failed. Vicercy Alexieff sent out a section of the fleet to meet the attack and sank eight fireships and two Japanese torpedo boats. The channel is reported to be clear. At 4 p. m. the report that Vice Admiral Togo had made another attempt to block Port Arthur was confirmed. Vicercy Alexleff reperted officially that the Japanese sent aight fireships last night to block the entrance of the harbor, but they were all sunk by the Russian torpedo boats and the fire from the hand batteries, leaving the channel clear, The viceroy also reported that the Russians sank two Japanese tor-

The fireships were discovered by searchlights of the batteries and guardships creeping toward Port Arthur from the east and southeast shortly after midnight. The torpedo boats and torpedo boat destroyers were ordered out, but none of the larger warships, Admiral Alexieff himself went out on board, the coast defense vessel Otvashni. The greatdships at the entrance of the harbor and the forts opened a flerce fire on the fireships, which lasted until 8 ship went down.
The official report does not specify the

exact spot where the steamers were sunk, but it is plain that the Japanese attempt sponded hotly to the Russian fire.

According to the latest information General Zassaittch is retiring in good order along the main road and the Japanese are following him. Details are expected as

soon as General Zassalitch es again in communication.

There is no confirmation of the report that General Zassalltch or General Kashtalinsky is wounded. In the meantime the public remains in

he dark and is the prey of idle rumors. The war bulletin boards are bare and not a single press dispatch has come through from the front. The figures of the Russian losses given from Japanese sources in dispatches from abroad are carefully eliminated by the censors. Until General Zassalitch's official report arrives the general staff is inclined to believe that Zassalitch. who was under orders to withdraw, after impeding the progress of the enemy as much as possible, allowed the fight to mature beyond his intentions, being compelled to sustain heavy losses slong the Lizavana river in order to extricate the retreating columns from Antung and Kiu Lien Cheng The fighting at Chin Gow was exceedingly severe, and stubborn. The harbor entrance is guarding the road at Pusik, which leads direct to Mukden, in order to prevent a column of the enemy using this for the purpose of outflanking the position at Feng Wang Cheng.

The Russians succeeded in saving a few members of the crews of the fire ships, including two officers.

Report of Engagement. ST. PETERSBURG, May 1 Noon. The emperor has received an official dispatch from General Kourropatkin, forwarding a dispatch from General Zassalitch, commanding the Russian forces which have been engaged with the Japanese advance from the Yalu. It is dated noon, Sunday, and describes how he ordered the Russian forces at Antung and Kullen Cheng to fall back along the main road toward Fong

Japanese Company Will Abandon Trips Across Pacific for a Time. SAN FRANCISCO, May 8.-With the sailing of the America Maru on the 16th instant, the Toyo Kisen Kasha will abandon its steamship services between this port and the Orient until the close of the war between Japan and Russia. This information has been given out officially. It is almost certain the Nippon Maru, sister ship of the America Maru, has been sunk by the Russians. The company has, therefore, no vessels for its San Francisco service and cannot at this time either charter or buy ships suitable for the service. Even if the company had available steamers it is doubtful if it could do any business in and out of this port. War insurance is up to 45 per cent on cargoes

on Japanese vessels. Up to the present time the company has been unable to secure any freight or passengers for the return voyage of the America Maru and, according to present indications, it will not carry a pound of freight nor a single passenger. It will leave here

NEW YORK, May 2.—Attracted by a man's cries for help, tenants in a flat building in West Fortieth street today found Mrs. Mary Emma Kaufmann, aged 35, dead in bed in her apartment and Adoph Koenig, aged 38, lying by her side with a knife wound in his abdomen. Koenig said he found the woman dead when he called at the house about midnight and that overcome by grief he decided to end his life. After making an investigation the police captain in charge of the class said he was convinced that the womans' death was due to violence and that it was clearly a case of murder and attempted suicide. Expects to Be Re-Elected Speaker of the House of Representatives in the Event of a Republican Majority.

WASHINGTON, May 3-"Even at the risk of being accused of declining that which I probably could not get if I desired it, I answer most unequivocally that if the nomination were tendered to me I would not accept it under any circumstances whatever.

Thus strongly did Speaker Cannon in an authorized interview with a Post reporter today, emphasize his determination with reference to the vice presidency. As he concluded dictating what he had to say, the speaker added

"If there is any language which can be more decisive write it in. "What are your reasons for such a state-

ROADS EXTEND TIME LIMIT Tickets to World's Fair Good

Fifteen Days on Western

CHICAGO, May 8.—The time limit of St. Louis World's fair tickets has been extended by nearly all of the western roads from ten days to fifteen days. Nearly two weeks ago the Western Passenger association decided that the limit of World's fair tickets should not exceed ten days on those sold in the association's territory on a fare and one-fifth basis. One or two of the roads were not satisfied with that action and they gave individual notice that they would make a fifteen days limit on such tickets.

Since then seven of the lines have ex tended the time limit. They are the Burlington, Chicago, Milwaukee & St. Paul, Rock Island, 'Frisco, Illinois Central, Missouri Pacific and Union Pacific.

Southern Pacific Not Carrying Passengers Over Lucien Cut-Off, but Road Begins to See Daylight.

NEW YORK, May &-President B. H. Harriman of the Union Pacific and Southern Pacific roads, who has just returned from a tour of inspection of those properties, gave an informal interview today dealing with some observations made by him during his trip. He says he found conditions in the west and southwest much better than he expected. When he made his trip to those sections last fail the extreme depression in the stock market and unsettled conditions generally in this part of the country were clearly reflected in the west and southwest. Conditions now are so much better that he felt warranted in ordering more equipment for the Harriman roads than he originally intended to order.

Regarding the Southern Pacific, Mr. Harriman said that the road was now begin ning to see daylight in the matter of extra ordinary expenses. Speaking of the Lucin cut-off near Salt Lake City, which has been a source of great expense and has baffled the skill of the best railway engineers. Mr. Harriman said that now freight trains were running over it, but it was not deemed advisable to carry passengers. Mr. Harriman said he had not given nuch thought to the matter of dividends on Southern Pacific, but intimated that once dividends were begun they would be continued. Crop conditions in the west and southwest, according to Mr. Harriman, were much better than the government reports indicate

Of the west as a whole, he said he thought more conservatism was being shown there than here and that country he believed is in good shape to look after its own financial requirements.
