

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammationand escaped an awful operation by using Lydia E., Pinkham's Vegetable Compound.

*Dear Mrs. Pinkham:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes) and ovaritis, which are most distressing and painful ailments, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—Miss Inexe Hargood, 1022 Sandwich St., Windsor, Ont.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from

"Dear Mrs. Pinkham:—I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all bailed to do me any good. My menses did not appear in that time, and I suffered much pain. I would daily have fainting spells, headache, backache and bearing down pain, and was so weak that it was hard for me to do my work.

"I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb troubles left me, and I have been regular ever since. I used fourteen bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave.

"I will always recommend your wonderful remedies, and hope that these few lines may lead others who suffer as I did to try your remedies."—Mas. T. C. WILLADSEN, R. R. No. 1, Manning, Iowa. Such unquestionable testimony proves the power of Lydia E. Pink-ham's Vegetable Compound over diseases of women. Women should remember that they are privileged to consult Mrs. Pinkham at Lynn, Mass., about their illness, entirely free.

Defeat of Reorganisers Makes Him Leader of State's National Delegation.

ANTIS ADMIT LOSS AND CLAIM FOUL PLAY

Hitchcock Looms Up as Third Nationa Delegate from Second District, with Creighton and Smyth.

The Herdman-Howell, or anti-Bryan, fac tion of democrats in Douglas county admits It has 'lost control of the local party or ganization for all purposes during the presthe primaries Wednesday by arranging that the same delegates should serve for the county nominating convention and to choose delegates to the state nominating convention in the fall.

The first result will be that Nebraska will send a solid Bryan delegation to the St. Louis convention, equipped with sultable instructions as to platform and candidates and including Mr. Bryan as the leader. This condition means a great deal to the Nebraskan in his fight to maintain the upper hand in the party and was the reason why he showed such a personal interest in the local primary fight.

Who the third delegate to the national convention from Douglas county will be is not yet determined. Count John A. Creighton has been fixed upon as one district delegate and C. J. Smyth as the other, leaving the question of delegate-at-large at issue.

The defeated reorganizers are deciaring good and sufficient reasons that preclude comb of Broken Bow, in case a populist is the selection of Dunn, while Mr. Metcalte decided upon. says, having announced that he would not go as a delegate, he would not accept the honor under any circumstances. CIVES BRYANTHE WHIP HAND conferred upon Congressman Hitchcock, though he has said he did not want it. Parkhurst of South Omaha is considered out of the running, because the Success league beat him in his own ward.

Thomas J. Flynn of the Second ward is slated for the chairmanship of the county convention Saturday in Washington hall. Flynn did great things for his delegation in the Second and succeeded in beating out the opposition by a narrow margin.

While the reorganizers say they are going to lay down and take their medicine quietly, the leaders are busy getting the South Omaha delegation of thirty-nine lined up to bolt in case any of the delegates from the three wards carried by the Success league there are unseated. It was given out that in this contingency ar rangements already had been made to insure this action, on the ground that it is merely an effort of the Bryanites to "rub " The latter scout the idea, and while asserting there were gross irregularities in two of the ward primaries, say they would prefer to let the matter go by default, as they don't need the delegates and would rather not stir up new trouble.

"We were beat by a campaign of misrepresentation," said one of the reorgan-"The men who have stood the brunt of battle in contests of the past and who transformed the party locally from a disorganized mob into an effective organization, have been deposed. We are willing to let the victors try it for a while and see how they do."

The democratic gubernatorial situation has not been cleared up any by the primaries. Before it is clearly outlined the national convention will be held and it will have an effect upon the conditions of the party in the state.

Many possibilities are mentioned, includ mg W. H. Thompson of Grand Island, J. J. Sullivan of Columbus, C. J. Symth of the man will be either I. J. Dunn, Lysle I. Omaha, A. C. The chances are that there will be more grading and paving done in South Omaha this year than for a number of years past. This statement was made by a city official last night, after looking over a number of petitions already filed for improvements of the nature mentioned. "It seems that in all parts of the city," said Mayor Koutsky, 'that the people want grading and paving done, and it looks now as if this was to be a banner year in the line of improvements

In every section of the city there is a demand for more electric lights and more hydrants. Water hydrants are to be located in the southeastern portion of the city just as soon as the grade on some of the streets there has been established. An extension of water mains is to be made in the southwestern portion of the city also. One of the important matters in connection with paving that is to come up soon is the paving of Thirtieth street from Q to Y streets. A majority of the property owners on this street have signed the petition for this grading and paving, and it is thought that the work can be done this summer. An extension of the pavement on West Q street is desired, but so far the petition for this has not been filed and probably will be withheld until the property owners ascertain Inether or not the street car line will be extended to the city limits, as has been requested.

There is no question now about the extension of the Thirteenth street car line to Missouri avenue and the prospects look good now for the building of a double track through to Harrison street. The only delay in this matter now is caused by the bond attorneys in the east who have been called upon to pass upon the validity of the bond issue to pay for the grading, paving and curbing of South Twenty-fourth street and

New Schlitz Building.

Plans are being drawn for the construction of a building for the Schlitz Brewing company at the southeast corner of Thirtyninth and L streets. City Engineer Beal has set stakes for this building and the grading is to be commenced within the next week or two. It is understood that the new building is to be of brick, of slow burning construction and will be modern in every respect. The cost will be in the neighborhood of \$10,000.

No Inquest Needed.

Coroner Brailey was in the city yesterday afternoon and investigated the death of August Skur. The corener found that of August Skur. The corener round it was a plain case of suicide and did not deem it necessary to hold an inquest. As mains will most likely be interred in the potter's field, as there was no funds left for burial.

Wreck Causes Delay. A street car off the tracks at Twentysixth and Q streets yesterday afternoo caused the cars to stop running around the loop. Cars that went as far as the wreck were compelled to back up and go to the O street Y, where they were seen in the regular run to Omaha. The standard in traffic around the loop caused a large number of people to walk to Twenty-fourth and N streets. The car that slid off the rails was lifted as soon as a wrecking crew could get down from Omaha, but this took a couple of hours.

OMAHA ODD FELLOWS AT WORK Laying Plans to Secure Meeting of the Sovereign Grand Lodge

in 1905.

The Odd Fellows of this city are trying to arrange matters so that the meeting of the sovereign grand lodge in 1905 will be held in Omaha, and at their meeting last night discussed the ways and means of meeting is held here. The session lasts a week and during that time about 50,000 outsiders attend. Last year the meeting was held in Baltimore, and this year it is being held in San Francisco, so it is expected that in 1905 some city in the middle west will be chosen, and up to the present time Omaha has as good an outlook as any. It is expected that \$6,000 will be required for the expenses, a good part of the sum going as prizes to competing drill teams and the rest for hall rent, etc. Last night's work was confined to a rough outline of the plan and next Wednesday the work will be put in motion. The organization looks for help from the merchants of the city and expect no trouble in raising the required amount.
