RUSSIANS SCORE REAL SUCCESS Assert that in the Night They Suc-

ceeded in Torpedoing Cruiser. LIAO YANG, Saturday, May 14 .- (Delayed n transmission.)-The Russian fleet scored its first distinct success of the war on May 10 by the torpedoing and crippling, though not the sinking, of an armored Japanese cruiser in Tallen Wan bay.

The Russian attack was carefully planned on May 10, while the Japanese squadron was concentrated outside Dalny, devoting its attention to Tallen Wan bay and was carried out the same night. The attacking ferce was not a regular torpedo boat, but only a small naphtha launch in mend of a young naval officer, who had with him three jackies. The launch mounted a small machine gun and carried three torpedoes.

When darkness fell the launch crept out of Port Arthur, hugging the shore with no lights aboard and no glow from the engines to betray its presence. It was late when it gained the outer line of the Japanese squadron. Slipping through the torpede boat pickets and selecting the nearest ing roar followed the explosion, which echoed far ashore. Immediately flames enveloped the cruiser, which evidently was

place. Two thousand Japanese have reoccupied the road to Sanchilipu again cutting off Port Arthur. A strong force is advancing against Polandien

Bandits Become Bolder.

Chinese bandits are becoming bolder and are causing considerable trouble to the Russian outposts. A swarm of the bandits at noon on May 13 attacked the coal mines on the branch line east of Yantai station, ten miles north of Liso Yang. The mines which supply the whole railroad were guarded by 200 riflemen and 100 Cos-

CONTEST FOR PLACES TO BECOME VACANT

Grand Army Presents a Candidate for Bailiff-Several of Old Stenographers Likely to Be Retained.

(From a Staff Correspondent.) LINCOLN. May 15.-(Special.)-H. Lindsay, appointed last week clerk of the supreme court, will begin on his duties May 20, the session beginning tomorrow being the conclusion of Lee Herdman's term as clerk. Much speculation has been indulged in as to who will fill the other ten or eleven places at the disposal of the judges, and it is probable that most of these will be settled at this sitting. The members of the Grand Army have already come to the front with a bailiff to succeed Henry Leavitt, in the person of C. W. Walthers of this city. A committee from the membership was appointed last night to present his name to the judges.

Several of the employes of the court are young women, including the librarian and the stenographers, with one exception, and it is not improbable that the judges will allow at least some of these to remain because of their familiarity with their work and the proficiency they have attained, The Lancaster County Roosevelt league got together last night and selected delegates to the Roosevelt meeting to be held ever have so far failed to select their dele-

BRIDGE CONTRACTS ARE ALL RIGHT

Report on Investigation Made Sarpy County. PAPILLION, Neb., May 15 .- (Special.) By order of the county board H. D. Patterson was appointed to investigate Sarpy county bridge affairs, to obtain the amount of levies collected for bridge purposes, the expenditures, the cost of bridges, their quality as compared with other counties, the legality of the bridge contracts and the character of the plans and specifications and whether Mr. Sheeley paid \$40 per thousand for lumber laid down in Papillion and other towns in the county when it could have been purchased at the same places for \$22 to \$28 per thousand. Mr. Patterson has fust finished his report. By inquiring into the prices paid by

Sarpy county since 1898 as compared with other counties he found that this county paid no more for its bridges than any of the neighboring counties and in some cases less than other counties.
