REAL ESTATE MEN ARE APPREHENSIVE

Report that Stock Company is to Be Organised to Monopolize the Entire Business in the County.

The announcement on the streets yesterday that the abstract and title business of Pusey & Thomas had passed into the hands of Ernest E. Hart of the First National bank created somewhat of a flutter in real estate circles. There are but four complete sets of abstract books in Pottawattamie county and Mr. Hart controls or owns three sets, the remaining set belonging to

Squire & Annis, Real estate men, it is said, were fearful of a combination to boost the prices of abstracts, but while it is admitted that their is talk of organizing one company to control the abstract and title business of the county, the purpose of the company is not to increase rates, but to decrease the cost of carrying on the work. In the event of a company being organized, it is said, the stock will be placed on the local market and real estate men given an opportunity to become interested in the

Reception to Bishop Morrison, Bishop Morrison expressed himself as much gratified at the reception given him yesterday afternoon at the home of Mrs. T. J. Foley on South Sixth street by the women of St. Paul's and Grace Episcopal churches. Despite the heavy rain, nity women of the two parishes were present, as well as several visitors from Omaha

and South Omaha, Bishop Morrison talked to the women on the subject of home and foreign missions, his talk being purely informal, but none the less interesting. The bishop said that he was pleased to be able to report a marked improvement during the last year in the church throughout the state and spoke of the need of the home as well as the foreign missions. He called particular attention to the mission work the Episcopal church was doing in Alaska and the Philippines.

The presence of the visiting women from the Omaha churches was particularly pleasing to Bishop Morrison, who said he was giad to see such a friendly feeling between the two cities. Dainty refreshments were served during the afternoon, which proved a most pleasant and profitable one for those present.

JAIL FOR NEW YORK BANKER Jesse Lewisohn Refuses to Tell What He Knows About Gambling.

NEW YORK, May 16.-Jesse Lewisohn the banker, who was subpornaed to testify regarding his knowledge of gambling in this city, declined to answer questions put to him by District Attorney Jerome before Judge Wyatt in the court of special sessions today. Mr. Jerome immediately made application to Justice Wyatt for the commitment of the witness for contempt. This was granted and Lewisohn was given his choice of summary commitment or a warrant for misdemeanor. He chose the former and an application was made at once to the supreme court for a writ of habeas corpus. Argument on this writ will be heard by Justice Dugro of the supreme court. After a transcript of what transpired before Justice Wyatt in the court of general sessions had been written Lewisohn was

taken before the grand jury. After Lewisohn had been ordered committed to Ludlow street jail the warden of that prison informed District Attorney Jerome that he could not receive Lewisohn because he was not authorized to receive

criminal prisoners. It was then decided to take Lewisohn to the Tombs, but as he was being conducted there the deputy sheriff in charge was served with papers in the habeas corpus proceedings in the suprema court and was compelled to take his prisoner before Judge McMahon, Arrangements were made to have arguments on the habeas corpus proceedings put over until next Thursday, Lewisohn in the meantime being paroled in

Advance Quard of Republican State Convention on Hand.

LEADERS AMONG THE FIRST ARRIVALS and supposed they were all right.

Charges of Breach of Faith Made Against Captain Hull Regarding Delegate from the Seventh District.

(From a Staff Correspondent.) DES MOINES, May 16 .- (Special.)-The advance guard of the republican state convention commenced to arrive this afternoon and evening and many of the leaders of the party are here in conference over the preliminaries. Secretary Shaw was one of the first arrivals. It was rumored that in a sense he would speak for the Roosevelt administration and indicate what the president desires should be done here, but the secretary would not admit that this was the situation. He came merely as a republican of the state prepared to Jersey. Yates and Lowden each lost a work for the success of the party. Joseph W. Blythe of Burlington, who by reason of recent events has become the accepted leader of the party, arrived at noon with Congressman Hedge and others from southeastern Iowa. James E. Blythe of Mason City also joined the party. Congressman Smith of Council Bluffs was among the early arrivals and also Ernest E. Hart, member of the national committee. There has been no thought of any other candidate for national committeeman than Hart and he will get a second term. George D. Perkins of Sioux City, fermerly and for many years in congress, and who is regarded as the logical man to succeed as governor of the state, arrived in the afteron and he will participate in the early conferences. Senators Allison and Dolliver were to be here during the night, and also Director of the Mint Roberts and M. D. O'Connell, solicitor of the treasury. John N. Irwin of Keokuk, who is to be the temporary chairman of the convention, arrived in the evening. He will deliver a

The convention will unanimously renominate Captain olution to be introduced as soon as the Hull, as the leading candidates in outside ballot had been announced. But later the agreement was repudiated and an effort made to get Nichols to pledge bimself as against Cummins in all things before he could be allowed to go to the convention. He refused. It is now the plan to divide Madison and Warren counties and then give him as many votes as possible in Polk without electing him. The friends of Nichols claim there was treachery and

Healy of Chicago sent to the chairman a resolution providing that after the following ballot the candidate receiving the lowest vote be dropped on each succeeding ballot until a selection had been made. The resolution recited that "after numerous roll calls and a hard and tedious struggle the bosses have failed to select a nominee from among the candidates." Cannon flushed when he read this and promptly declared that unless the objectionable phrase was eliminated he would not permit the resolution to be read. "Bosses" was changed to "delegates, and Cannon said he would permit the res-

Former Hanna Forces Will Have Their Own Way in Ohio. COLUMBUS, O., May 16 .- Some delegates and most of the candidates are here today for the republican state convention that convenes tomerrow to nominate a state ticket, select delegates and alternates at orate headquarters here this week, but the "old Hanna guard," including Governor Herrick, Senator Dick, George B. Cox of Cincinnati, Dr. J. E. Lowe of Dayton and other so-called Hanna legatees, evidently co their bidding. They will hame the state ticket and the national delegates and dictate the platform. This is conceded by all of the other faction who are here with minority power that cannot change results, but that can prevent such harmony

as is desired by the majority. The "harmony program" has Herrick, Cox, Dick and Foraker for delegates at large, L. C. Laylin for head of the state places filled in advance, including Governor Herrick for the Ohio member of the national committee and Senator Lick for chairman of the state committee. This slate includes Charles P. Taft, publisher of the Cincinnati Times-Star, and Noah H Swain of Toledo a son of a former justice of the United States supreme court, as the Ohio electors at large. Taft is a brother of the secretary of war and a son of Alongo Taft, who was both secretary of war and attorney general under Grant. A review of the twenty-one congressions districts shows that the Herrick-Dick-Cox "combine" will have a decisive majority on the new state central committee that i to be selected tomorrow, as well as the committees on credentials, resolutions, etc. and that this "combine" has a majority of the forty-six Ohio delegates to the Chicago convention, but the main issue was to retain the old "Hanna organization" in the state, and that is now assured since Ia., today waived examination in justice all of the eighty-eight conventions have
