It is be lieved the Japanese did not sustain any greater casualties, but, according to one account, the majority of the Japanese squadron was wiped out. After reaching Salmtsaa, May 29, the Japanese returned to Kuan Dian Sian, apparently not liking the vicinity of the Cossacks, and in view of the possibility of General Rennenkampf bringing up reinforcements. The War office attributes little importance to this engagea Japanese victory.

DAILY SKIRMISHES TAKE PLACE New Chwang Hears that Both Sides Suffer Low in Fighting.

NEW CHWANG, May 31.-Refugees who confinue to arrive here from the southern part of the Liso Tung peninsula report daily fighting there and severe losses for both armies, but the reports are not confirmable officially. The Russians here are depending on the press bulletins for news from that vicinity.

The very lighest Russian authority here while not believing that Port Arthur will fall, admits that its loss would be a terrible blow to the Russian arms. The same authority says Russia may send a large army to the south of New Chwang in the event of General Stoessel being able to hold his own at Port Arthur. This, however, is not possible at present, owing to the positions occupied by the Japanese operating from the Yalu river and Taku Shan. The Russians are not sanguine as to the outlook for Port Arthur. More contraband of war is arriving here Two cargoes of flour and tinned meats and some specie were rushed to Mukden as soon as they were unloaded.

Heavy rains are daily making the roads almost impassable. The Chinese brigands are becoming active.

The cost of provisions inpreases weekly. Many persons are reduced to eating Chinese food and even that is dear. Millet flour costs 38 a bag. Whole streets and several public buildings have been wrecked by Japanese shell fire. The hospitals are packed with sick and

DALNY AT BANDITS' MERCY

Retreating Russians Are Succeeded by Lawless Men, Who Rob and Destroy.

HOLD CHINESE CONTRACTOR FOR RANSOM

Russian Force Desiroys Much Prop erty Before Leaving and Outlaws Terrorize Natives Who Have Left the Place.

CHE FOO, May 31 .- Chinese arriving to night say that the Japanese occupied Dalny

without opposition on last Sunday. Five hundred Chinese refugees from Port Dainy and Talienwan arrived here today. After sifting their conflicting stories it appears that the Russians left Talienwan May 36 for Port Arthur, after burning everything likely to be of use to the Japanese. Bandits later took possession of the town and were pillaging when the Japanese cavalry appeared, May 27. On May 26 the Russians left Port Dalny, previously burning the offices and residences, destroying the railroad and scuttling three merchantmen, the Zeid, Boreia and Nagadan, and all the dredgers and launches. Some of the refugees also say the Russlans destroyed the gunboat Bogatyr, which is believed to have taken part in the battle of Thursday last at Kin Chou, and three torpedo boats. Others say the vessels re-

turned to Port Arthur, The dooks and piers at Dainy were not destroyed. Bandits occupied the city after the Russians left and levied tribute on the inhabitants, 'A Chinese centractor, who had built most of Dainy for the Russians, was held for ransom and his clerks killed. The town was still burning May 28, when the refugees started for Che Foo. The Japanese had not appeared at Dalny up to that time

One junk which was leaving Dalny was sunk by bandits and fifty persons were drowned.

The Chinese who have arrived here did not leave Dainy or Talienwan because they were afraid of the Russians or Japanese. They fied from the bandits who en tered those towns.

SUMMARY OF CROP CONDITIONS

Weather is Having an Unfavorable Effect in Some States. WASHINGTON, May St .- The weekly summry of crop conditions lasued by the

mry of crop conditions issued by the weather bureau today follows:

With the exception of the northern Rocky mountain region and upper Missouri and upper Mississippi valleys, where the early part of the week was too cool, the temperature of the week spding May 30, was favorable in all districts and especially to the Mississippi river and in the west gulf states. Oktanoma and portions of fowa, Missouri, Wisconsin, Dhio and Pennsylvania have suffered to some extent from excessive moisture, while drought continues over a large part of the south Atlantic and east gulf states.

Well distributed and beneficial rains fell over the greater part of Texas and the central Rocky mountain slope. Light frosts occurred in Wisconsin, and heavy damaging frosts in Montana, Idaho and the eastern portions of Oregon, and Washington. Continued northerly winds caused considerable damage to fruit and possibly injured grain in California. Rain is generally needed on the north Pacific coast.

Except in the more northerly section where corn planting is much delayed, this work has progressed under favorable conditions, but the reports indicate that a large amount of replanting will be necessary throughout the central valleys and lake region, due in part to poor seed. Cutworms are causing much damage in the Ohio valley and middle Atlantic states. A general improvement is indicated in the southern states, where the crop is largely laid by having reached the earing stage in the west gulf states.

A general improvement is the condition weather bureau today follows:

general improvement is indicated in the southern states, where the crop is largely laid by having reached the earing stage in the west gulf states.

