40 PER CENT OF THE ADULT POPULATION SUFFER FROM ONE PAINFUL AILMENT.

Think what this means. Imagine the amount of misery that exists and is endured simply because people do not know there is an absolute cure.

The only way to cure any complaint is to remove the cause. There are very few diseases or ailments that can be cured by external application—and piles is not one of them. Piles can be cured; the treatment must, however, be internal, for the cause of piles is an internal disorder of the liver or the bowels. Even catarrh of the stomach and bowels can be cured by DR. PERRIN'S PILE SPECIFIC, The Internal Remedy.

Dr. C. A. Perrin, Helena, Mont.—Dear Sir: I have nearly finished the former bottle of Perrin's Pile Specific and am practically well. My case was one which most physicians would have pronounced incurable, as I was afflicted with a dysentery and compelled to go to the toilet from three to five times each day and each time would bleed from one-half to one teaspoonful. I had to resort to bandages and absorbent cotton to check the flow of blood, and now the past ten or twelve days there has been no sign of bleeding and my appetite is good; have gained ten pounds in weight and feel like a new lease of life was given me.

Very truly yours, T. R. HARRIS, Yerington, Nev. October 20th, 1902.

Dr. Perrin's Pile Specific is sold by all reliable druggists at \$1.00 the bottle, under an absolute guarantee to refund the money should this great internal remedy fail to cure.

FRANCE WILL USE INFLUENCE

Efforts to Settle Morocco Kidnaping Affair Diplomatically.

UNITED STATES MAKES GOOD IMPRESSION

Request in Pardicardis Affair First Distinct International Recognition Since the Treaty of French Rights.

PARIS, June 1.—The request of the United States for the co-operation of France in bringing about the release of Ibn Pardicardis and Cromwell Varley has produced a very favorable impression at the Foreign office here, where much significance is attached to the request, as embodying the first distinct international recognition of France's paramount influence in Morocco. It is expected that this will lead to a more emphatic exercise of French authority over Morocco, with the view of suppressing lawlessness and the protection of foreigners, but the nature of the future steps is not announced pending the negotiations on the subject. Ambassador Porter called at the Foreign office today and conferred with Foreign Minister Delcasse relative to the Washington cabinet.

Yesterday Mr. Delcasse said negotiations were proceeding at Tangier and Pez, the chief reliance being placed in the sultan's yielding before the united representations of France, Great Britain and the United States. The Franco treaty, discussing the action of the Washington cabinet, makes a strong appeal to the French government to adopt decisive measures to end the brigandage, pillage and anarchy in Morocco, and calls attention to the clause in the Franco-British treaty which France undertakes to guard the tranquility of Morocco.

Future Policy of France

The paper declares the French policy henceforth should be one of energetic action, which should rescue Morocco from its chronic condition of anarchy and barbarism. The officials speak approvingly of the Franco suggestion as indicating a general acceptance of the view that France has the right to insist on order in Morocco. However, it is recognized that such steps must necessarily be cautious, owing to the claims and interests of other powers, particularly Spain, in Morocco.

Minister Delcasse, in conference with Ambassador Porter this afternoon, said that exaggerated rumors concerning France's intention to make a naval demonstration or to take other radical action were purely fanciful. Assurances were also given that the United States did not intend to adopt radical steps pending French efforts to settle the matter diplomatically.

Other Natives May Kidnap

WASHINGTON, June 1.—It is stated at the State department that several days will elapse before the result of the reports of the French agents in Morocco, which indicate the capture of the Moroccan bandits, can be known. Reports that other tribal chieftains are talking about kidnaping Europeans tend to confirm the officials here in their original reluctance to compound robbery by paying ransom and thus encourage the bandits.
