stock: Good to choice lambs, \$6.00 gr. good to choice weeled lambs, \$6.00 gr. good to choice weeled lambs, \$6.00 gr. good to choice weeks, \$1.750.00; fair to good yearlings or wethers, \$5.1575.00; fair to good ewes, \$4.500.00; fair to good of yearlings or wethers, \$5.1575.00; fair to good ewes, \$4.500.00; fair to good to choice ewes, \$4.7500.00; fair to good ewes, \$4.500.00; fair to good to choice ewes, \$4.7500.00; fair to good to choice ewes, \$4.7500.00; fair to good ewes, \$4.5000.00; fair to go

Nearly a Million Pounds Disposed of to Eastern Buyers.

CASPER, Wyo., April 30 .- (Special.)-The first wool sales of the season were nade this week when eastern buyers purchased 900,000 pounds at a price ranging from 12% cents to 14% cents. Fully onehalf of the wool sold is at present on the sheep's backs. The Rowan clip of 15,000 pounds was sold

to Brown & Adams for 13 cents. Daley's elip of 70,000 pounds went to Hecht, Liebman & Co., for 141/2 cents. Hallowell & Donald bought Pat Sullivan's clip of 100,000 pounds, paying 14% cents. The other sales were as follows; P. H. Sheep company, to Jeremiah Williams &

Co., 45,000 pounds, at 13% cents; Raiston clip, to Bruce & Manning, 100,000 pounds, at 131/2 cents; the A. E. Kyte clip of 25,000 pounds, and the O'Neal & Johnson clip of 15,000 pounds also went to Bruce & Manning for 12% cents.

There are now sixteen wool buyers on the ground, and no less than six or eight representatives of railroads, and the bidding is spirited. The wool is dirtier than it was last year and even if the owner receives 1 or 2 cents less per pound his profits will be equally as great as last season. Several clips of wool have been consigned, while others have been stored in the local warehouse to wait for an advance in prices.

Bishop Hare Will Return. SIOUX FALLS, S. D., April 30 .- (Special.) -It will be a source of genuine pleasure to many thousands of South Dakotans to learn that Rt. Rev. W. H. return to Sloux Falls about the middle of

Innes is injured.

ST. LOUIS, April 20.-Bandmaster Innes, while leaving his hotel for the World's fair grounds to lead the massed bands for the music program at the opening ceremonies, was painfully injured by a trolley car. The carriage in which he was riding was wrecked. He was thrown out and for a time it was thought he was badly hurt. Physicians attended him, and Mr. Innes instated on continuing to the fair grounds and taking his part in the program.
