DOCKS AND PIERS STILL STAND

Loss of Hatsuse by Japan Causes Russians to Change Plans.

CHE FOO, May 25.—The attempt made about a fortnight ago to destroy the docks and piers at Dalny was not successful and after the receipt of the news of the loss of the Japanese battleship Hatsuse, Lieutenant General Stoessel, commanding the military forces at Port Arthur, ordered that the docks and piers be not destroyed.

The Japanese are in force at Pitsewo and Kin Chou and are ready to march down either side of the peninsula toward Port Arthur.

The German steamer Che Foo was fired on by a Japanese cruiser in Pe Chi Li gulf today. It misunderstood the signals of the cruiser. The Swedish steamer Karin also was fired on during last night while off Liao Tie Shan promontory, but it is not known whence this fire came.

JAPS CHANGE COMMISSARY BASE

Seoul Instead of Chemulpo Will Be Source of Food Supply.

SEOUL, May 25.—(Noon.)—Colonel Kioshita's column arrived at Niung Yeng May 17 and found the Russians had divided, one party going northwest and the other going east. The latter attacked Wam Heung. It was impossible for the Japanese infantry to overtake the mobile Cossacks, so the column returned to Anju May 23.

The main commissariat base of the Japanese, which had been located at Chemulpo since the outbreak of the war, has been transferred to Seoul. Twenty-five officers and a large staff of noncommissioned officers and clerks have arrived here to take part in the work of provisioning the Japanese armies.

Japan Improves Hospital Service.

TOKIO, May 25.—Drs. Hashimoto, Sato and Kikuchi, three of the most eminent surgeons of Japan, have been appointed superintendents respectively of the Tokio, Hirochima and Matsuiyama military hospitals. The government is securing the best talent available and is carefully equipping hospitals for the treatment of both Japan and Russian wounded. Dr. Hashimoto is the emperor's physician.

JAPANESE SHELL PORT ARTHUR

Eight Warships Pass Before Entrance, Throwing Projectiles.

CHE FOO, May 25.—A portion of the Japanese fleet bombarded Port Arthur at 11 o'clock yesterday morning. The attack was witnessed by a Frenchman, who left Dalny on the night of the 22d, arriving here tonight. He says that eight large warships circled before the entrance of Port Arthur harbor for one hour, firing broadsides at intervals of ten minutes.

Up to the time this Frenchman left Dalny everything was quiet there, but an attack on the part of the Japanese was expected hourly. The military and civil officials of Dalny were ready to leave. Only a few civilians remain there.

THINK KOUROPATKIN IS MOVING

No News is Taken as Indication of Important Operation.

ST. PETERSBURG, May 25.—There are indications that General Kouropatkin is preparing to make a very important move against the enemy. One of the reasons for this belief is the sudden increased restrictions upon the war correspondents at the front. The prevailing belief here is that General Kuroki's army is in difficulties.

Lines to New Chwang Interrupted.

ST. PETERSBURG, May 25.—Telegraphic communication with New Chwang is interrupted and private messages for points south of Liao Yang are refused here at the telegraph office. The nature of the interruption with New Chwang is not known, but the cause for refusing messages south of Liao Yang is the complete absorption of the lines for military purposes.

Kouropatkin Cuts a Wire.

PARIS, May 25.—A dispatch to the Temps from St. Petersburg says General Kouropatkin has cut the land communications between the armies of Generals Kuroki and Oku.

Chinese May Be Rising.

OHIOANS HAVE STORMY TIME

Three Democratic Presidential Elements Involved with Diverging Views at Columbus.

COLUMBUS, O., May 25.—The state democratic convention here today nominated the following ticket:

For secretary of state, A. P. Sandles of Ottawa.

For supreme judge, Philip J. Renner of Cincinnati.

For clerk of the supreme court, Peter Mahaffey of Cambridge.

For dairy and food commissioner, Quintin M. Gravatt of Wooster.

For member of the Board of Public Works, William F. Ferguson of Springfield.

