# 400 Shaves Without Using a Strip.

Simply lather and shave—that's the feature of THE GILLETTE SAFETY RAZOR. It is a safety that isn't like other razors. It has 20 double-edged blades as thin as paper, tempered so hard by a new process it takes diamond dust to grind them, with such edge-holding qualities when sharpened each blade will give 20 perfect shaves without attention. No more stropping, honing or bother—no possibility of cutting the face. With the best common razor there should be one sharp edge; with the Gillette there are 40 keen-cutting edges—40 razors in one. When one blade begins to pull in the slightest instant another. We sharpen the twenty for 50 cents or supply twenty new blades for \$1.00. Guaranteed to give a smooth, delightful shave to any face under all conditions. After first investment 50 cents a year keeps the razor in perfect condition if you shave DAILY—costs one-eighth cent per shave. The price of the Triple Silver Plated Set, in handsome case, small and all compact, is only..... **\$5.00**
