THOMPSON, BELDEN & Co.

Y. M. C. A. Building, Corner Sixteenth and Douglas Sts.

contact with a detachment of chasseurs, who succeeded in firing eight volleys at a fixed range into the squadron, which fell back, having suffered considerable loss. While retreating, the Japanese and the front guard which had advanced, and the Japanese retreated in disorder. Our dragons came up at this moment, but owing to topographical conditions they could not participate in a part of the front, but fired on the enemy from the heights north.

skirmish which took place on the 2d instant thirty Japanese soldiers and one lieutenant were killed and three men were severely wounded. The Russians in retreating burned a number of Korean villages. The natives, seizing old flint locks and weapons of all sorts, attacked the Cosacks, killing two and wounding several. There are about 2,000 Japanese troops at Gensan. The merchants there have not left.

OFFICER ISSUES FEWLE DEFIANCE. Russian Note from Dead Japanese Sailor on Wrecked Vessel. PORT ARTHUR, June 6.—Among the documents found on the steamer Yeddo, one of the vessels sunk at the mouth of the harbor, the following defiance was discovered fastened on the rail of the bridge: "Remember, my dear Russian sailors, my name is Lieutenant Commander Kerlo. This is my second visit; my first was on the Kosoku. I will come again." This threat was not carried out, however, as Kerlo was found among the dead.

PROMOTION FOR JAPANESE OFFICERS. LONDON, June 6.—A dispatch to the Central News from Tokyo says a number of promotions for services during the war were announced today, including the advancement of Vice Admiral Togo and Yamamoto to the rank of admiral.

TWO DROWNED IN THE FLOODS. Several Others Injured by the Collapse of a Building at Terry.

DEADWOOD, S. D., June 6.—(Special Telegram.)—While the waters of White-water creek have fallen to a considerable extent, they are still high enough to completely isolate the city, the mail from surrounding towns and camps being brought in over the mountains on pack horses. The first estimate of the damage to the city is about correct, while that to the surrounding camp and country may aggregate a trifling more. At Terry on Saturday night the dam of the Horse-Shoe Mining company broke, letting the impounded waters come with a rush through the main street of the camp. The flood struck a building in which were eight men, two of whom, disoriented by the door and plunged into the stream in their excitement, and were taken down with the water and drowned. Their bodies were recovered this morning. The building collapsed and the others were badly injured, one man having his leg broken, while the rest were badly injured.

LOOKING FOR LAMSDORFF'S HEAD. War Party Urges Recent Attache to Parter Political Ends.

ST. PETERSBURG, June 6.—(Special.)—Members of what is known as the war party are attempting to use the assault perpetrated on Foreign Minister Lamsdorff last week to render Count Lamsdorff's position untenable. With this end in view they are helping spread exaggerated accounts of the incident. There is no reason at present to believe that they will succeed. But as a result of their propaganda, Count Lamsdorff's prospective retirement and the name of the possible successor. A prominent ambassador said: "Count Lamsdorff has the tact, knowledge, skill and calm, dispassionate judgment which the present crisis requires for his high office, which is essentially one of conciliation. He opposed the war and did everything possible to prevent it. Perhaps it is not unnatural if he has incurred the hostility of the war faction. My colleagues consider it extremely unfortunate if the attack of an irresponsible man should lead to his relinquishment of his portfolio."

DESIRE CHINA TO RULE LAND. Assurance that Japanese Would Have Peking Control in Manchuria.

TIENTSIN, June 6.—M. Uchida, the Japanese minister to China came to Tientsin yesterday from Peking in transit. The victory and returned to the capital today. Japan, it appears to be confirmed, is trying to induce China to occupy the territory conquered from Russia, thus involving China into a breach of neutrality and giving Russia the opportunity of attacking China, who claims it will maintain its neutrality until the termination of the war.

American Tries to Beom Trade. VLADEVOSTOK, June 6.—United States Commercial Agent Richard T. Greaser has caused to be published in the local newspapers for the benefit of the native merchants the provisions of the treaty of 1854 between the United States and Russia respecting neutrality of goods in transit. The publication was made with a view to facilitating trade, which is almost paralyzed.

Loss at Gensan. SEOUL, Korea, June 6.—The Japanese consul at Gensan wires that during the

BRITISH NEED BATTLESHIP

American Officer Says British Minister Has Called for One for Tangiers.

SULTAN MAY COME TO THE COAST TOWN. Admiral Chadwick Advises Navy Department that United States Force of Morocco Should Not Be Reduced.

WASHINGTON, June 6.—Rear Admiral Chadwick, in a cablegram to the Navy department today, said that the British minister at Morocco had requested the English government to send a battleship to Tangier, and gave the information that the sultan of Morocco was expected to arrive at Tangier. The admiral advised the department further that the general opinion in Tangier was that the naval forces in the harbor should not yet be reduced.