For electors-at-large, John A. McDowell of Millsburg and A. J. Pearson of Woodsfield.

Delegates-at-large, William S. Thomas of Springfield, John A. McMahon of Dayton, Edward H. Moore of Youngstown and Charles P. Salen of Cleveland.

Alternates, David L. Rockwell of Ravenna, John Sheehan of Cincinnati, Henry C. Gray of Hamilton and William E. Deck of Pauling.

There were three presidential elements involved. The Hearst men originally wanted instructions, but finally limited their opposition to the unit rule. The friends of Colonel James Kilbourne of Columbus, who was the democratic candidate for governor three years ago, wanted "endorsement." The friends of Judge Judson Harmon of Cincinnati, who was attorney general under Cleveland, wanted neither endorsement nor instructions, but the unit rule.

The Harmon men evidently won out. The platform, the briefest in the history of such state literature, was adopted as it came from Cincinnati, with the exception of the 2-cent a mile railroad fare plank that was added at the instigation of Mayor Johnson of Cleveland in the convention.

The convention was in continuous session almost nine hours and during the last three hours it was boisterous, at times disorderly to the extent of being riotous.

AWAIT ATTACHE OF VATICAN

Interesting Display from Rome Will Not Be Opened Until He Comes.

ST. LOUIS, May 25.—The Vatican exhibit, which arrived recently at the World's fair grounds, has not yet been installed. Inquiries have been made on all sides as to when the contents of the boxes will be placed on exhibit, but notwithstanding the impatience of the exposition company to have the exhibit placed, the boxes will not be touched until the arrival of Francesca Cagiato, an attache of the Vatican, who recently arrived in New York, and who will personally supervise the unpacking, according to the stipulations agreed upon when the Vatican decided to send an exhibit. Mr. Cagiato is now in Washington. Jefferson guards watch over the Vatican boxes day and night and will continue to do so until the arrival of Mr. Cagiato.

The display of relics in the Kentucky state building was completed today and forms probably the largest collection of relics in any state building on the exposition grounds. A section of an oak tree upon which Daniel Boone had carved his initials, which had been open to general inspection for several days, was placed in a glass case today, as it was fast being damaged by souvenir seekers. A large portion of one corner had been cut away before the inroads of souvenir collectors had been discovered.

The star-shaped Texas state building will be opened tomorrow. Delegations from Texas are expected here tomorrow and Governor Lanham will be among the speakers of the occasion.

Elaborate preparations are being made for the opening of the ethnology building June 1. The program of field sports was announced today and includes contests of inter-tribal archery, bolo throwing by Patagonians, foot races by Indian women and javelin hurling.

SERIOUS FIRE IN MISSISSIPPI

Town of Yazoo In Ashes and Flames Cross the Bayou to Latonia.

JACKSON, Miss., May 25.—With every business house of any importance in ashes, together with a number of private residences, the principal hotel and passenger depot, Yazoo City, a town of 6,000 people, forty miles from Jackson, is tonight resting after one of the most exciting days in its history. The fire started at 8:30 this morning and burned until 5 o'clock this afternoon, destroying a total of 200 houses. The estimates of the loss are between $1,600,000 and $2,000,000.

The fire started in the residence of Mr. Wise and had its origin in defective electric wiring. Early in the day the authorities of Jackson were called on to render assistance. The run of forty-five miles was made in forty minutes. A man by the name of Chambliss, a citizen of Yazoo City, was killed by falling walls and Mayor Holmes was badly hurt and is in a precarious condition. He had been in office three weeks.

In the afternoon the fire jumped a bayou and spread to Latonia, a residence suburb, where it destroyed a number of fine homes. Tonight over sixty families are homeless. Among the buildings not burned are the court house and the Ricks memorial library. Both were in the path of the fire but escaped. The banks succeeded in saving their money and securities, the vaults in which they were located being fireproof. The government funds in the postoffice were saved in a like manner.

Drowns in Sioux River.

