

MAKING THE CITY BEAUTIFUL

Some Efforts in That Direction Visible to the Naked Eye in Omaha.

PICTURE AND POSEY IN HAPPY UNISON

Lines of Travel Illuminated with Gorgeous Works of Art and Things Designed to Make Life Worth the Living.

"Nature Designs—Art Develops," was the expressive sentiment lettered on the arched entrance to Haneson park some years ago.

The sentiment conveyed a noble truth to all who entered, expressing in few words nature's handwork and man's handicraft united in that ennobling retreat.

Other parks have been linked to Omaha's first and favorite park, each developing along the lines of the original and designed with connecting boulevards to form a chain of urban beauty spots through the city.

Much has been done in this way to make the city beautiful and thereby increase the pleasures of life. Much remains to be done to complete the work planned.

The park commissioners are pressing onward, earnestly and systematically as means and time will permit, and the Federation of Improvement Clubs promises to lend aggressive assistance to the work.

In the lexicon of that combination there is no such word as fail. It means progress and push from start to finish.

These are the forces actively pushing Omaha to the front as the city beautiful. Great as they are in public confidence, there are others, perhaps not just as good, but certainly as energetic, devoted, artistic and forehanded.

They do not limit themselves to any particular locality. Their enterprise and skill are as expansive as the city's boundaries.

With the Federation of Improvement Clubs and the self-sacrificing devotion and true genius of the brush and the divine muse. In a few years they have accomplished wonders.

Turn where you may, evidence of their enterprise and skill is everywhere, filling the soul with indescribable emotions and driving strong men to hard work.

Some localities are discriminated against slightly, but this neglect is offset by the unique collections of art stretched along the main thoroughfares.

The designs of nature in and about Omaha are too many and varied to be properly adorned under official sanction.

Individual talent and private means are necessary to give the "definite artistic touch" to neglected beauty spots and transform unlovely lots into variegated dreams.

To this patriotic duty the Association of Sign-board Artists bring the unwavering devotion and the self-sacrifice that stamps the true genius of the brush and the divine muse.

In this, as in all art exhibits, repeated examples are necessary to fully comprehend the motif of the artist, the delicate blending of colors, the lights and shades, and the explanatory notes.

STANDARD CHILD LABOR LAW

Measure the Women's Clubs of Country Are United to Support.

MORE PROTECTION FOR THE LITTLE ONES

Provisions Designed to Secure Some Measure of Development of Mind and Body Before Entry on Struggle for Bread.

Just now the women of the country are very much interested in child labor legislation and have united through the General Federation of Women's Clubs to work for the adoption of what is known as the "standard" bill.

Sec. 1. No child under 14 years of age shall be employed, permitted or suffered to work in any factory, workshop, mercantile establishment, store, business office, telegraph office, restaurant, hotel, apartment house or in the distribution or transmission of merchandise or messages.

Sec. 2. No child under 16 years of age shall be employed, permitted or suffered to work in any factory, workshop or mercantile establishment unless the person or corporation employing him procures and keeps on file and accessible to the trust officers of the town or city, and to the inspectors of factories, an age and schooling certificate as hereinafter prescribed.

Sec. 3. An age and schooling certificate shall be approved only by the superintendent of schools or by a person authorized by him in writing, or there is no superintendent of schools, by a person authorized by the school committee.

Sec. 4. An age and schooling certificate shall not be approved unless satisfactory evidence is furnished by the last school census, the duly attested transcript of the certificate of birth or baptism of such child, or other reliable record, or the register of birth of such child with a town or city clerk, that such child is of the age stated in the certificate.

Sec. 5. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 6. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 7. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 8. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 9. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 10. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 11. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 12. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 13. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 14. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Sec. 14. The age and schooling certificate of a child under 16 years of age shall not be approved until the parent or guardian of the child has presented to the person authorized to approve and sign the same an employment ticket as hereinafter prescribed, duly filled out and signed.

