HAYDEN BROS.

THE cost of a typewriter is not merely the price. You must consider the quality and amount of work it does—or doesn't; the time it saves or loses; and, how well it wears. The lowest-price machine may be mighty expensive in the end, while a higher-price one may pay dividends. A little investigation will show that

The Smith Premier

The World's Best Typewriter
is the most economical writing machine ever made. It not only does the best and speediest work, but it continues doing it without repairs or breakdowns far longer than any other make of writing machine.

DIAMONDS

Remember we have Diamonds in all sizes, from \$5.00 to \$500. Mounted in rings at lowest prices. Should you buy one of us and want your money back at any time within one year we will pay you back nine-tenths of amount paid us.

NOTHING BUT A DIAMOND

will do when you want an engagement ring. The time has gone by when any sort of a set ring is correct for an engagement ring. Now nothing but a diamond will do, and a pure color, perfect stone, at that. Better a small diamond that is true than a larger stone that is not above suspicion. There's one store where you are sure of perfect stones. That one store is

Brown & Borsheim.