DAKOTA CITY, Neb., May 25.—(Special.)—John Boler, jr., the eldest son of John Boler, ex-county treasurer, was accidentally drowned in the Sioux river, near Eagan, S. D., Sunday morning. The parents of the deceased reside at Jackson and the remains will arrive at that place today for interment in the Catholic cemetery at that place. Mr. Boler was born and raised in this county and was a young man with many friends and well liked. His parents are among our pioneer citizens. The deceased for several years had been engaged in the hardware business at Wentworth, S. D., where he and his family, a wife and two children, resided at the time of his death. The deceased, with a number of companions, were on a fishing expedition, when Mr. Boler started to wade across the stream, and when he was in water a little above his head he called for help, but before his companions could get to his rescue he drowned, being unable to swim. The deceased was in his thirty-second year.

Robbers at Creighton.

NORFOLK, Neb., May 25.—(Special.)—Robbers entered a meat market at Creighton and secured 200 hams, a lot of canned beef and some premium bacons. This is thought to be for food of the gang at their den in the inland territory. There has been a systematic lot of stealing going on in that section all winter. Robbers visited banks at Ewing, McLean, Naper and Martinsburg. They also stole goods from stores at Verdigre, Creighton, Foster, and Meadow Grove. They have a veritable hole-in-the-wall territory for their den and their concealment is practically perfect.

SPEND DAY IN FILIBUSTERING

Methodist Conference Finds Opposition to Committee Reports.

ASSIGNMENT OF BISHOPS OPENS DISPUTE

Chairman Fowler Disposes of Controversial Questions Regardless of Fine Parliamentary Technicalities.

LOS ANGELES, Cal., May 25.—The Methodist general conference today assigned the sixteen bishops of the church to their respective residences for the next quadrennium, adopted the reports of the Epworth league committee and the committee on book concerns, balloted for editor of the Epworth Herald and held brief memorial services in honor of the memory of some of the leading clergymen who have died within the last four years.

The day was noted for the filibustering of those who were opposed to the report of the committee on consolidation of church benevolences and others who wished to discuss the action of the episcopacy committee in making the assignments of bishops. These persons tried in every way possible under the rules of order to encompass their ends, but were defeated in the end, and both reports were adopted.

Bishop Fowler, who presided at today's sessions, had a strenuous day. He was firm, however, and in many instances ignored parliamentary technicalities entirely. There were appeals from his decisions, but the majority was always with him and sustained his rulings. His good-natured repartee with the objectors kept the conference in a happy frame of mind and convulsed the galleries.

The report of the Epworth league committee made some changes in the government of the society.

Six Want to Be Editor.

There are six candidates for the position of editor of the Epworth Herald, viz: S. J. Herbin, G. H. Trever, A. C. Persell, O. W. Fifer, E. B. Brommett and C. R. Havighurst. It is believed that the ballot taken will show the election of S. J. Herbin when it is announced tomorrow morning. Dr. Herbin is assistant editor of the New York Christian Advocate, of which J. M. Buckley is editor.

Contrary to the expectations of many, the report of the committee on book concerns on the subject of unification was adopted without debate as follows:

First—We approve the general principle of unifying the book concern by consolidating its manufacturing departments and placing them under one official management.

The committee on episcopacy made the following assignment of bishops to the various cities chosen by the conference yesterday as Episcopal residences:

New York—Bishop Fowler.
Boston—Bishop Goodsell.
Philadelphia—Bishop McCabe.
Washington—Bishop Cranston.
Cincinnati—Bishop Spellmeyer.
Buffalo—Bishop Berry.
Chicago—Bishop McDowell.
St. Louis—Bishop Fitzgerald.
Denver—Bishop Warren.
Chattanooga—Bishop Wilson.
Minneapolis—Bishop Joyce.
Portland—Bishop Moore.
San Francisco—Bishop Hamilton.
Shanghai—Bishop Bashford.
Zurich, Switzerland—Bishop Burt.
Buenos Ayres—Bishop Neely.