The feeling prevails at the State department that yesterday's marked crisis in Tangier so far as relates to the possibility of a Moorish uprising growing out of the large foreign fleet in the harbor. It was the end of a period of devotional worship which invariably inflames the fanatical spirit of the Moors to the highest degree, and now that the crisis has passed without an outbreak it is said here that pressure will soon be reported in the matter of securing the release of the captives, Perdicaris and Varley.

The Navy department sees no occasion to diminish the naval force at Tangier, notwithstanding the several suggestions that such a course would be beneficial have appeared in the European press. However, this matter has been left in the hands of Admiral Chadwick.

GIBRALTAR, June 6.—The British battleship Prince of Wales sails for Tangier tomorrow. The other ships of the British Mediterranean squadron, which were to have sailed for Italy today, have been ordered to remain here.

It is reported that the French Mediterranean squadron is on its way to Tangier.

Spanish Ships for Morocco. PARIS, June 6.—Referring to the dispatch from Malaga, saying that the Spanish battleships "Pelayo" and "Numancia" and the armored cruiser "Cardenal Cisneros" had sailed for Tangier, the Foreign office here says it received a denial of a similar report previously published, but is not aware whether the warships have gone to Morocco.

The rumors current in Madrid that the European powers have exchanged notes relative to restricting American operations in Morocco are discredited by the Foreign office.

LONDON, June 6.—The fears expressed at Madrid that the action of the United States in sending a fleet to Tangier was due to the American desire for a port on the west coast of Morocco and the rumors of the Spanish capital of an exchange of notes between the European powers with the view of obtaining assurances that the American action was not intended to interfere with the Spanish fleet, are not shared and are not confirmed at the Spanish embassy here, nor has Ambassador Curie heard anything of the exchange of notes mentioned by La Correspondencia de Espana. The Spanish government appears to be acting in perfect harmony with Great Britain and the United States and no apprehension is expressed in Spanish official circles that the United States has any designs except to ensure the safety of Mr. Perdicaris, an American citizen, who is a passenger on the Spanish battleship Pelayo and other Spanish vessels to Tangier. It is pointed out at the Spanish embassy, was rendered essential by the large number of Spanish subjects resident both in Morocco and in the Spanish provinces on the west coast of Africa. Some fears are expressed that a general rising in Morocco might ensue in the event of any heavy action by an outside power, but it is believed if France is not hampered it will be able to secure the release of the captives.

The rumor of the suggested sale of the Philippine islands to Japan receives no credence here.

Railway Notes and Personalities. J. O. Phillippi, assistant general freight agent of the Missouri Pacific, has gone to Chicago. J. Wilson, superintendent of the Rock Island at Fairbury, and wife spent Sunday in Omaha. J. Mills, ticket agent of the Illinois Central, spent Sunday with friends in St. Louis.

James Cullen, commercial agent of the Illinois Central, is spending a few days in the city. Mr. Cullen is on his way home from Chicago. He is expected to be in St. Louis on Monday. President Stokely of the Great Western probably will be in the city today. It is believed he is coming here to open negotiations for beginning work on the new freight depot to be erected by the company near Sixteenth and Leavenworth streets. The grading for the terminals is almost completed. Work will be begun within a few days.

All of the general managers of the Harriman lines west of the river, including General Manager of the Great Northern, Short Line, General Manager Markham of the Southern Pacific, General Manager of the Oregon Railway and Navigation company and General Manager Mohler of the Union Pacific, are now in Chicago. They are expected to be in the city on Monday. The Harriman line will be at the meeting. The opinion is that the meeting has been called to consider routing matters connected with the operation of the system.

The new folder which has been in course of preparation by the Union Pacific descriptive of the Kinkaid homestead act is off the press and ready for distribution. The folder is very artistically gotten up and gives a text of the act, an explanation of the bill and very fully describes the information of value to anyone considering the taking of a homestead under the law. A large map showing the land open for entry which is tributary to the Union Pacific and also the location of the homestead tract which is for sale by that company is made a part of the folder, so that a person desiring to enter the land subject to entry is located.

The employees of lines west of the river are somewhat uncertain at present as to whether they will have to pay their fares or walk to the river. They have agreed that all employees who visit the big show will have to go before August 1. If they adhere to the lines west of the river they will have to pay their fare. No order has as yet been issued from the headquarters of the company regarding the matter.

School Teachers for Sturgis. STURGIS, S. D., June 6.—(Special.)—The Board of Education of this city has elected Prof. J. C. Roberts to the position of assistant principal of the Sturgis schools. Miss Helen Osmothery resigned as one of the teachers for the next term and Miss Emma Cummings of Edgemont was engaged to fill the vacancy. It being necessary that an extra teacher be engaged, the board engaged a Miss Leach of Colorado. Myra Peters of Deadwood was engaged as vocal instructor for two days in the week.

Odd Fellows' Lodge at Westington. HURON, S. D., June 6.—(Special.)—A large delegation of Odd Fellows went to Westington last evening and instituted a lodge of the order there. It is called Evening Star No. 157, and starts out with twenty-six members. Grand Secretary Harvey J. Rice conducted the ceremonies and the Huron team did the work. Delegations were also present from St. Lawrence and Virgil.