Schlitz Compare Our Methods

You will realize then why Schlitz beer is pure. You wash a cooking utensil once. We wash a bottle four times, by machinery, before we fill it. You use city water. We bore down 1400 feet to rock for ours. You prepare food in the air of the room. We cool Schlitz beer in plate-glass rooms and filter all the air that touches it. Then we filter the beer by machinery—filter it through white wood pulp. Yet your methods are cleanly. Ours are cleanliness carried to extremes. Then—for fear of a touch of impurity—we sterilize every bottle after it is sealed. We double the necessary cost of our brewing to give you a healthful beverage pure. Do you wonder that we sell over a million barrels annually? Ask for the brewery bottling.

The Beer That Made Milwaukee Famous.

placed on file such proof, the officer shall issue to the child a permit and badge. Sec. 175. Contents of Permit and Badge—Such permit shall state the date and place of birth of the child, the name and address of its parent, guardian, custodian or next friend, or the case may be, and describe the color of hair and eyes, the height and weight, and any distinguishing facial mark of such child, and shall further state that the proof required by the preceding section has been duly examined, approved and filed; and that the child named in such permit has appeared before the officer issuing the permit. The badge furnished by the officer issuing the permit shall bear on its face a number corresponding to the number of the permit, and the name of the child. Every such permit, and every such badge, on its reverse side, shall be signed in the presence of the officer issuing the same by the child in whose name it is issued. Sec. 176. Regulations Concerning Badges and Permits—The badge provided for herein shall be worn conspicuously at all times by such child while so working; and such permit and badge shall expire at the end of one year from the date of their issue. No child to whom such permit and badge are issued, shall transfer the same to any other person, nor be engaged in any city of the first class as a newsboy, or shall sell or expose or offer for sale newspapers under circumstances forbidden by the provisions of this article, must be arrested and brought before a court or magistrate having jurisdiction to commit a child to an incorporated charitable reformatory or other institution, and be dealt with according to law; and if any such child is committed to an institution, it shall, when practicable, be committed to an institution governed by persons of the same religious faith as the parents of such child. Sec. 177. Nothing in this act contained shall be deemed or construed to repeal, amend, modify, impair or in any manner affect any provision of the penal code or the code of criminal procedure. In the Far East, "In some of those far eastern countries," said the lawyer, "a potentate is apt to hang the doctor if he doesn't get well as fast as he fancies he should."

MOTHER'S FRIEND BABY'S FRIEND

NEWSPAPER LAW

The effort to restrict the labor of children on the streets is so recent, and the measure hitherto adopted are so largely experimental, that it seems best to print in full the new law now in force in New York, followed by a brief statement of the substance of the provisions in which it is exceeded by the Boston law.

LAW OF NEW YORK

AN ACT to amend the labor law relating to children working in streets and public places in cities of the first class. Sec. 174. Prohibited Employment of Children in Street Trades—No male child under 16, and no girl under 18 years of age shall in any city of the first class sell or expose or offer for sale newspapers in any street or public place. Sec. 175. Permit and Badge for Newsboys, How Issued—No male child actually or apparently under 14 years of age shall sell or expose or offer for sale articles unless a permit or badge as hereinafter provided shall have been issued to him by the district superintendent of the Board of Education of the city and school district where said child resides, or by such other officer thereof as may be officially designated by such board for that purpose, on the application of the parent, guardian or other person having the custody of the child desiring such permit and badge, or in case said child has no parent, guardian or custodian, then on the application of his next friend, being an adult. Such permit and badge shall not be issued until the officer issuing the same shall have received, examined, approved and placed on file, in his office, satisfactory proof that such male child is of the age of 10 years or upwards.

Unsolicted Opinion of An Expert Chemist

Uricol Chemical Co., Los Angeles, Cal.—Gentlemen: Having had the opportunity of testing your preparation for the treatment of the Uric Acid Diathesis, very appropriately called Uricol. It is a pleasure to be able to say that it has made itself deserving of much esteem and confidence to which reference has been made. It neutralizes the Uric Acid without overstimulating the kidneys. This, of course, is the secret of its success, as a neutral subject will not produce detrimental results. It does not disturb the digestive processes. It controls the action of the heart without depressing it and without causing any exhaustion. In regulating the pulse it does not cause any nausea or other disagreeable symptoms. It acts in accordance with nature's own laws in controlling the nerves of voluntary motion. It does not impair the quality of the blood—in other words, it does not impair the constructive energies of the system. It has an action on the liver which is very gently alterative. It seems to produce a mild, pleasant, physiological and healthy stimulation of the intestinal glands. These several facts concerning physiological action go to accentuate its value as a Uric Acid solvent. WILLARD H. MOORE, M.D., F.S.S., Etc. Consulting Chemist.

