Done for Him-"I am now in my 73d year and have served God fearlessly and to the best of my ability in my chosen calling. For more than forty years I have been afflicted with dyspepsia and nervous prostration. At times I would get so run down constitutionally through overwork as to be disqualified entirely from discharging my ministerial duties. The older I grew the more the disease semed to prey upon me. The most noted physicians falled to prescribe any medicines that benefited me. I could neither eat nor sleep, and for more than two years I had to take sleeping powders every night.

"In the brief period of two days I found that it began to help me. It gave me strength, aided my digestion, settled my nerves and I have gained ten pounds since taking it.

"It thank God there is such a medicine to be had, and recommend all people with weak, broken-down constitutions, and nervous people expecially, to use it. I feel that it will help them. I will be glad to answer any o.r.munications in regard to the healing virtue of your preparation. I am a temperance man, and I do not think my position in this matter will be misunderstood."
