The Above Illustration Shows the Remarkable Effects of This Wonderful Obesity Food—What It Has Done for Others It Will Do for You.

Excess fat is a disease. It is caused by imperfect assimilation of food. Nutrition which should go into muscle, bone, brain and nerve does not go there, but piles up in the form of superfluous fat, which clogs the human machinery and compresses the vital organs of the body and endangers health and life.

My new Obesity Food, taken at mealtime, compels perfect assimilation of the food and sends the food nutriment where it belongs. It requires no dieting or starvation process. You can eat all you want, it makes muscle, bone, sinew, nerve and brain tissue out of excess fat, and quickly reduces your weight to normal.

No dieting, exercise or exertion is necessary. My natural, scientific Obesity Food does all the work. You will feel a hundred times better the first day you try this wonderful home food.

## DOCTORS FOR MEN

Many men are working every day who are not sick, but have a peculiar weakness. These men are weak, nervous, debilitated, slow, poky, languid and tired out. They lack courage, self-confidence and have lost the fire and strength of youth. Thousands of men are prematurely old and diseased through excesses or unnatural drains, which sap the very foundation of life, destroy their health and strength, leaving them a physical, mental and sexual wreck.

Some men contract disease by being indolent and others inherit weakness and suffer for the shortcomings of their parents, dragging themselves through a life of decrepitude because they are trying to conceal the serious errors committed. Strength can no more proceed from weakness than pure water from a polluted fountain.

Mental activity, muscular strength and vital power are essential to success in life. Nature intended you to be strong, robust and healthy. You have the physique, the constitution, but perhaps you have transgressed nature's immutable law and are paying the penalty and are not infatuated with the vim, vigor and vitality to be expected in a person of your age.

For the speedy cure of the disease that so indeliciously destroys the intellect, strength and very manhood, secure the services of the eminent specialists connected with the State Medical Institute. They will stop these unnatural drains with their terrible results and restore to sound health the pitiable victim of neuro-sexual debility, brain fatigue and wrecked manhood.

**WE CURE QUICKLY AND THOROUGHLY**  
Stricture, Varicocele, Emissions, Neuro-Sexual Debility, Impotency, Blood Poison (Syphilis), Rectal, Kidney and Urinary Diseases, and all diseases and weaknesses due to inheritance, evil habits, self-abuse, excesses or the result of specific or private diseases.

## DENNISON IS PUT ON BONDS

### WRIT OF HABEAS CORPUS APPLIED FOR

### Injunction Dissolved and Judge Day Will Hear Arguments on Sufficiency of Requisition and Warrant of Arrest.

Thomas Dennison appeared before Judge Day in the criminal session of the district court at 10 yesterday morning, nominally arrested by United States Marshal Christian of Iowa, on the strength of the extradition papers granted Friday by Governor Miley, whereby the right is claimed to take Dennison back to Iowa to stand trial on the charge of being a fugitive from justice. His appearance in court here also was by the agreement of the attorneys in the case in order that Dennison's counsel might submit to the court an application for a writ of habeas corpus, which was promptly done. The injunction against Christian and Elmer E. Thomas to prevent them from taking Dennison to Iowa last night was dissolved by Dennison's appearance in court and his surrender to the marshal. This injunction was granted by the court at a late hour Friday afternoon on the petition of Dennison's counsel in order that the Iowa authorities should not take advantage of the court's not being in session last night and get him out of the state without his having had a chance to file an application for a writ of habeas corpus.

In his application for the writ of habeas corpus Mr. Dennison sets up, first, that he is a bona fide resident of the state of Nebraska for more than fifteen years and that he is held, detained and imprisoned, in violation of his constitutional rights, by one George N. Christian, under and by virtue of an executive warrant issued by the governor of the state of Nebraska, who purports to authorize the transportation of the petitioner to Harrison county, Iowa, there to be turned over to the authorities to be tried on the charge of receiving and aiding in the concealment of \$18,000 of diamonds stolen from the person of William G. Pollack by Sherman W. Morris, alias Frank Shurcliffe.

