CRAIN AND PRODUCE MARKET

Omaha Specu'ative Market High When Compared with Chicago.

JAQUITH KEEPS CORN MARKET UP Rumor Received that Tie-Up in Great Lakes Shipping Will Be Ended-

More Bullish Crop News.

OMAHA, May 7, 1804.

The following is a comparison of the high points reached this morning by grain for future delivery at Chicago and at Omaha: May wheat, Chicago 80-6, Omaha 80c; July (new) wheat, Chicago 80-6, Omaha 80c; July corn, Chicago 40-6, Omaha 80-6, July corn, Chicago 40-6, Omaha 80-6, July corn, Chicago 40-6, Omaha 80-6, Omaha 80-6, July corn, Chicago 40-6, Omaha 80-6, May corn reached a point 40-6 above the high in Chicago. This was due to A. B. Jaquith. This future opened at 80c, but the bears got busy and ran it down to 80c. Jaquith then Jumped into the pit and offered 50c then 51c and 80c for it. He did not get any. This is a part of his corn speculation. He has taken practically 21 of the corn delivered on the May contracts.

A report is received the lake transportation strike has been settled on all points but the wages, and this, it was said, would be settled today. The corn market is featureless now and no one knows just what the cash situation is until shipping begins. Chicago sold no wheat Friday, as the millers in the east will not buy more than they have to until lake navigation is opened, making the shipping rate cheaper than the all rail. Chicago sold Friday 80,000 bu. corn and 65,000 bu. wheat to interior points; Kansas City sold 16,000 bu. corn and 65,000 bu. wheat and 40,000 bu. corn for export.

The crop news Friday was very bad and

the scaboard sold 55,000 bu. wheat and 40,000 bu. corn for export.

The crop news Friday was very bad and a great deal of it came. The professional feeling is builtah, but the public uninterested. The bull crowd have to face the high price in addition and the poor milling and spot demand. The Chicago contract stock is down to \$50,000 bushels of wheat and this is expected to be exhausted by the end of the week. The weather is not now so favorable for crops with rain in Iowa and the Red river valley. Blanchard, N. D. says there is no seeding being done and it looks as if the valley would get left. Buying orders accompanied this news.

The range in price of Omaha grain for and it looks as if the valley would get left. Buying orders accompanied this news. The range in price of Omaha grain for future delivery and the close today and Friday were as follows:

Open High Low Today Fri'y A asked. B bid.

Loral cash Grain Market. Lowal cash Grain Market.

The demand for spot stuff for feeders and for shipment continued, but the receipts were very light, showing the farmers are too busy with their soring work to ship any corn. The next movement from first hands cannot well be expected before the closing days of the month. The market will therefore probably run light. Prices on all grains ruled stendy to strong. Receipts were: Wheat, 3 cars; one week ago, 21 and 14 cars. Corn, 3 cars in and 5 cars out; one week ago, 17 and 7 cars. Oats, 3 cars in; one week ago, none.

CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO, May 7.—Growing weather in the southwest today was offset by retarding rains in the Red River valley. As a result the wheat market held in equipoles. Compared with last night, July wheat shows a loss of 4c. Corn is up 4c. Oats are off 460c and provisions, P4610c.

A fair degree of firmness was displayed at the opening in wheat, the July delivery being up a shade to 460c, at 864869c.

The market closed steady with July at 866986c. Clearances of wheat and flour were equal to 198,500 bu. Primary receipts were 170,000 bushels compared with 201,200 bu. a year ago. Minneapolis, Duluth and Chicago reported receipts of 125 cars against 104 cars last week and 178 a year ago.

against 104 cars last week and 178 a year ago.

The easier tone in the wheat market had a depressing effect on corn prices, but there was sufficient support from pit traders to prevent any loss. The close was steady with prices at about the best figures of the day. July opened unchanged to a shade higher at 48% to 48% 68% c. soid between 480 and 48% c and closing at the tog. Local receipts were 201 cars with 14 of contract grade.

Seiling of the July option by pit traders under the leadership of a prominent long caused a small decline in oats. After opening unchanged to %c lower at 38% 63% c, closing at 18% 53% c. Local receipts were 71 cars.

The feature of trading in provisions was the seiling of July lard by a leading packer. The market was poorly supported, and, in consequence, the entire list showed a sight decline. July pork closed 10c lower at \$1.57%. July lard and ribs were each down 25c at \$6.000 c2%, respectively.

The leading futures ranged as follows:

ents, \$4.8064.60; spring straights, \$2.8064.10; bakers, \$2.6568.20; No. 2 spring, \$86636c; No. 2 red. \$1.0063.04. OMABA LIVE STOCK MARKET Spring, \$86636c; No. 2 red. \$1.0063.04. above that. Fair to good grades go from \$4.00 to \$4.00.