A general improvement in the condition of winter wheat is indicated, the report states, the condition of the crop continues very poor in the Ohio valley. Harvest is in progress in the southern states. On the north Pacific coast, winter wheat has done well, except in portions of eastern Washington, where it has been injured somewhat by frosts. In California the crop is maturing rapidly.

Eagly sown spring wheat is coing nicely, and the general outlock for this crop in the spring wheat region is promising. Some fields in South Dakota, Lowever, are weedy, and in North Dakota it has not germinated well. On the north Pacific coast, early spring wheat is doing well, but rain is needed for the late sown.

BRYAN MEN SHORT ON CASH

Democrats Who Wen at Primaries Ocnfronted by F scal Problem.

NO MONEY FOR CONVENTION HALL RENT

Intend to Hold State Meeting at Orpheum, When Peerless Lender Will Be the Whole Thing.

A problem of no small proportions is worrying the victorious Bryan democrats in Omaha. It is the wherewithal to pay for the rent of the Orpheum theater. In which a state convention is to be held Wednesday afternoon at 2 o'clock. Having just as sumed command of the Douglas county forces the Bryanites have nothing in the treasury upon which to do business. Chair man Wyatt of the new committee was out scurrying for funds and the urgent need for each was exemplified in his appeals to democrats classed as foes of Bryan.

Provided the rent is raised, the convention will be called at 2 p. m. in the Orpheum theater, with nothing in sight re notely resembling a contest and with W. I. Bryan as the whole thing. All the delegates, 1.065 in humber, have

to do is to select four detegates-at-large and two from each of the six senatoria districts to represent Nebraska at the St. Louis convention. July 6; adopt a platform and recommend a national committee man from Nebraska, although this latter may be left to the delegates. Bryan Will Be It.

Mr. Bryan will be present to make speech and present the platform he has written, while Representative Cochran of Missouri will orate and say about Mr Bryan what Mr. Bryan cannot with modesty say about himself. State Chairman P. L. Hall of Lincoln

will call the convention to order and H. H. Hanks of Otoe county, a defeated candidate for congressional honors in the First district, will be chairman, and, in the opinion of the most prominent members of the party, permanent chairman.

"There is no contest and no reason to suppose that Hanks won't be made permanent chairman," said a leader last night. Probably, should Hanks not be so elected, State Chairman Hall of Lincoln will be placed in the position.

There seems to be no doubt of the reelection of James C. Dahlman as national committeeman from Nebraska. He has been so endorsed by the Douglas county democrats and no one seems to think his election will be seriously opposed. New State Committee.

A prominent Bryan man said last night when the nominating convention met in all probability the entire state committee would be changed, but no such work would be taken up by the convention which meets

This is the third democratic state convention to be held in Omaha within recent years. One of the others was in 1894. when Euclid Martin and other "simonpure" democrats led a bolt from the convention hall and met in the Paxton hotel, where a state ticket, headed by T. W. Sturdevant for governor, was placed in the field. The bulk of the delegates under Bryan nominated the populist, Holcomb, for governor. In 1890 the democrats met in state con

vention in the Boyd theater and nominated James E. Boyd for governor. It was at this convention that T. J. Mahoney made his famous anti-prohibition speech ENGINEERS FILL, ONE OFFICE in reply to J. D. Calhoun of Lincoln and famous declaration, "God hates a coward." Neither T. J. Mahoney or Euclid Martin is going to have anything to do with the convention today, however. Theirs is the attitude of the very much aloof and the

There was a good attendance, every township and precinct but one being represented. S. S. Van Horn was chosen chairman and William Warnke of Scribner secretary. D. V. Stephens and Charles Arnott of Fremont and Luke Mindy of Union were appointed a committee on resolutions. While the committee were preparing a report Hon. G. L. Loomis was called for and spoke at some length on the revenue bill. The committee on resolutions submitted their report, which strongly endorsed Mr. Bryan, the platforms of 1896 and 1900 and instructed the delegates to the state convention to support him for delegate-atlarge to the St. Louis convention; demned the revenue bill and demanded that railroads should be valued at the amount of the market value of their stocks and bonds. The resolutions were adopted without opposition, only a few weak noes being

On motion of Charles Arnott, Dan V. Stephens was endorsed for delegate to the national convention. Henry Locschen of Hooper moved that the delegates to be elected be instructed to present the name of George L. Loomis for national committeeman. Mr. Loomis said he was not an aspirant for the place and the motion was withdrawn. The convention then adjourned to 1:30.

The convention elected the following delegates to the state convention at Omaha D. V. Stephens, C. Inches, S. S. Van Horn, Robert Miller, M. C. Farrell, C. M. East, C. Schneider, H. H. Looschen, Pat Tulley,