Denies Being Fugitive or Guilty. The application further alleges that all the proceedings thus far taken relating to the extradition of Dennison are null and void, because it has not been shown by competent evidence that the petitioner is a fugitive from justice from Iowa or had committed any crime in that or any other state; and that it has not been shown that he fled from the state of Iowa; that the executive warrant issued by the governor of the state of Nebraska is void because issued in violation of the constitutional rights of the petitioner; that the petitioner is wholly innocent of the crime charged in the indictment found by the Iowa grand jury; that the constitution and laws of Iowa in this case do not authorize the requisition by the governor of Iowa; that the constitution and laws of Nebraska do not allow the issuance of the executive warrant by the governor of that state; that it appears on the face of the indictments that the statute of limitations of the state of Iowa has run against the alleged crimes; that a copy of the indictments has not been presented to either of the governors, but that the purported copy which formed the basis of the requisition is not a true copy; that copy is insufficient to justify or authorize the extradition under federal laws; that one Elmer E. Thomas conspired with the petitioner and other evil disposed persons for the sole purpose and reason of bringing your petitioner into disrepute and casting aspersions upon his integrity, wrongfully procured indictments to be procured against your petitioner and wrongfully induced the issuance of said requisition and executive warrant for the purpose of annoying and vexing your petitioner and bringing him into disrepute and public contempt, and for political reasons, and in no wise and in no manner for the purpose of bringing him to trial for the alleged offenses set forth in said copy of said indictment, and in no wise and in no manner for the furtherance of justice.

### HEAD OF EGYPT'S RAILWAYS

Divisional Locomotive Superintendent Comes on Business for His Country at St. Louis World's Fair.

R. Peacock, who is divisional locomotive superintendent of the Egyptian state railways, is in the city, registered at the Paxton hotel. One of the main objects of Mr. Peacock's presence in this country is for the purpose of bringing to the St. Louis exposition four models of some of the railways now in operation in the far-off land which he makes his home. These models he has already turned over to the fair directors and seen to the proper placing of them. Now with his wife he is making a tour of the United States for pleasure and observation purposes. Mr. Peacock has about 3,000 miles of railway along the Nile under his supervision, the principal stations of the road being in Alexandria, Cairo, Port Said, Suez, Luxor and Assuan. The railroads of Africa are gradually being extended north from Capetown and south from Egypt until they are now within 2,000 miles of a meeting.

## JAPS SEE MANY FUNNY THINGS

### Unusual Experience Excites Wonder Among Troupe from Tokio

### Theater.

"Quite possibly it is again once more the honorable sea," said the oriental Miss Shiu Takasawa. Miss Shiu Takasawa was getting her first peep at the Great Muddy down through the buildings beyond the Union station, in the direction where Mr. Her's extension of Marcy street will run. Yetji Anraku San, who is the manager of a great international weekly in New York and speaks the English, told on Miss Shiu Takasawa. Indeed, the young lady could not be expected to know directly the sawdust running river, for Nippon has not such unusually large water, and the young lady had already traveled since San Francisco many distances and could be expecting soon other salt water.

While Yetji Anraku San (san is honorable mister) was explaining to the oriental Miss Shiu Takasawa approached timidly with an attempt to look bold, and protected herself behind his arm. Later she looked on boldly with an attempt to look timid.

All of these things took place yesterday evening at the Union station between 5:30 and 6:00, when they will perform a comedy of the west, and 6 o'clock, when the Wabash train pulled out for St. Louis. During this time the great and only Kushi-biki and Aral company of Japanese actors, direct from the theaters of Tokio, rested a little from their tiresome journey to the World's fair, where they will perform twice daily in the Japanese theater. Forty-six there are of these oriental actors—thirteen men and thirty-three girls. The feature of their production is the Miyako Odori, which is a great dance, employing the full strength of the Geisha troupe. B. N. Namura of Tokio is also one of those who will stop at the hotel, as he is a dancer. S. Yamasaki is another good actor. There there are a whole car full of nice little girls with names that look like a barbed wire fence after a cyclone has walked through it. The women of the company were dressed in the characteristic costumes of Japan and an interested crowd stared at them long, with the barbaric curiosity of the west.
