

OMAHA STILL ON THE CLIMB

Takes First Game from St. Joseph by Pounding the Bell. PFEISTER HAS AN ACTIVE HAND IN IT

Holds Train Robbers Down to Five Hits and Pulls Team Out of Some Tight Places.

Pa Hourka's boys took another reef in that league standing yesterday afternoon, when they took a fall out of St. Joseph by a score of 6 to 2.

Jack Thomas scored three unassisted put-outs on the first three men up for the visitors and during the next two innings only six more came to bat.

Then they jogged along until the eighth, when Pa's players made as pretty a bunching of hits as ever seen in a game.

Mr. Dick's classic countenance shone upon Webster's error in connection with Goding's hit, and Goding ended the rubber in act by getting thrown out from the plate to second base.

The features of the game were a phenomenal left-handed stop of a hot one off McBride's bat by Shipke in the sixth that if it had ever escaped would have changed the complexion of things and no mistake.

LATE SEASON AND WET SOIL

Cool Weather Not Especially Harmful to Crops on Burlington.

ONLY IN PLACES IS WHEAT PLOWED UP. Most Seed Sown Does Well and Late Frosts Fall to Seriously Injure Prospects of the Fruit.

The Burlington crop report covering last week's conditions on the lines of the western system says the precipitation for the week has been less than the preceding week, but it has been quite sufficient to keep the soil in excellent condition.

On the two eastern divisions all kinds of small grain are in excellent condition, but the season is about ten days later than at the same time last year.

In southeastern Nebraska, including the Concordia branch, probably not over one-third of the total corn acreage is in the ground.

On the lines northwest of Aurora it is estimated that 50 per cent of it has been plowed up.

On some parts of the western division 30 per cent of the ground sown with winter wheat is being plowed for corn.

Weekly crop bulletin of the Nebraska section of the climate and crop service of the weather bureau for the week ending Monday, May 16, 1904.

Summary of Weekly Crop Report. In Portions of Nebraska Crops Planting is Being Delayed.

WASHINGTON, May 17.—The following is a summary of the weekly crop bulletin issued by the weather bureau.

The week, especially the latter part, was marked by a heavy deluge.

DR. CARLSTEDT'S GERMAN LIVER POWDER

To help those suffering from Constipation and Biliousness

And to prove to them that Constipation, Biliousness, Indigestion, Dyspepsia, Malaria, Nervous and Sick Headache, Diarrhoea and Dysentery are absolutely cured by

DR. CARLSTEDT'S GERMAN LIVER POWDER

This is the one specific that reaches the greater number of human life. For, when you have regulated the liver—that time-lapse put upon the whole physical structure—you need have little fear of the other organs.

Let the body get run down and the machinery becomes correspondingly inactive. A vigorous man or woman is mentally strong and active because he has consulted with minutest care the inflexible law Nature has written down for us.

That is, if we do not go beyond this and put into circulation some drug mixture that affords only a brief and stimulating effect—we have done the world a most beneficent service.

Then cut out the below coupon at once and send us and we will send back to you by return mail an order on the below draught for one full sized bottle which we will pay for.

It costs you nothing to test our remedy; we take all the chances willingly and with every confidence in its efficiency.
