HAVE YOU EVER VISITED Boyles College?

Some folks never realize that Omaha has such a large business college until they visit Boyles College.

It is a fact, however, that it is one of the largest business educational institutions in the whole United States.

We occupy practically every inch of space on the second floor of the big New York Life Building.

Amid such a pleasant, healthful environment it isn't hard to work—the mind is free to absorb the practical knowledge of Practical Stenography and Business Practice which is demanded by the practical world.

Careful parents will readily realize the advantages that such healthful, airy study rooms hold out for their delicate daughters and growing sons.

They will also realize that other careful parents realize the same fact, thereby insuring for their sons and daughters the better class of fellow students.

Isn't that worth something to you? It's a good time to enter now!