An Instance of Prompt Relief.

Pomona, Cal., Aug. 26, 1902. Uricol Chemical Co., Los Angeles, Cal. Gentlemen: I had Rheumatism for about seventeen months, both articular and muscular; was so I could not walk part of the time. I tried the doctors and got some relief, but was not cured. Tried also various patent medicines to no effect. Was in at Mr. Ludden's drug store to get something to relieve the rheumatism in my shoulder, and he spoke of Uricol, but did not know what it would do, as it was new. I bought a bottle and have not been bothered with Rheumatism since taking half of it. Took the bottle and expect to keep it on hand. I am sure anyone suffering from uric acid conditions will get relief if they take Uricol as directed. Yours, LULU CLAYPOOL, 601 W. Fourth Street.

A Well Known Druggist Praises Uricol.

Atlanta, Ga., Aug. 26, 1902. Uricol Chemical Co., Los Angeles, Cal. Dear Sirs: I have long suffered from Rheumatism in my shoulders and elsewhere, and could scarcely use my arms or hands. I had tried other remedies without success. I used two bottles of Uricol and regard myself as completely cured. It has not only cured my Rheumatism, but it has very materially benefited my general health. I regard Uricol as a fine remedy, and will gladly recommend it to all who suffer with this disease. Very respectfully, ALEX. JOHNS, Druggist, 16 Lawn Street.

A Prominent Journalist Cured.

Los Angeles, Cal., Feb. 25, 1903. Uricol Chemical Co., Los Angeles, Cal. Gentlemen: Having suffered for some years from Rheumatism and diseases allied to it, caused by uric acid, I wish to give my testimonial, wholly unsolicited by you, to the merits of Uricol. I consider myself cured, and believe your remedy is one which cannot be too highly commended. I have met a number of other victims of Rheumatism, one of the most painful and dangerous diseases flesh is heir to, who say they also have been relieved and cured by Uricol. Very truly yours, C. PRABODY, Staff Writer Los Angeles Western Graphic.

Uricol Cures Rheumatism. Uricol not only cures the common forms of Rheumatism, but it does what no other remedy ever has succeeded in accomplishing before. It dissolves and eliminates deposits in the joints, where they have been accumulating for years. Records are in our possession, not of one but of many cases where the joints of the fingers were so thickened as to be practically rigid and useless; where the hip or knee joints were so filled with the deposit as to render the patient wholly unable to walk, and who have been restored to health and activity by the systematic use of Uricol. An occasional case is found which refuses to yield to treatment, but these are rare, and we can truthfully claim the remarkable record of 90 per cent of cures, where a proper opportunity is given the remedy to accomplish the result. Uricol Chemical Co., Los Angeles, Cal.—Gentlemen: Having had the opportunity of testing your preparation for the treatment of the Uric Acid Diathesis, very appropriately called Uricol. It is a pleasure to be able to say that it has made itself deserving of much esteem and confidence to which reference has been made. It neutralizes the Uric Acid without overstimulating the kidneys. This, of course, is the secret of its success, as a neutral subject will not produce detrimental results. It does not disturb the digestive processes. It controls the action of the heart without depressing it and without causing any exhaustion. In regulating the pulse it does not cause any nausea or other disagreeable symptoms. It acts in accordance with nature's own laws in controlling the nerves of voluntary motion. It does not impair the quality of the blood—in other words, it does not impair the constructive energies of the system. It has an action on the liver which is very gently alterative. It seems to produce a mild, pleasant, physiological and healthy stimulation of the intestinal glands. These several facts concerning physiological action go to accentuate its value as a Uric Acid solvent. WILLARD H. MOORE, M.D., F.S.S., Etc. Consulting Chemist.
