For more than twenty-five years I have been prescribing Duffy's Pure Malt Whiskey as a tonic and stimulant cases where the physical activities were low, the system weakened and the patient wasted away. I have found that in pneumonia, grip and other exhausting diseases my patients never fail to respond favorably to your medicine. I have observed its effects in a large number of cases of consumption, and can say that Duffy's Pure Malt Whiskey taken as directed is bound to result in relief and permanent cure.

### PREPARE FOR THE ROUNDUP

South Dakota Stockmen Arrange to Take Account of Property.

MUCH LOSS IS FEARED FROM STORMS

Considerable Interest Manifest in the Work This Year, as There is Some Doubt as to Conditions.

SIOUX FALLS, S. D., May 10.—(Special.)—Preparations are rapidly being completed for the annual spring roundup of cattle on the great ranges of western South Dakota. Thousands of bronchos are being gathered for the use of the vast army of cowboys and stockmen who will participate in the roundup.

The roundup this spring will be more important than for years past owing to the severity of the spring storms, two of which were experienced during the month of April—much later than usual.

Opinions as to losses differ greatly, some attackmen believing that the losses during the winter and spring will exceed 10 and may go beyond 15 per cent. Those who take this dismal view state that the roundup will develop the fact that the losses, especially in the Belle Fourche district, are greater than the owners are willing to admit.

Other cattlemen take a more hopeful view and express the opinion that the losses will not be greater than usual, and will be about the average of the last few years.

The result of the roundup will show which view is correct, and because of this, and the fact that the thousands of head of cattle which were last fall turned loose on the open range to shift for themselves—as was customary—were widely scattered by the storms of the winter and spring, keen interest is taken in what this spring's roundup will develop.

Has Whiskey, Cards and Firearms. Jack Whipple, general foreman of the roundup parties to be operated under the direction of the Western South Dakota Stock Growers' association, has introduced a new rule for the government of the cowboys who will work under his supervision, which prohibits them carrying firearms, cards and liquor while engaged in the roundup.

The first roundup party will leave Fort Pierre May 15, and commence work at the mouth of Yellow Medicine creek. Wagon No. 2 on this part of the range will leave Fort Pierre on May 25. Wagon No. 4 commences work on Mission creek May 25, and on the same day wagon No. 6, to be known as the White River wagon, will commence on Mission creek. Wagon No. 3 will start out on June 1, commencing work at Bull Creek dam.

On May 25 a roundup wagon, to be operated in connection with the other roundup parties, will start from the Cheyenne River Indian agency, and with another wagon will gather together such of the cattle belonging to white stockmen as have drifted to various portions of the Cheyenne River reservation. On May 25 a horse roundup party will also start out from Cheyenne agency for the purpose of gathering together the thousands of horses which are running loose on the reservation.

In the extreme northwestern part of South Dakota, in the Belle Fourche-Sturgis district, the first roundup wagon will start on May 20 from McQuillan's ranch, on Alkali creek. On May 23 roundup parties will start from Viewfield and from Smithville, while on May 25 other parties will

### WELCOMES THE GRAND ARMY

Kearney Keeps Open H. use for Veterans of the Civil War.

OPENING DAY GIVEN TO FELICITATIONS

Women's Relief Corps and Ladies of the G. A. R. Also Holding Their Annual Sessions at the Same Place.

KEARNEY, Neb., May 10.—(Special Telegram.)—The city of Kearney is taken on gala appearance in honor of the Grand Army of the Republic encampment which is being held here for the next three days. Every incoming train brings hundreds of members of the Grand Army of the Republic, Women's Relief Corps and Ladies of the Grand Army of the Republic. Encouragement for the cause of the soldier is going on at a lively rate, though there are apparently not a great many candidates in the field. The encampment began tonight at the city hall, when the address of welcome was delivered by Mayor Roe. Responses were made by Department Commander Lee S. Estelle on behalf of the Grand Army of the Republic department, President Helen F. Cook on behalf of the Women's Relief Corps, and Department President Julia L. Price on behalf of the Ladies of the Grand Army of the Republic. After this there were talks by comrades and a general good social.

### JAMES KELLEY HELD FOR MURDER

Evidence Against the Prisoner is All Circumstantial.

COLUMBUS, Neb., May 10.—(Special Telegram.)—James Kelley, who is charged with the murder of Arthur Snowden, near Humphrey last March, had his preliminary hearing before Justice O'Brien today and was held to the district court without bail.

Fourteen witnesses were examined on behalf of the state and the evidence, while circumstantial, is very strong. It shows that Kelley and Snowden were in jail together at Fremont and while there Kelley said that Snowden talked too much and that if he had him out on the sidewalk he wouldn't talk any more. They were here together the day before the murder and left together. Kelley was seen at about the time Snowden's body was discovered within two miles of the place of the murder. He went and examined the corpse while it was in charge of the coroner and said he was not sure, but he thought the man's parents lived around Kearney. He laid around Humphrey all that day and came here in the evening and got off the train before it pulled down to the depot.

He offered nothing in his own behalf. W. A. Prince of the firm of Harrison & Prince of Grand Island is defending him. He was remanded to the custody of the sheriff and will be kept in jail under guard until court sits, which is next week, when County Attorney Latham will try and have the case tried. The chain of evidence connects him with the murdered man with the exception of the actual commission of the crime, of which there are no witnesses.

### STRONG CASE AGAINST BARKER

Circumstances Tending to Show He Killed Brother and Wife.

RED CLOUD, Neb., May 10.—(Special Telegram.)—The trial of Dan Barker, murderer, has been progressing nicely today. The jury was secured last night at 9 o'clock. County Attorney Overman made a clear statement of the case this morning, and Attorney Mercer for the defense presented the case, stating they had no material allegations to prove more than the fact that Frank Barker was not at Dan Barker's house on the night of the murder.

Damaging evidence against the prisoner has been given today. The details of the finding of the bodies of Eli Bennett were fully brought out by the state, and the prisoner's fiancée, swore to Barker having the revolver on the night of the murder; also to the earnestness with which he pressed his suit for an immediate marriage so that they could take possession of Dan Barker's furniture and house.

Neighbors testified to his telling them the next day after the murder of their sudden departure for Denver. Paul Pope, of the firm of Pope Brothers, hardware merchants, testified he sold Frank Barker a revolver like the one found a few days after the murder.

The court room was packed with eager listeners. It is supposed the evidence will all be in by Thursday.