The supply of butcher stock has been light all the week, the big bulk of the offerings being made up of steers. Choice handy-weight cows and helfers have been given the preference and such kinds are not much lower than they were a week ago, but heavy sows and the medium grades of all weights are safely a dime lower. Canners and the commoner kinds of cutters were very slow sais toward the close of the week and that class may be even more than a dime lower. Good to choice cows and helfers may be quoted from \$2.25 to \$3.50, with prime as high as \$4.25. Fair to good sell from \$2.75 to \$3.50. The season is close at hand when grass cows will begin to appear and buyers are already beginning to discriminate against the half-fat kinds, fearing that they have had some grass.

The bull market has been fairly active and fully steady all the week. The bulk of them sell from \$3.00 to \$3.50, with a top at \$5.25 against a top of \$5.75 a week ago.

The supply of stockers and feeders has been rather limited all the week, and with a fairly good demand from the country the market has been active on the better grades, with prices strong. The common cattle, however, of all weights have been neglected and are certainly no more than steady. Medium-weight cattle that can be run on grass during the summer and fed next fall are in the greatest demand at the present time. Good to choice grades may be quoted from \$3.75 to \$4.00, with prime as high as \$4.25. Fair to good sell from \$5.50 to \$3.75 and common kinds from \$5.60 down. Representative sales:

COWS.

No. Av. Pr. No. Av. Pr.

90 1 55 1 660 1 50 1 HEIFERS BULLS 1840 I SCALVER STOCKERS AND FEEDERS.

HOGS—There was a good run of hogs here this morning for a Saturday, but packers took hold freely and the market ruled active and just about steady with yesterday's general market. The prices paid were hardly as good as those given at yesterday's best time, but a little better than at yesterday's close. The bulk of the good weight hogs sold from \$4.65 to \$4.70 and as high as \$4.75 was paid. The lighter loads went largely at \$4.62% and from that down. Trading was active and everything was disposed of at an early hour.

For the week receipts are about 15.000 head short of the big run of last week, but as compared with the corresponding week of last year they are a trifle heavier. Prices have been fluctuating back and forth to some extent, but closing prices are about 15.000 higher than those in force a week ago. Representative sales:

No. Av. Sh. Pr. No. Av. Sh. Pr.

was nothing else on sale, the market could not be quoted anything but steady.

For the week receipts show a loss of about 3.000 head as compared with inst week, but a gain of about 5.000 head as compared with the same week of last year. In other words, supports there have liberal to the same week of last year. In other words, supports there have liberal to the same week of last year.

In other words are compared with the same week of last year. In other words, supports there have liberal to the same week of last year.

compared with the same week of last year. In other words, supplies have been liberal for the time of year. Taking the receipts for the year to date there is an increase over the same period of last year amounting to about 155,30 head. Those figures show very plainly the rapid growth of Omaha's sheep market.

There is nothing new to be said of the market for the week in addition to what was reported resterday. The market shows a loss of shout a quarter on the general run of both sheep and lambs, while choice lambs are perhaps not over the lower, and some of the best sheep may not be quite a quarter lower. Packers claim that prices here have been too high as compared with other markets, and as there was a decline at other markets, and as there was a decline at other markets, local packers rade use of the opportunity to put prices here mo e

The Great Exposition Is Open

Is there any place that would be more delightful to spend a short vacation than in St. Louis. For many, the expense makes it impossible, but The Bee is making it so easy for any one to go, that scores of Bee readers will visit the exposition, who could not other-

Just think of it, there are ninety more trips, and you surely can be one of the ninety. It is so easy to simply tell your friends that you want to go, and get them to save their coupons, or prepay their subscriptions, so that you may take the trip at The Bee's expense.

Ten Trips Voted For This Week

This week's "election" ends Saturday, May 14, at 5 p. m. Start out Monday morning, and with a little hustling, on Saturday you will find yourself among the winner

All Trips Via the Wabash

This is the road for Omaha people to the St. Louis Exposition. Besides being the shortest in mileage and the shortest in time, the matter of equipment has been a study by the management ever since the exposition project was started. They have the trains and coaches, so that there will be no fear of overcrowding. The Wabash will save you a day, either going or coming, because you can get off at the exposition grounds, or, when you leave, you can spend the last day at the grounds and start for home from the terminal Wabash station right at the entrance. The Wabash is the only road with these facilities.

Conditions of the Election

The ten persons receiving the largest number of votes at the close of each "election" will be furnished, at The Bee's expense, as prizes, each a free trip from Omaha to St. Louis and return, to be taken any time dur-

No restrictions are placed as to where the party lives as a candidate for one of the exposition trips. No votes will be counted for employes or agents of The Bee. All votes must be made on coupons which will be published each day in The Bee.

Prepayment of subscriptions may be made either direct to The Bee Publishing Company or to an author

No votes sent in by agents will be counted unless sent in in accordance with instructions given them. The vote from day to day will be published in all editions of The Bee. The "elections" will close each Monday at 10 a. m.

Votes may be deposited at the business office of The Bee or sent by mail. No votes sent by mail will be counted which are not in the Omaha postoffice for delivery at 9:30 a. m. on the day of closing.