Newspaper Change at Fairfax. SIOUX FALLS, S. D., June 6.—(Special.)—The Sun-Review, a weekly newspaper published at Fairfax, has been added by V. A. Torrey to Kirtright & Rogers, who will have charge of it in future.

SOLDIER ON SERIOUS CHARGE

Private in Tenth Cavalry on Trial for Intent to Kill.

SAID TO HAVE STABBED HACK DRIVER. Judge Carlund Sits on Equity and Judge Mungen on Criminal Bench in Federal Court.

The United States circuit and district courts convened yesterday with Judge Carlund presiding in the equity court in room No. 1 and Judge Mungen in the district court in room No. 2.

The first case set for hearing on the equity docket was that of the Northwestern Mutual Life Insurance Company against Connell et al, but owing to the fact that the case was not yet ready for trial it was placed for later hearing in the term. In the afternoon the case of the H. F. Branner Manufacturing Company against the International Manufacturing Company, an injunction to restrain the plaintiffs from manufacturing certain washing machines in the city of Omaha, was heard before Judge Carlund.

In the district court the case of the United States against Arthur Smith, a private of Troop L, Tenth United States Cavalry, charged with stabbing with intent to wound and kill one Roy Matney, a hack driver, on the Port Robinson military reservation, is on trial and occupied the entire day. United States District Attorney Baxter and Assistant Attorney Rush looked after the prosecution and Judge W. W. Bababach for the defense.

History of the Case. The case is one where Smith while riding in a hack from Crawford, Neb., to Forest Robinson got into an altercation with the driver, Matney, which culminated in the cutting affray at the fort on the night of February 11. Matney was at first supposed to be fatally injured, but later recovered from his wounds. About a dozen witnesses are to be examined in the trial.

The next case to come up for trial in the district court is that of the United States against Edward Gordon, charged with robbing the postoffice at Newcastle last winter. Gordon will be defended by John M. Macfarland of Omaha.

It is the intention of the district attorney to finish up the minor criminal cases, especially those where the accused are now lying in jail or are under bonds, before taking up the land fencing cases and the Colby case. This latter case has been set for hearing for June 28. No specific date has yet been set for the Bartlett Richards land fencing case, though it is intended, if they can be reached, to bring all of these cases to trial during the present month.

The members of the petit jury not engaged in the trial of the Smith case have been excoqued until Tuesday morning at 9 o'clock.

REPUBLICANS CARRY OREGON

Congressional Candidates Elected by Heavy Majorities.

DEMOCRATS CONCEDE THE ELECTION. Congressman Herrman Wins by About 7,000 and Williamson Carries His District by Even Larger Majority.

PORTLAND, Ore., June 6.—At nine o'clock tonight it is conceded that the republicans have elected their congressional candidates by heavy majorities. Congressman Binger Herrman, of Roseburg, the republican candidate, has probably carried the district over R. M. Veatch, democrat, by from 5,000 to 7,000. John H. Williamson, of Prineville, the republican candidate in the second district, will carry the district by probably 10,000 over J. B. Simmons, democrat.

The Bee Want Ads Are the Best Business Boosters. THOMAS W. BLACKBURN SUED. Made Defendant in Action for Recovery of Note Where Interest Exceeded Principal.

Samuel S. Curtis, as receiver of the defunct McChugue Savings bank, has brought suit against Thomas W. Blackburn for the recovery of two notes, one for \$300 and one for \$100, both signed by T. W. Blackburn and Susan J. Blackburn, his wife, since deceased. The first note is under the date of June 2, 1891, and promises to pay \$300 within two years from date with interest at 10 per cent annually both before and after maturity. On the first note \$25 was paid June 22, 1892, and aside from this payment the interest and principal, amounting to within the vicinity of \$1,000, is alleged to still be due.

New York Firemen Injured. NEW YORK, June 6.—The seven-story drug warehouse of McKesson & Robbins on Ann street was damaged \$100,000 by fire today. Three firemen were injured.

The Bee Want Ads Are the Best Business Boosters. FIRE RECORD. Much Virginia Tobacco. RICHMOND, Va., June 6.—A fire in the tobacco district of Danville destroyed three warehouses and 4,000,000 pounds of leaf tobacco. The American Tobacco company was the lessee of the buildings. The estimated loss is \$300,000, covered by insurance.

Commission at St. Louis. ST. LOUIS, June 6.—The Interstate Commerce commission, with Commissioners J. C. Clements, J. D. Yoeman and C. A. Prouty present, convened in the court of appeals chamber at the federal building for the purpose of investigating a charge by the Texas Cattle Growers' association to the effect that the rates from Texas points to St. Louis, Chicago and Kansas City are excessive and unreasonable.

Cotton Reaches Low Mark. NEW YORK, June 6.—The cotton market opened weak and July sold off to 11 1/16, or the lowest point so far, since the decline started.