No Change in Recommendations.

It is unlikely that any changes will be made in the committee's recommendations by the conference.

Discussion of the report upon the consolidation of the benevolent societies of the church exhausted the entire morning session of the conference today and was still before it when the morning recess was taken. A dozen speeches were made for and against consolidation.

Fearing that the conference will not be able to dispose of all the reports now before it Dr. Buckley moved to have a special committee appointed to consider and report the most important of the papers now on hand, but this did not meet with the views of a large majority of the delegates and was promptly voted down.

Another large batch of applications to be excused from further attendance was reported by the committee on credentials and about half of them were turned down by the conference because the excuses given were not deemed to be satisfactory.

The conference was warned by several delegates that if many more members were excused from attendance there would not be a quorum left and the conference would have to adjourn because it would not be able to transact any business.

THINK RACE QUESTION IS AN ISSUE

Cumberland Presbyterians Believe Color Line May Affect Union.

DALLAS, Tex., May 25.—When the general assembly of the Cumberland Presbyterian church met today it was with the hope that the question of church union would be disposed of by tonight.

In the devotional exercises at the opening references were frequently made to the great question at hand, and special pleas were made for Divine guidance in its solution. The debate on the church union was marked with great eagerness on the part of the speakers. The race feature of the question is being strongly emphasized, many delegates holding it as their belief that the diversity of views of the northern and southern churches on this point are too wide for an agreement.

NEGROES NEED WHITE TEACHERS

Such is Opinion of Presbyterians in Session at Mobile.

MOBILE, Ala., May 25.—At today's session of the general session of the Assembly of the Presbyterian church in the United States the report of the standing committee on colored evangelization stated that more colored schools are needed; that more white ministers are needed; also to spread the gospel to negroes in the home mission field, and the importance of having white teachers in colored Sunday schools is emphasized. The report concluded by recommending that the sum of $15,000 be raised for carrying on the work of colored evangelization.

PRESBYTERIANS CHANGE ACTION

Adopt Rule Against Remarriage by Divorced Persons.

BUFFALO, N. Y., May 25.—The General Assembly of the Presbyterian church of the United States today reopened the discussion on divorce and marriage and by a two-thirds vote passed a resolution which puts the Presbyterian church in accord with the stand taken by Protestant churches, but which leaves it unbound by the restrictions of the Roman Catholic church.

Rev. Dr. Young of Pittsburg presented the new resolution, which is practically a substitute for the second section of the recommendations of the committee on marriages and divorce which was eliminated by the assembly on Monday.

General Prime of Yonkers moved to have the substitute of Dr. Young referred to the committee on church policy, but his motion was lost. The substitute reads as follows:

Recognizing the comity which should exist between the denominations of the interchurch conference and believing that it would be desirable and tend to the increase of a spirit of Christian unity, we earnestly advise all the ministers under the care and authority of this general assembly to refuse to unite in marriage any person or persons whose marriage the ministers have good reason to believe is forbidden by the laws of the church in which such person or persons seeking to be married may hold membership.

The denominations concerned are the Protestant Episcopal church of the United States, Presbyterian church in the United States of America, the Methodist Episcopal church, the Baptist churches, the Methodist Episcopal church (south), the Alliance of Reformed churches holding the Presbyterian system, the Synod of the Evangelical Lutheran church, the Reformed church in America, the Congregational church, the Universalist church, the Unitarian church, the Reformed Presbyterian church (general synod) and the Cumberland Presbyterian church.

Sherman & McConnell Drug Co's Confidence in Hyomei.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomei and be cured of catarrh," say Sherman & McConnell Drug Co. When a responsible business house like this comes out and advertises that Hyomei will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomei outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei, and costs but $1.

The inhaler lasts a lifetime and when extra bottles of Hyomei are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomei inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomei is to be paid for or not. If it does not help, Sherman & McConnell Drug Co., corner 16th and Dodge Sts., Omaha, will cheerfully return the money and it will not cost a penny.
